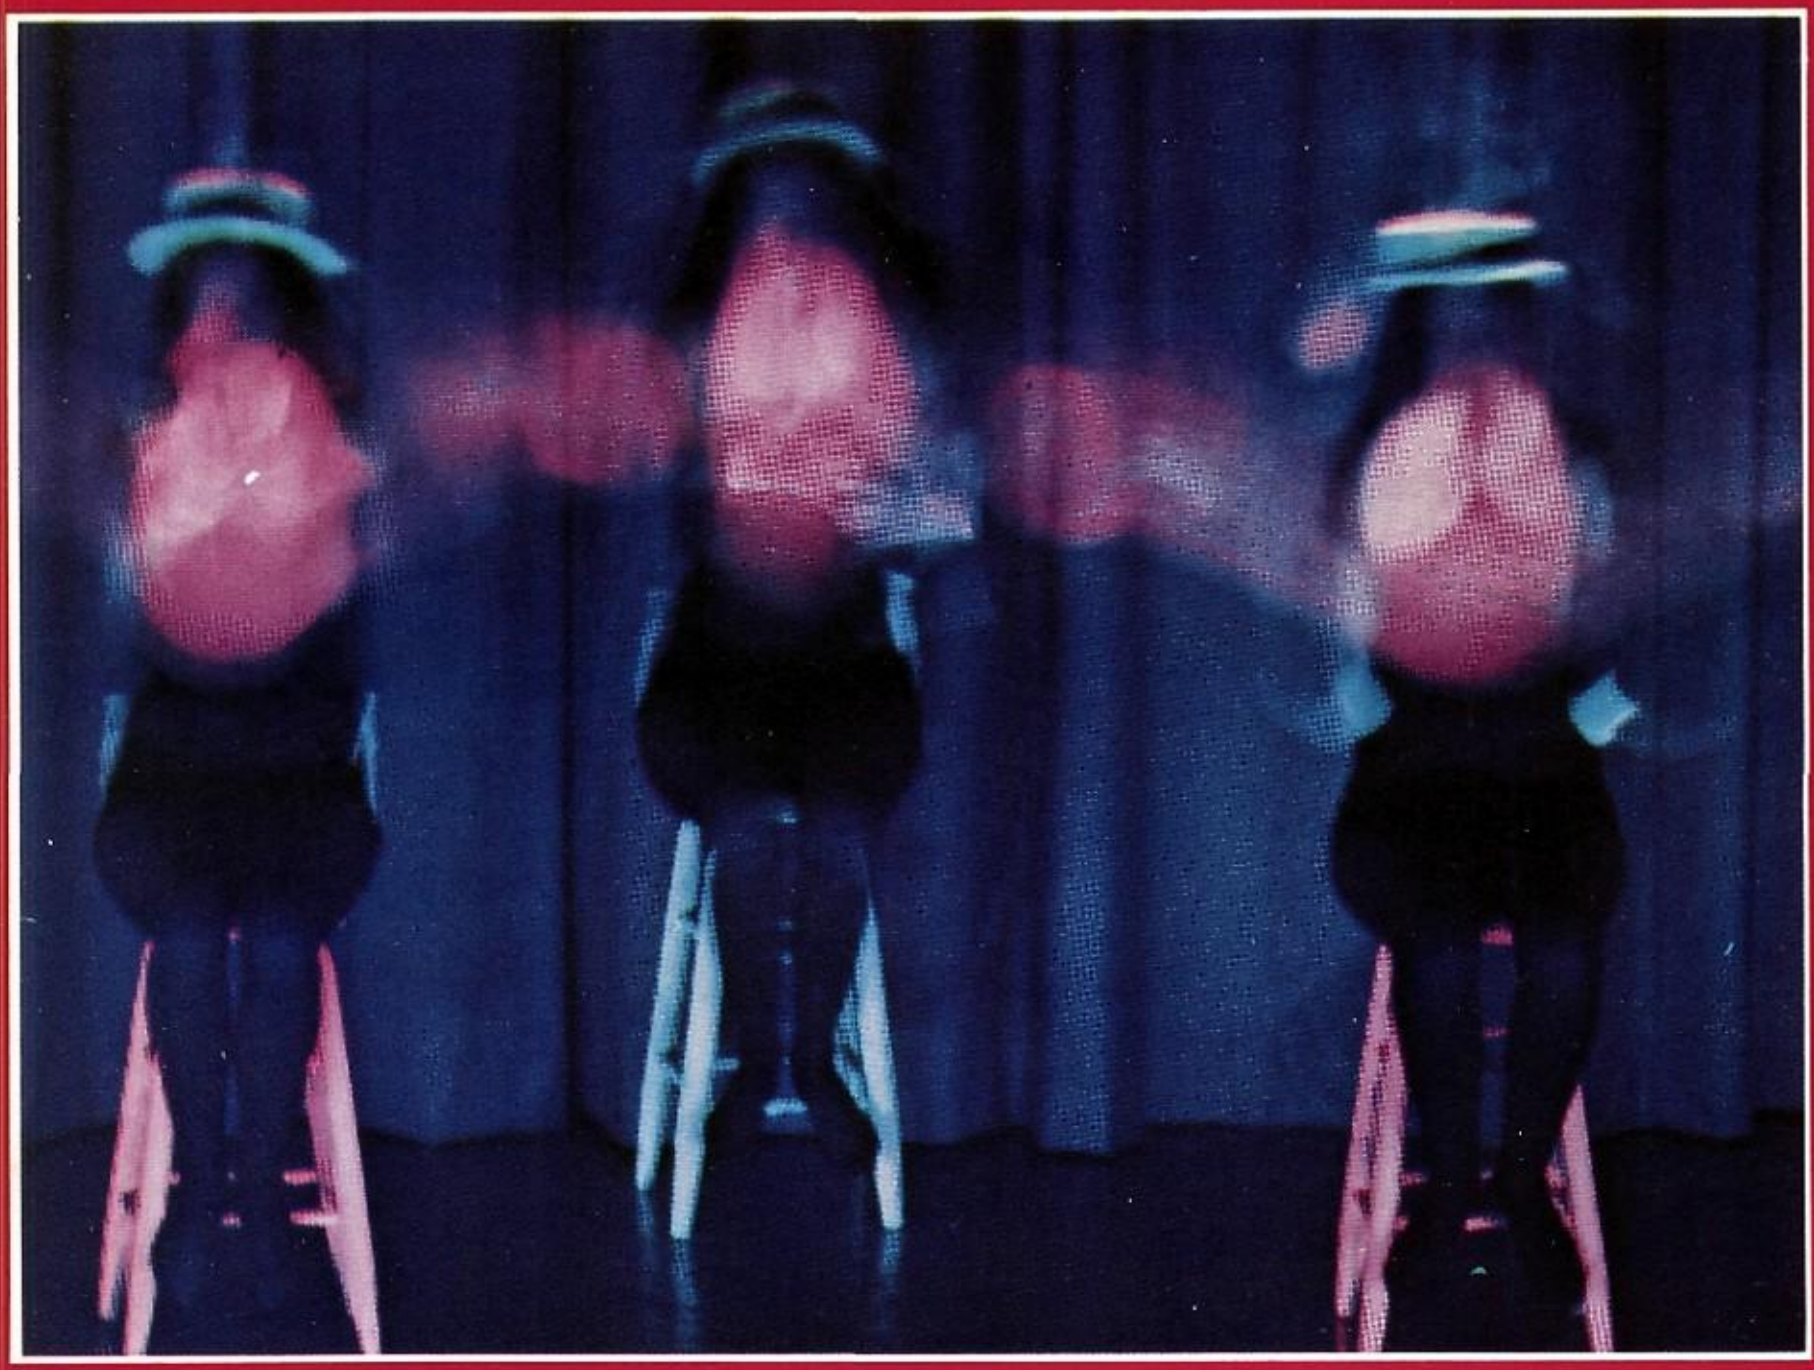
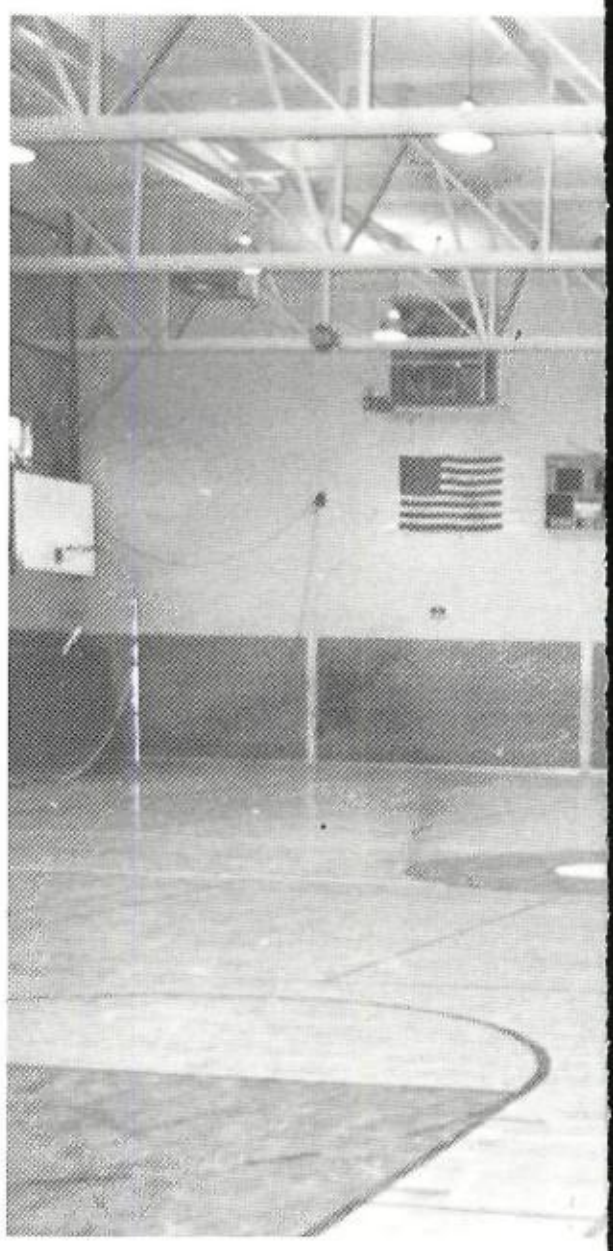
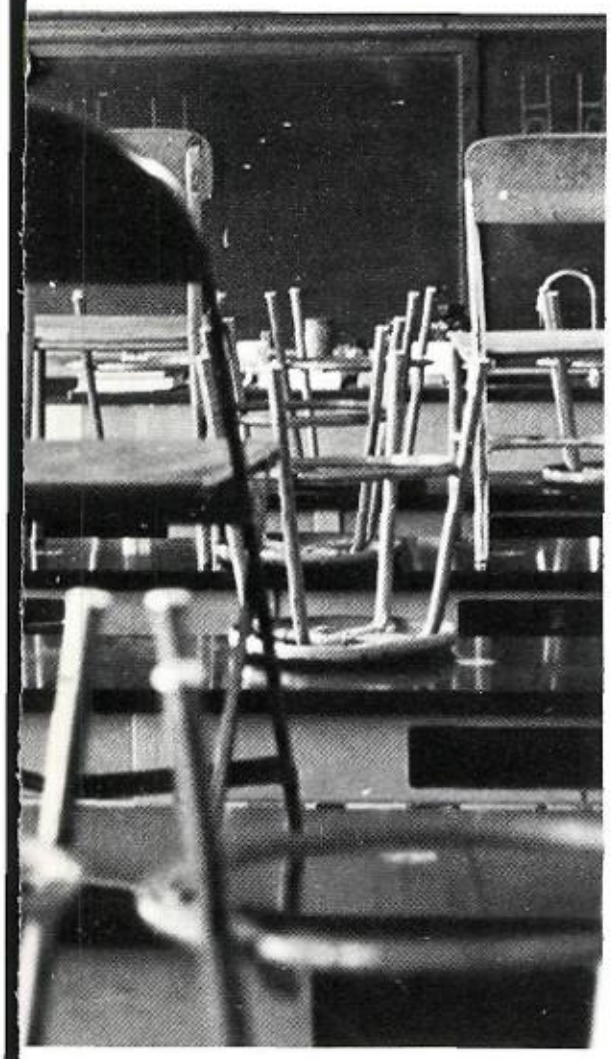
Story 2
Record . 118

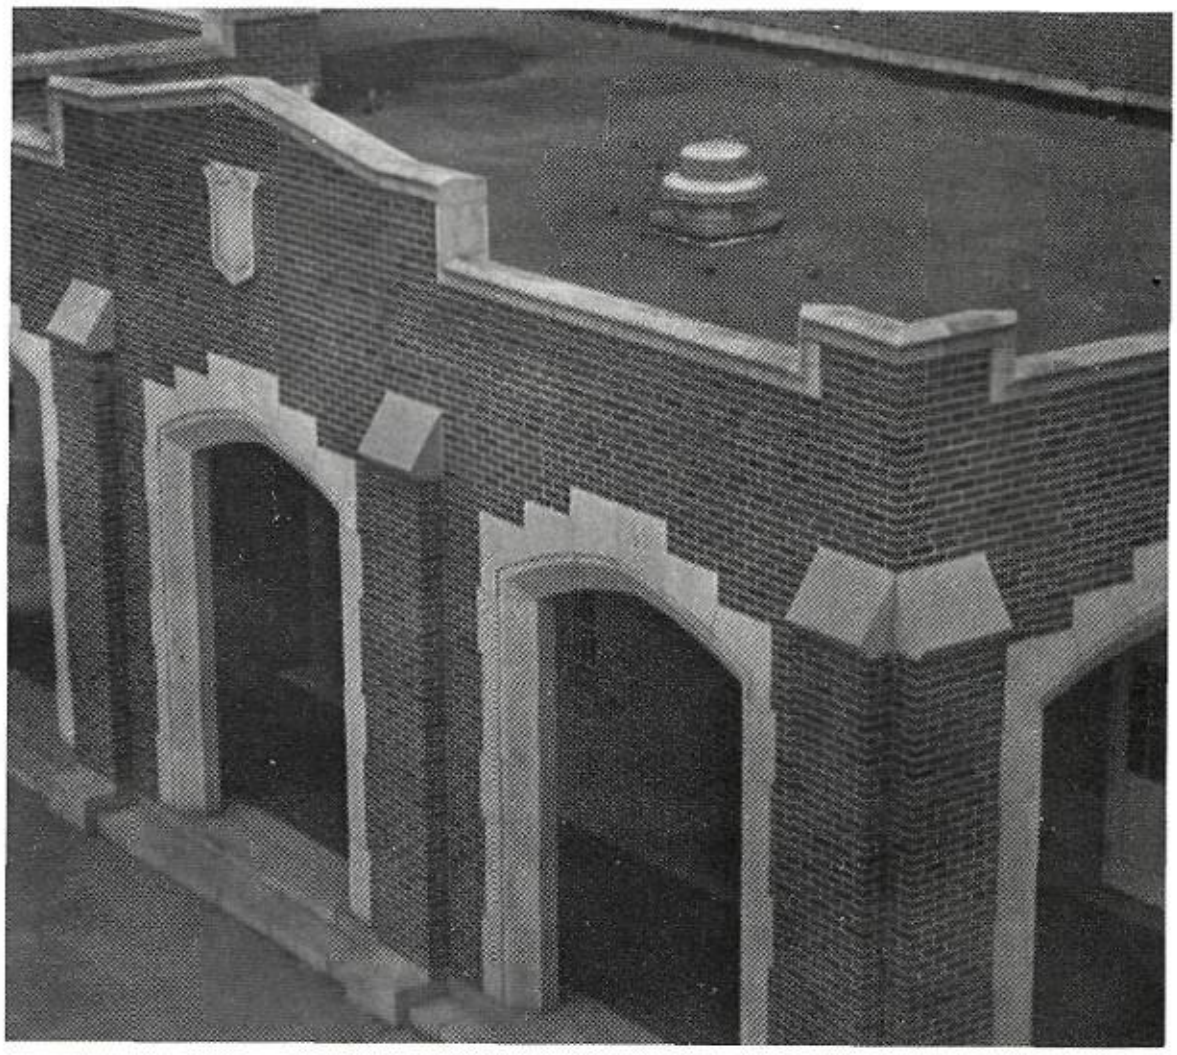


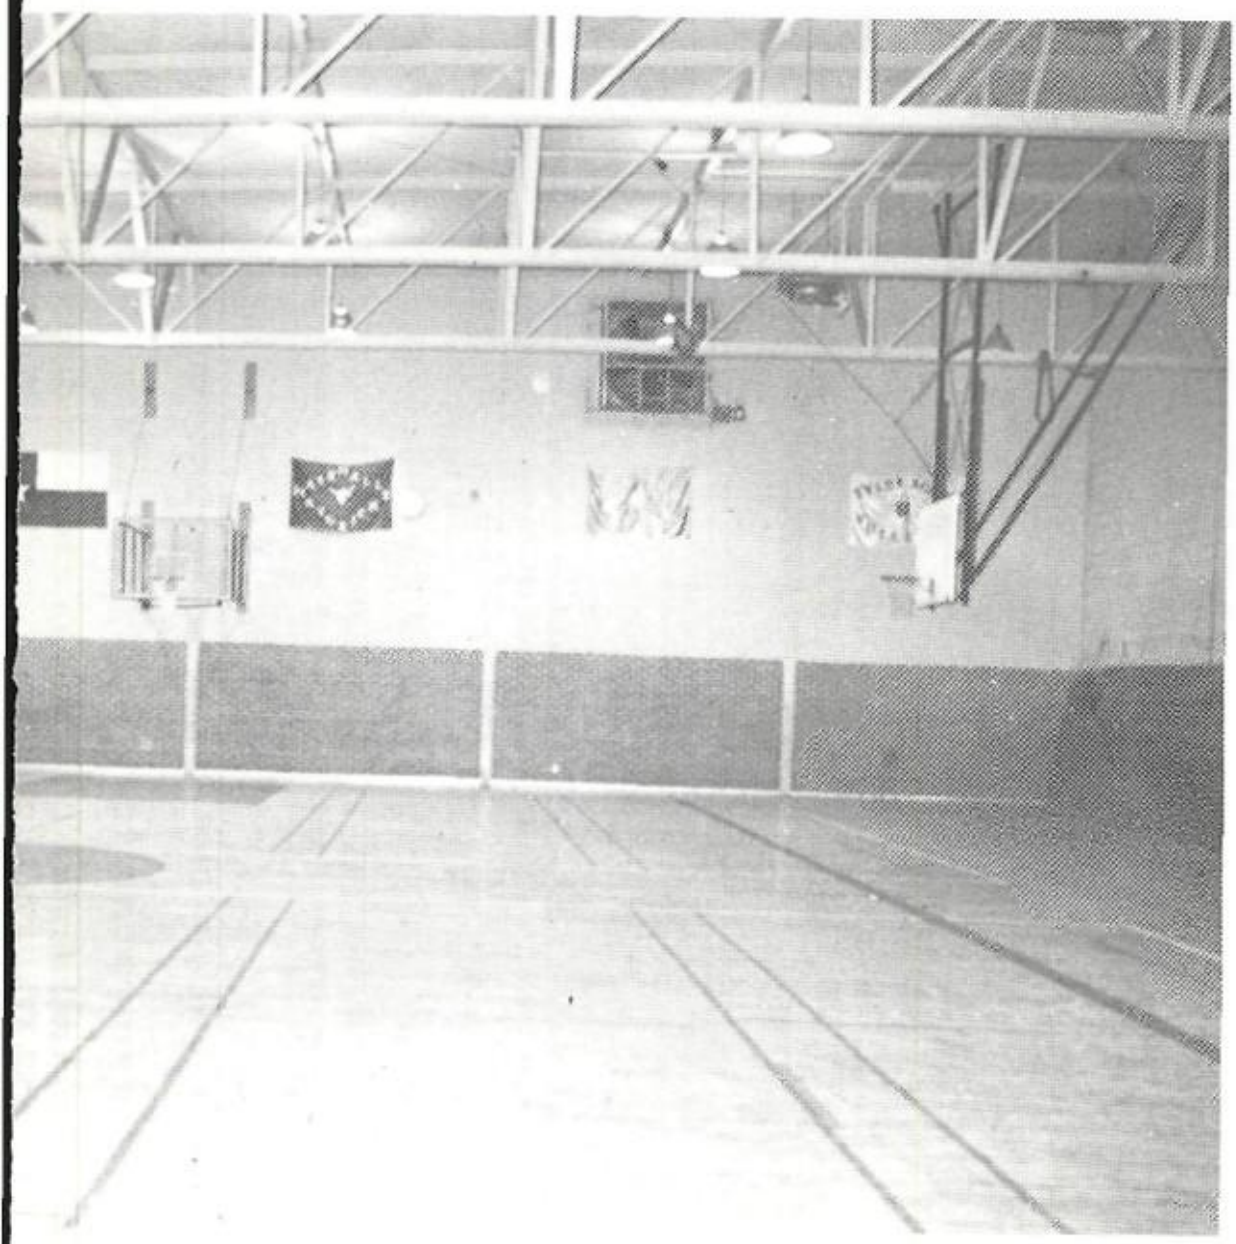
Each day we say Hello . . . to a new way — a new idea. Time progresses and so must the Maverick. Marshall High School is in the midst of the hustle and bustle of change all around. The 1973 Maverick is made up of the same people, the same places and the same events but arranged in a different order, greeting each day and telling its life from morning until night. Start at the beginning and move from page 1 to page 288, pausing to think back on those moments captured in print and photography. Remember and enjoy the good times as told in our **STORY** of the 1972-73 school year at Marshall High School.

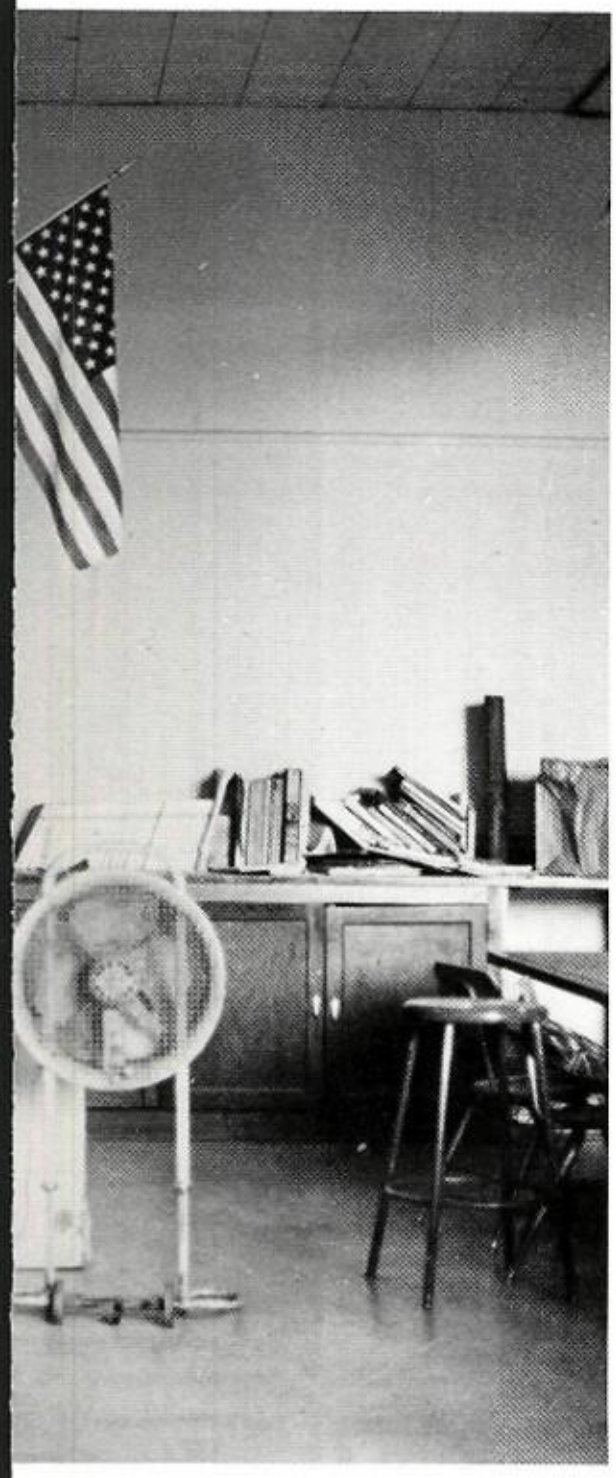


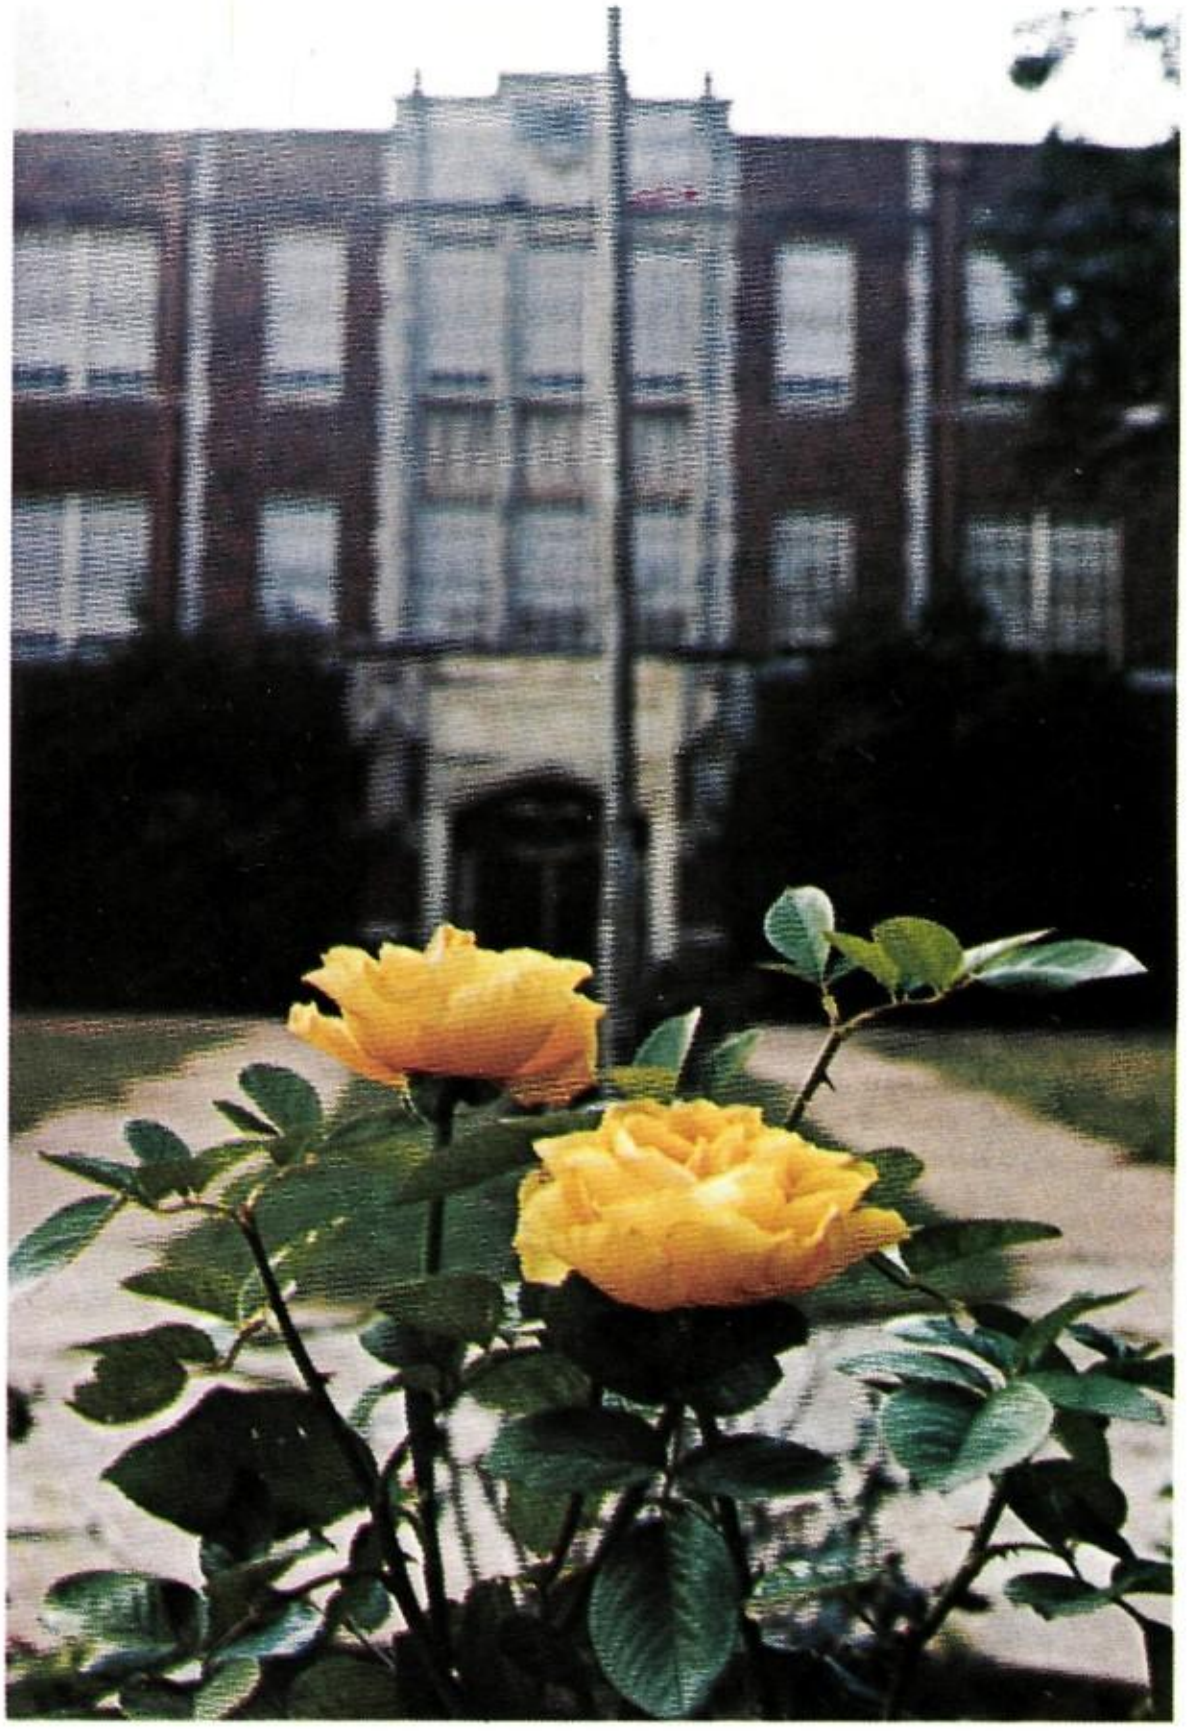
No story can be told without a beginning. No beginning is complete unless it has a setting. Our setting is school.



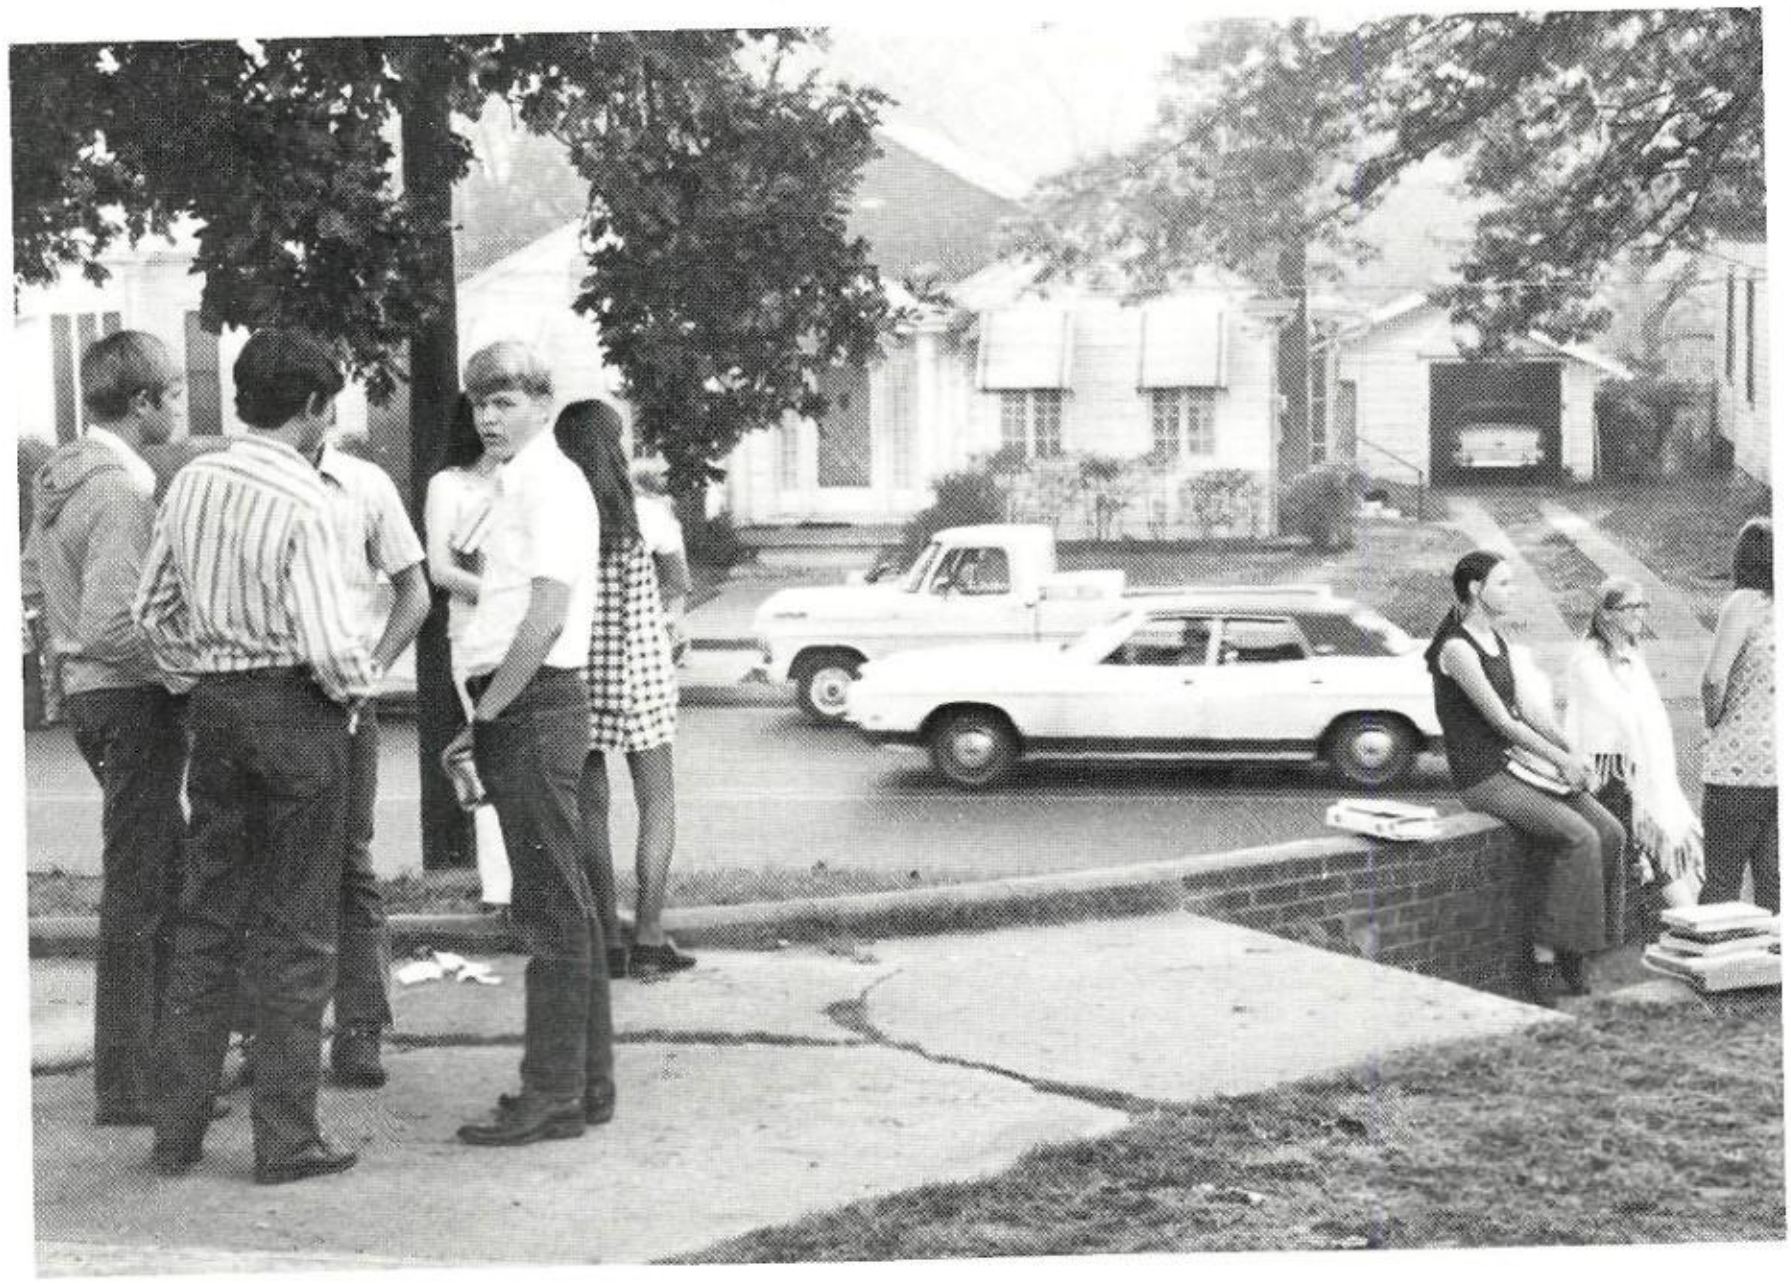




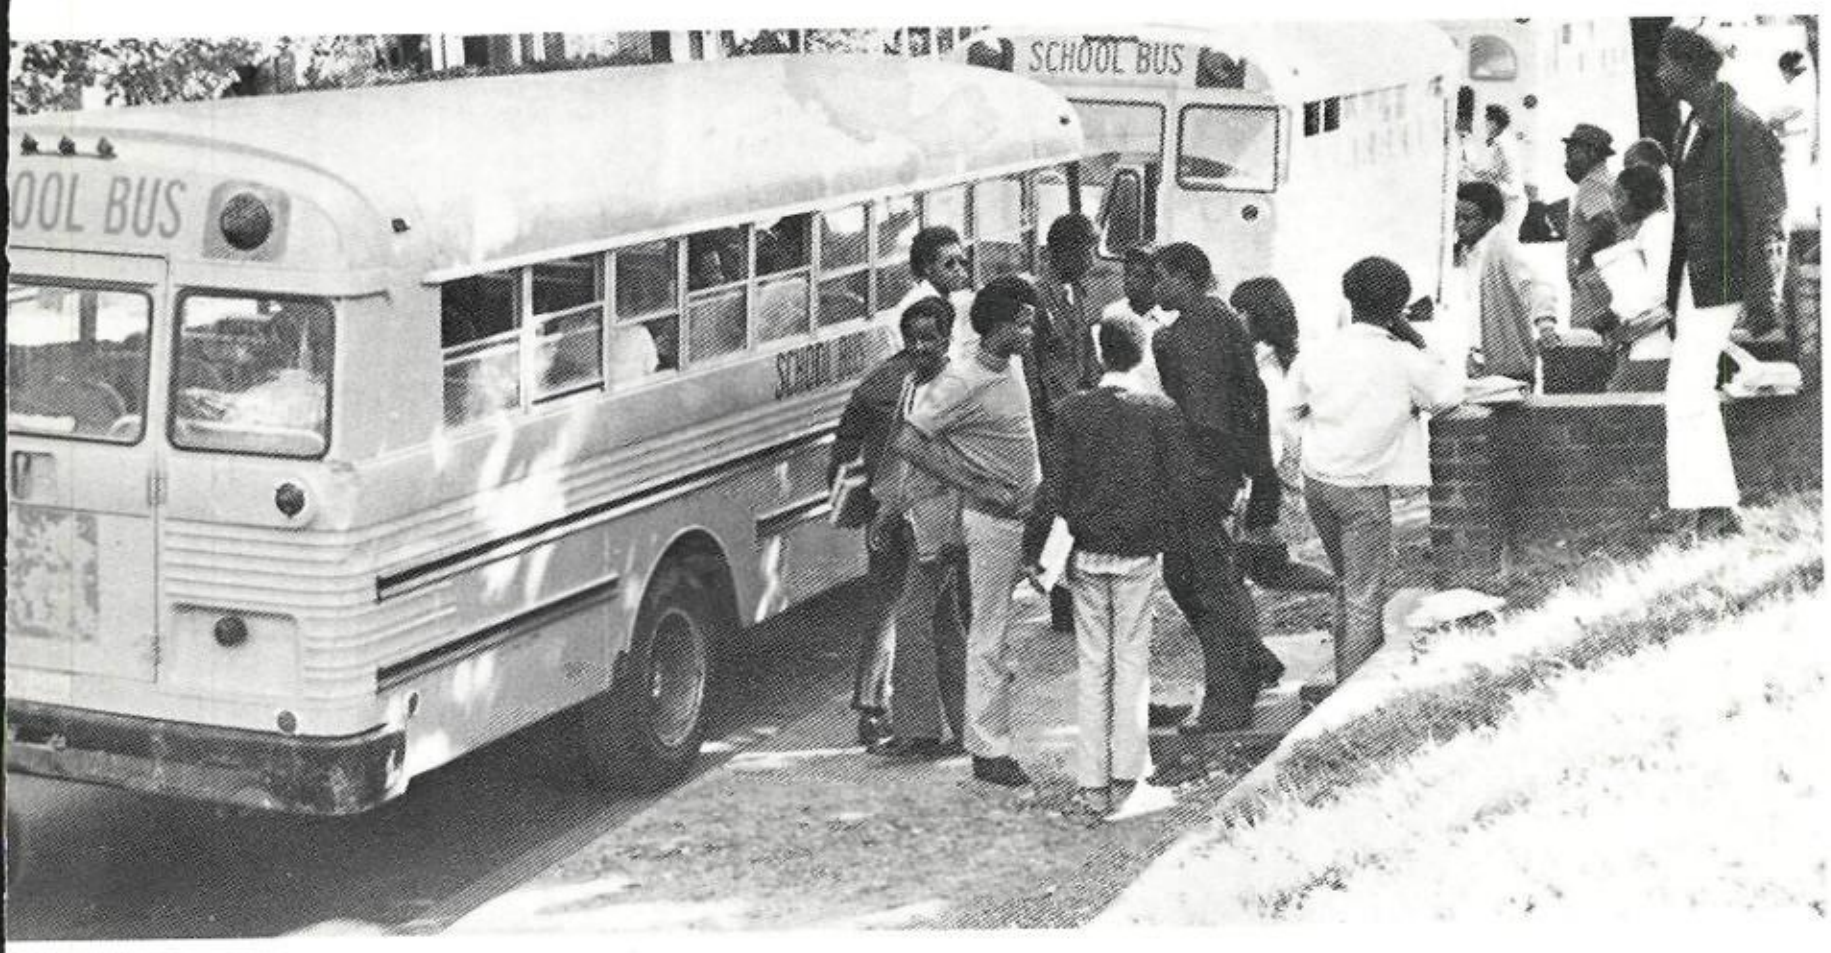


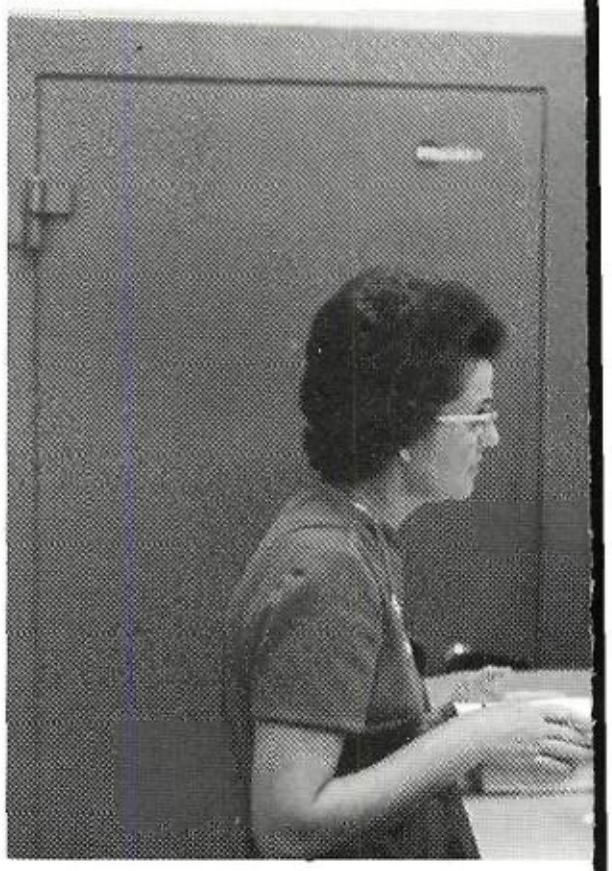


School — a building — handed down through the years. The same bricks and cement lying on the same yard. These things we see and remember as each year progresses.

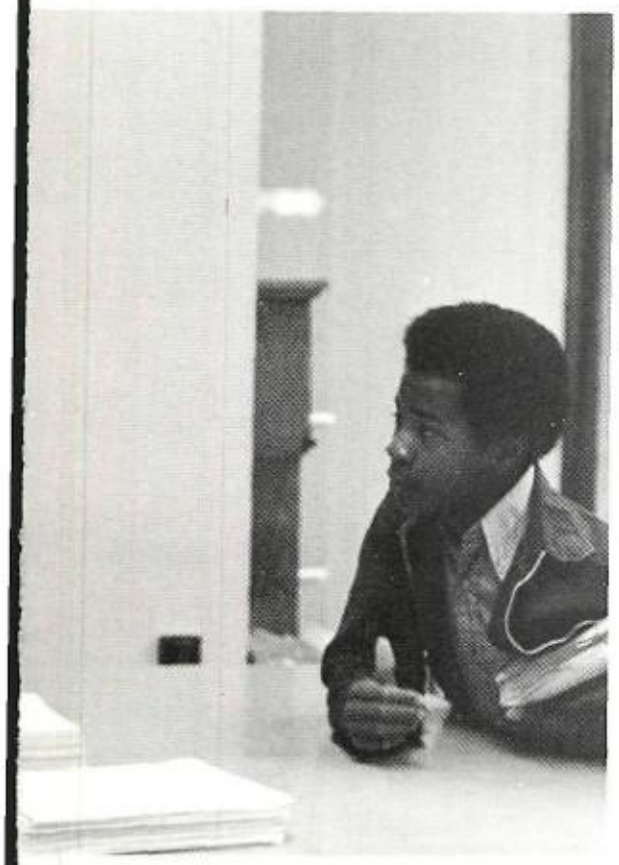


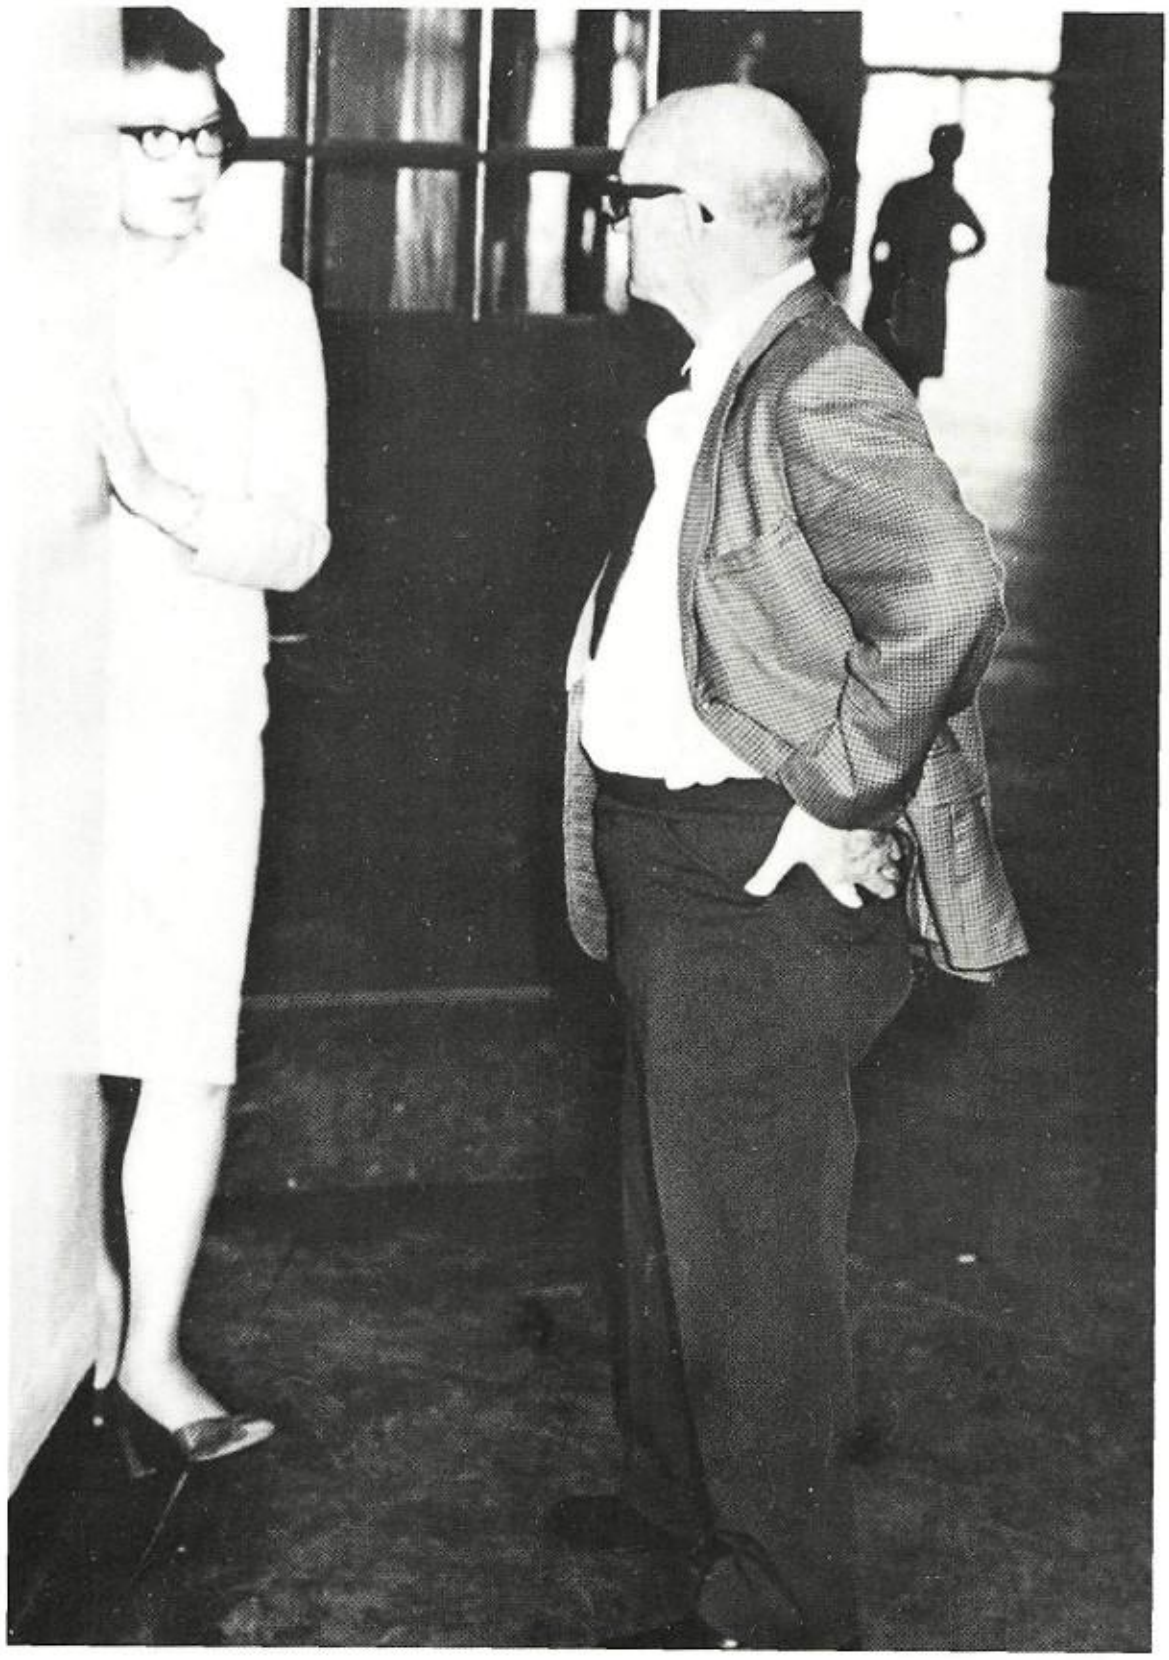
Inside this school are the people — each striving for his own identity. People with their own circle of friends and their own opinions.

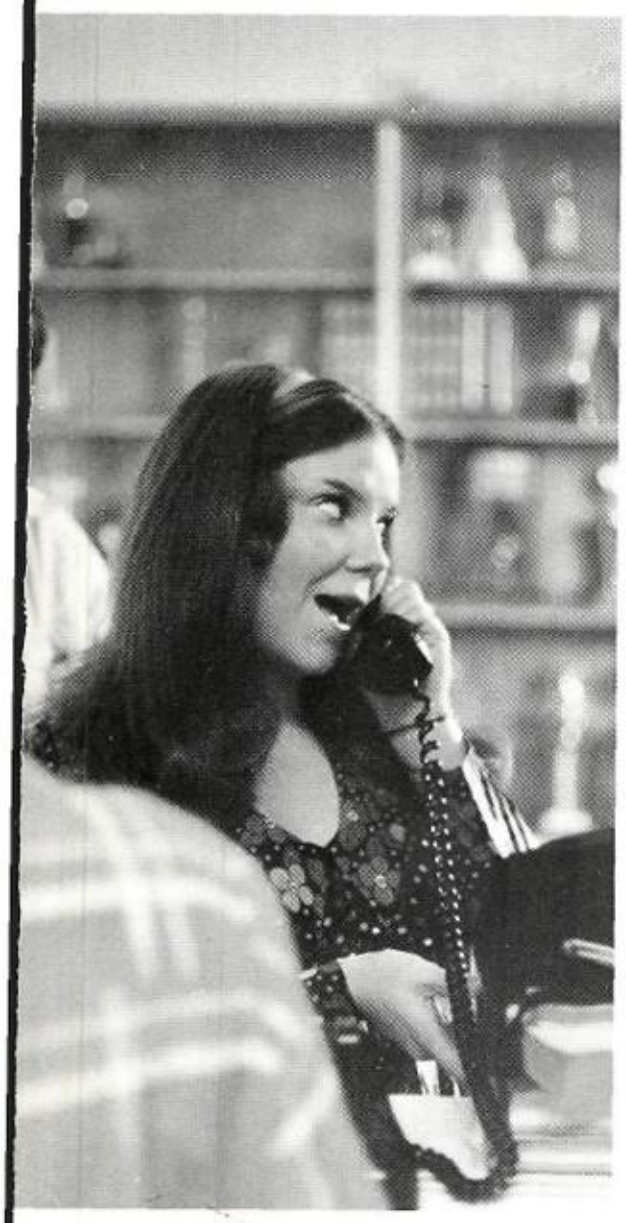


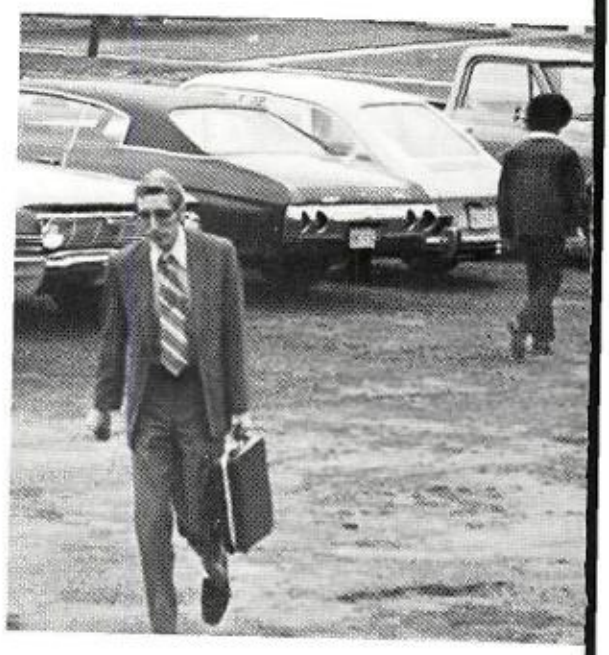


Each person has a job. One may seem more important than the other, but no establishment can function without unity — unity of all involved.

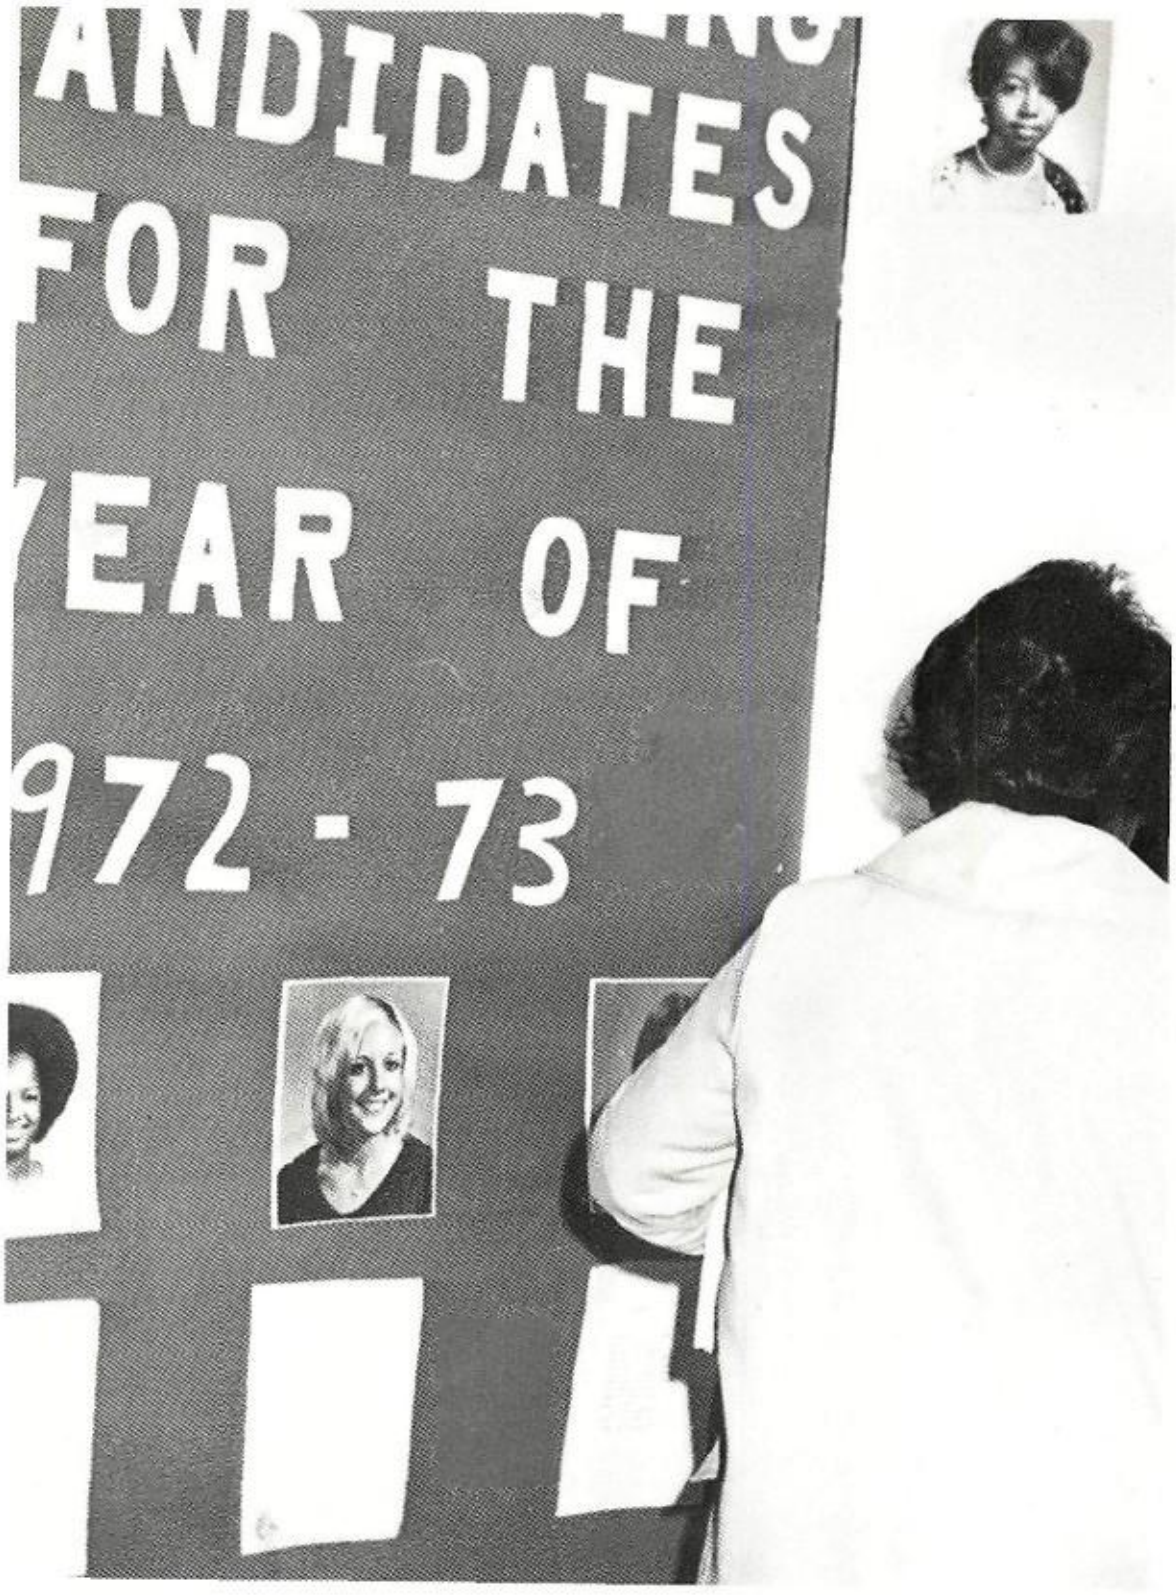








Everyday we walk through the same doors, sit in the same chairs, and lean against the same lockers. Experiences and problems are present before everyone. How each will answer and react can not be foretold.



All must participate and cooperate and do his part to gain excellence in all challenged. Masses of people grouped together — excited by accomplishments, but working harder to make up for mistakes.

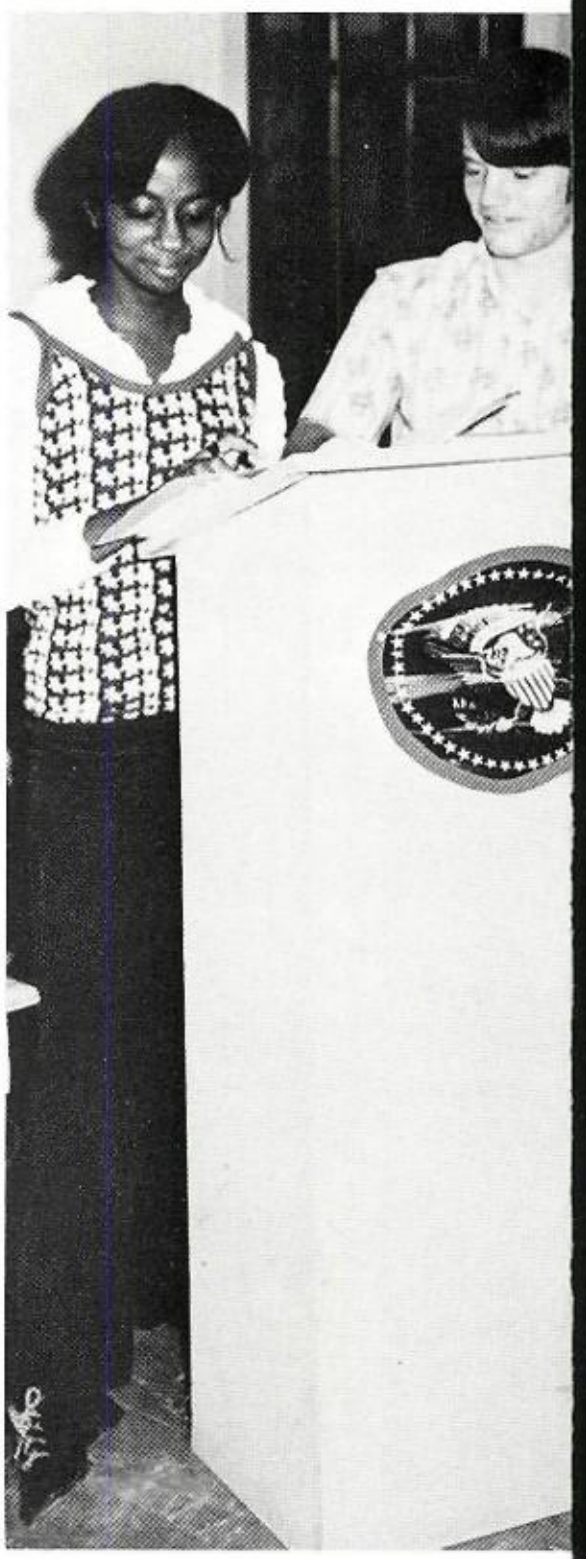
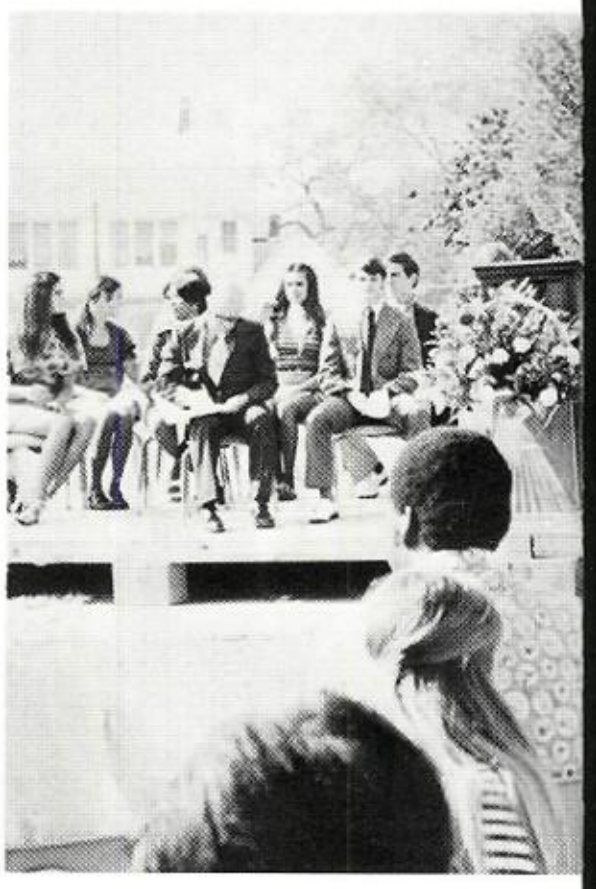
All are given the same chances. It is up to the individual — the student — as to what he wants to make of his life. Each has a mind and a heart to develop along its own path — its own destination.

Student Council Serves M.H.S. With Leadership Abilities

This year the Student Council has proved to be a great asset. Working hard to achieve order, spirit, and unity the students on the council put on assemblies, programs, and various projects throughout the year. Under the careful guidance of David King, president, and Avalyn Williams, vice-president, they brought forth a true school spirit at M.H.S. Mrs. Shatford is the new sponsor for this outstanding organization.





A. Lee Baldwin, Marianna Dieste, Tara Williams, Ricky Hudson, and Doug Williamson stand as they take the oath of office. B. Student Council leaders, Avalyn Williams and David King, preside over a meeting. C. Ricky Hudson, Sandra Christian, Mrs. Shatford, and Mr. Roark prepare for the crowning of the homecoming queen. D. Last minute preparations are made to speeches as the assembly is about to begin. E. Homeroom officers, which make up the Greater Council, listen to the speaker at the installation assembly. F. Homecoming night found the Student Council busy at work.

Math — It Really Counts!

Working problem after problem. You get kind of tired of it but you've got to keep at it. Living at the blackboard, oh, it can become a drag. But who else gets to use up all of the chalk in the school? And don't forget the pencil erasers. You buy a new pencil everyday just to use the eraser up and bite holes into it when you can't get the right answer. Oh, and how about having twenty problems to work on an hour long test and guess what, you only work one. There goes a bad grade on the grade book. And then, the grades begin to add up. To what? To nothing, that's right — zero. The end of the nine weeks is over and you've got your grade and a lot of explaining to do to your parents. So, it's back to the old blackboard.

A.

B

A. Math isn't all in the classroom as some figure interrupts Cindy Clanton. B. Miss Ellis returns some test papers to her students. C. Doug McCann seems to know the solution to a problem while Robert Littlejohn listens to find out the answer. D. Freddie Riser works a problem at the board. E. Marvin Washington looks puzzled? F. Paying close attention is important in every math class.

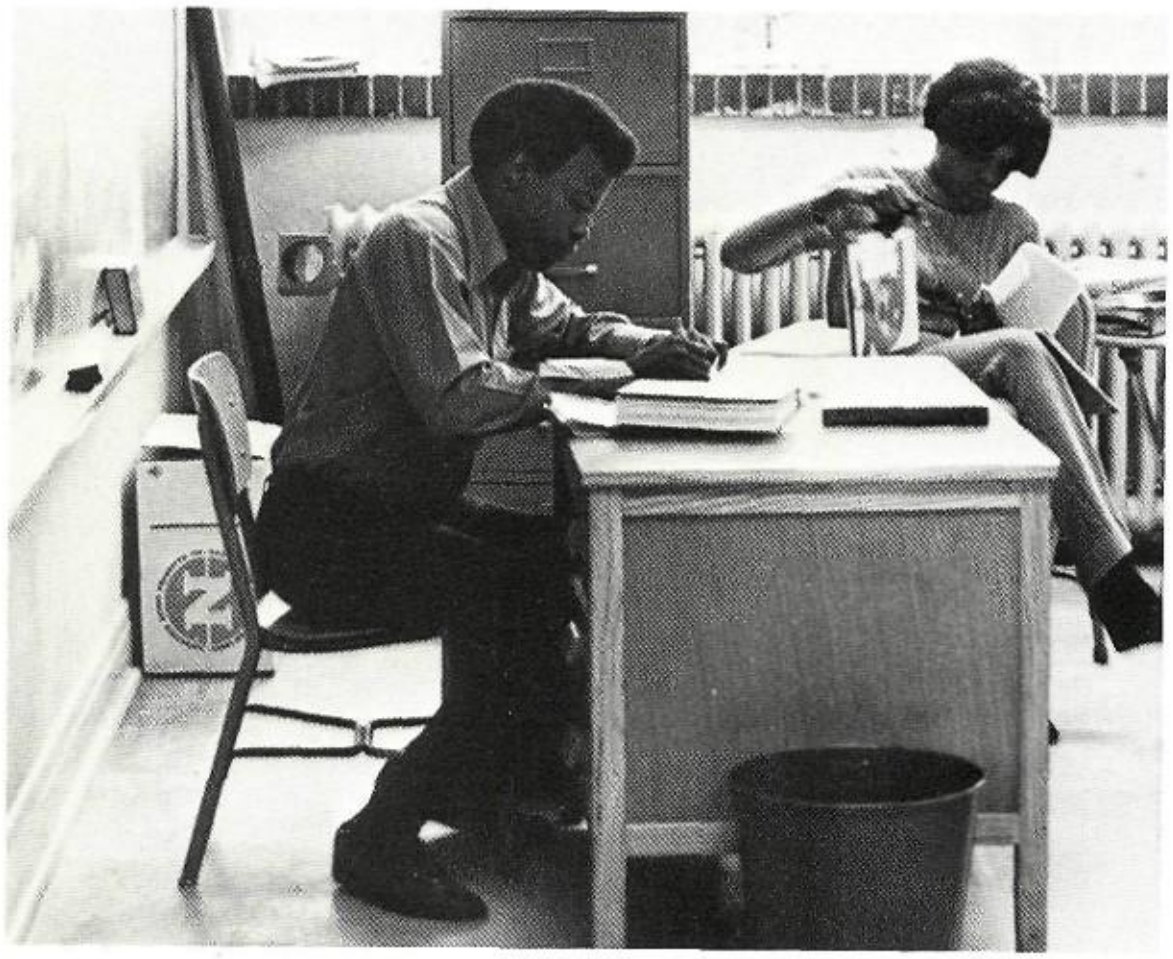
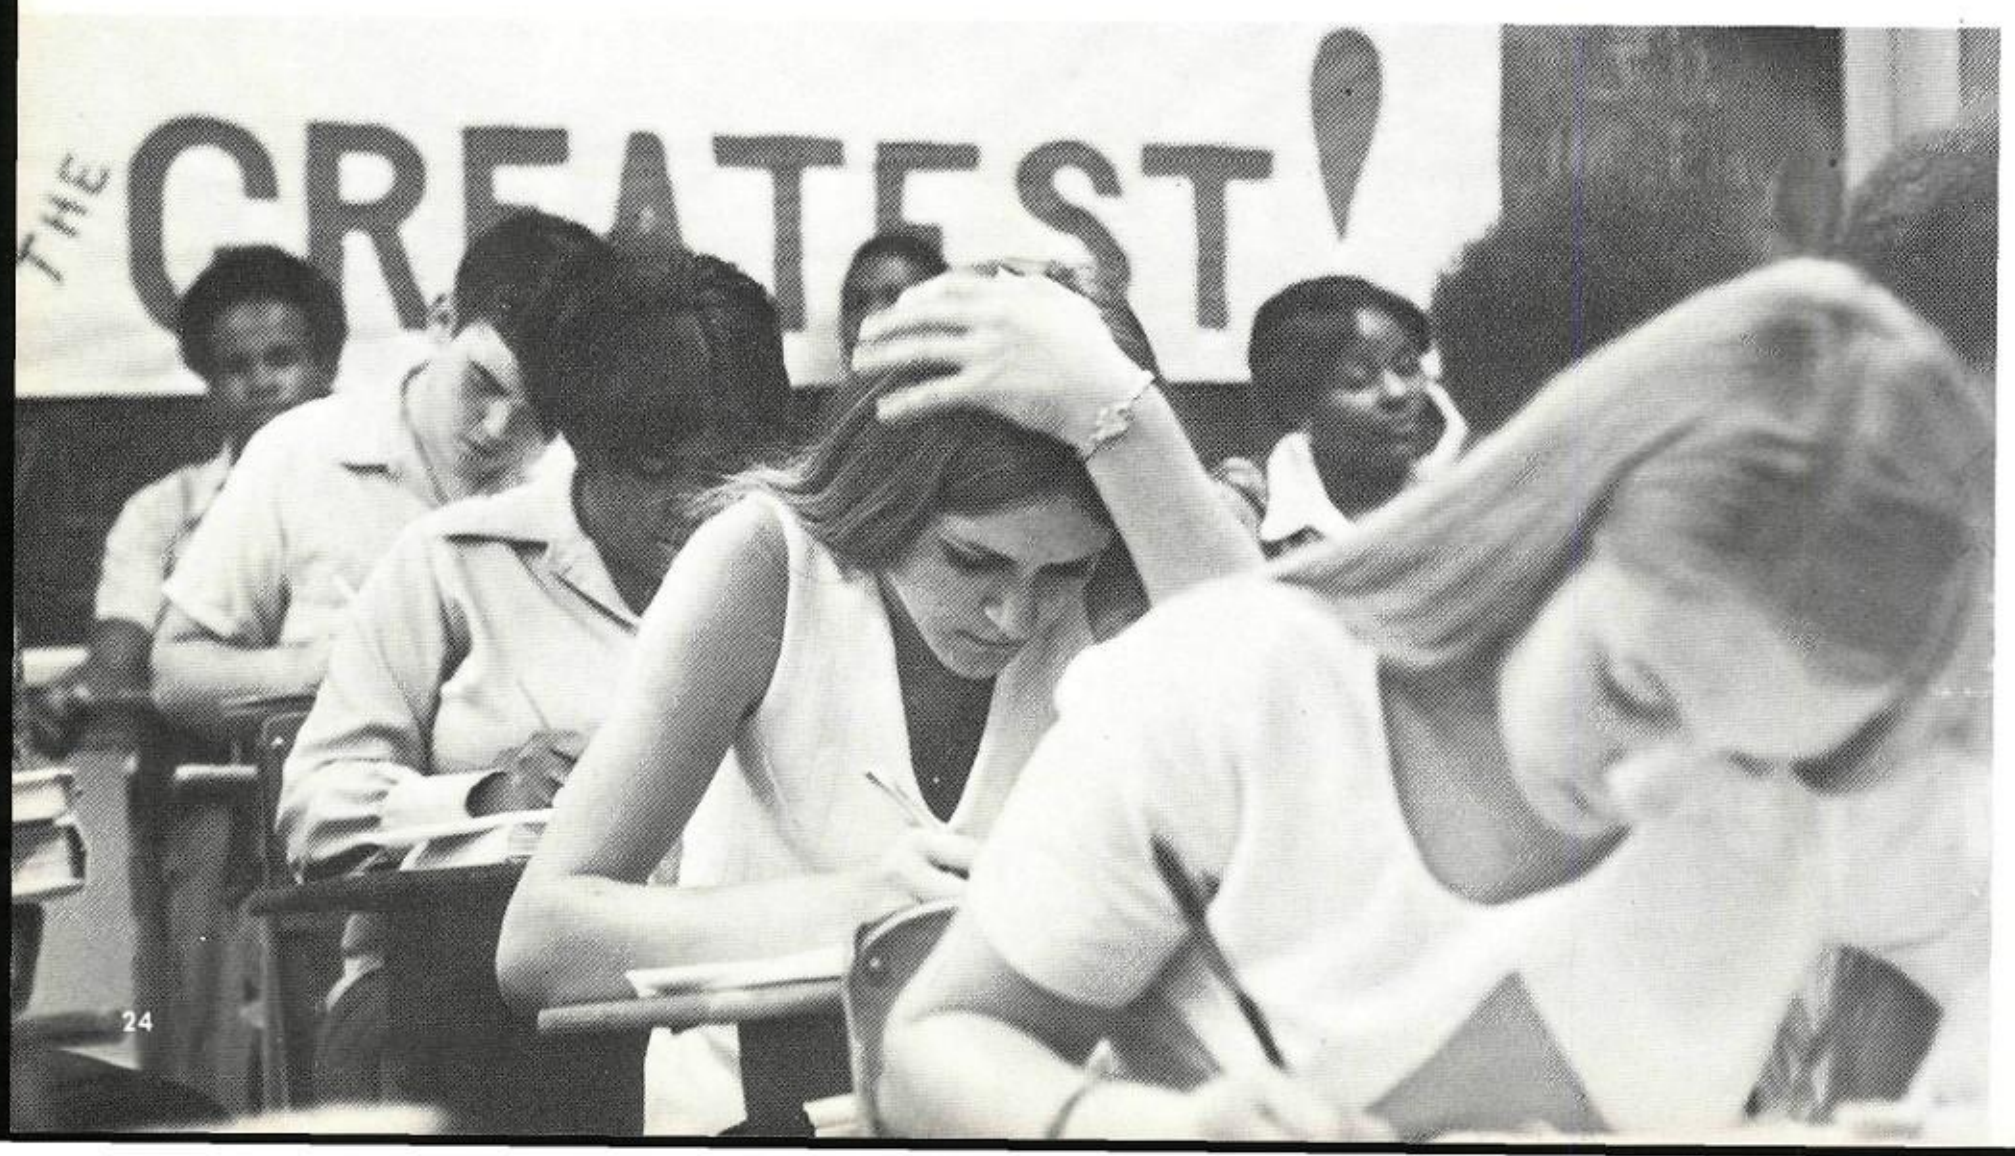
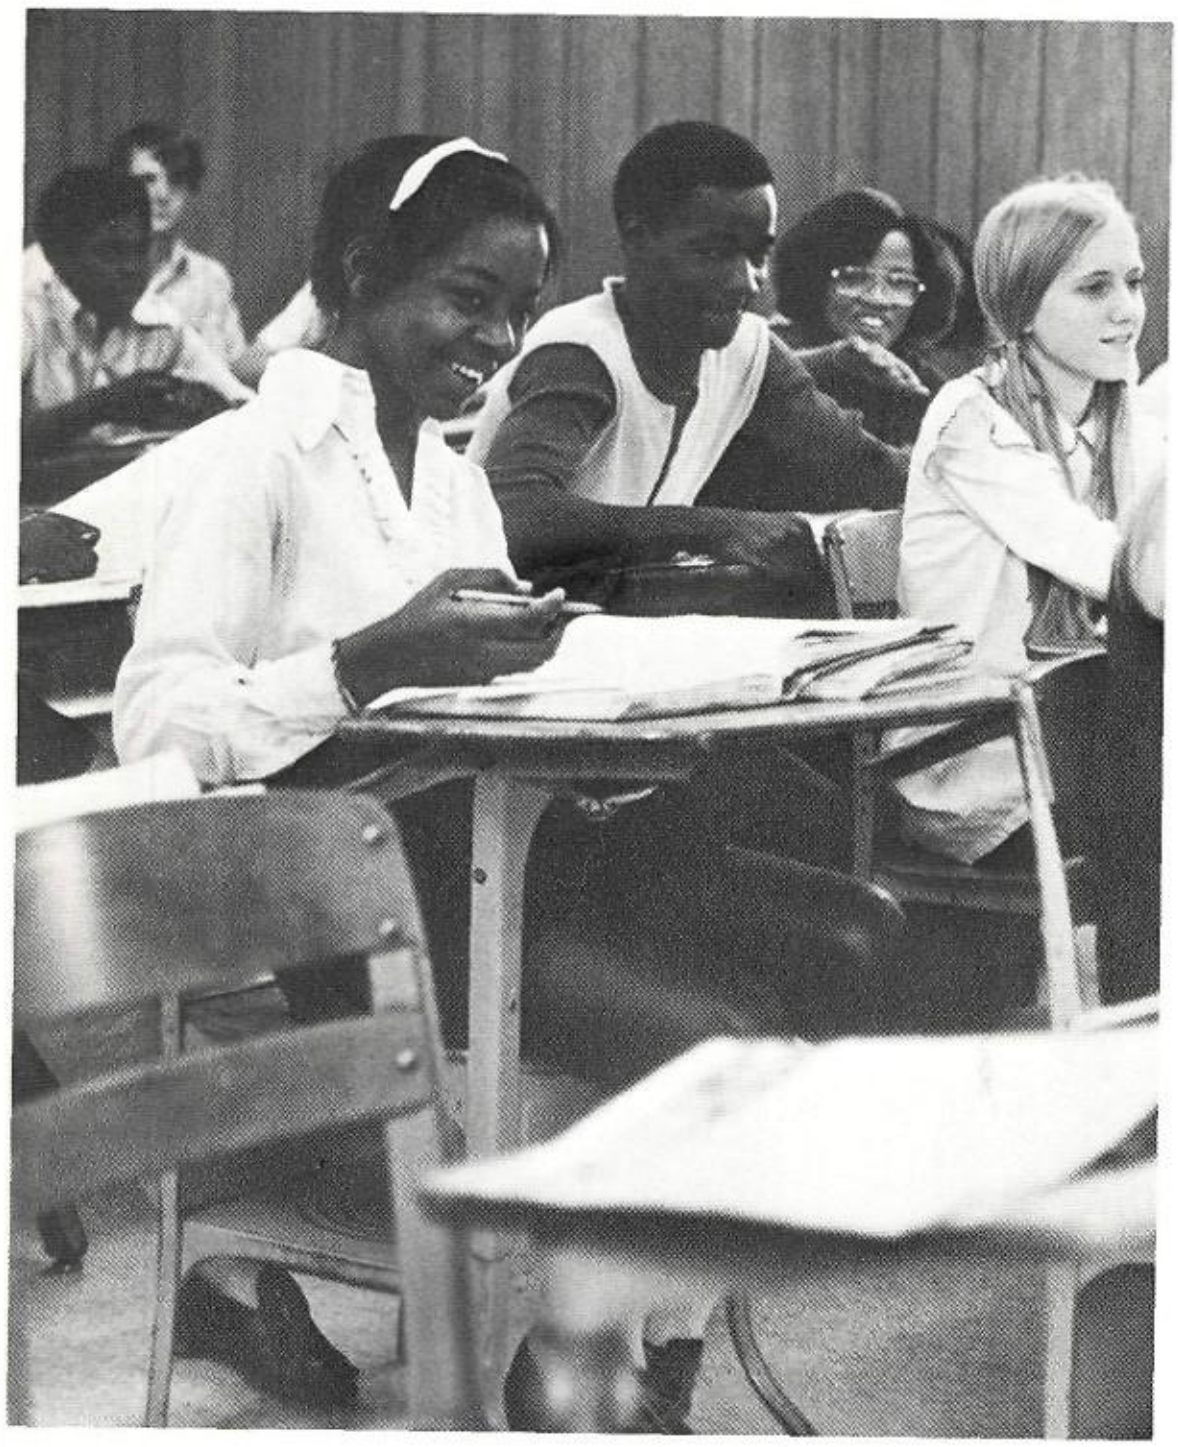
As the World Turns

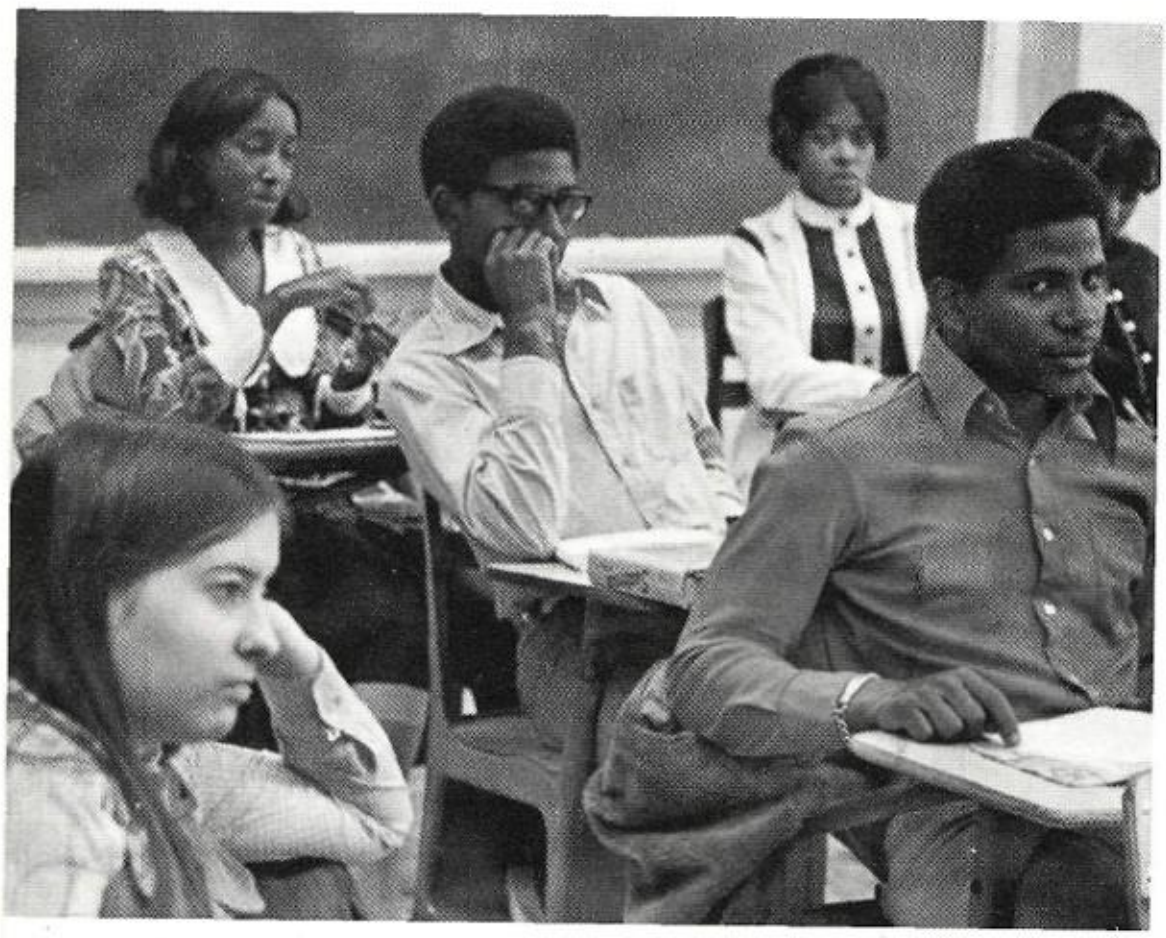
Take notes, That's all you ever hear. Do you remember that war? Do you remember that date? Oh, who can remember all of that historical stuff. Go to the map and locate Wales. I didn't say Sicily, I said Wales. Oh, sit down and go get your eyes checked. Cramming for test after test, memorizing event after event — Does it all pay off? Yes, it does. You become more informed on the history of the world and what's happening now.

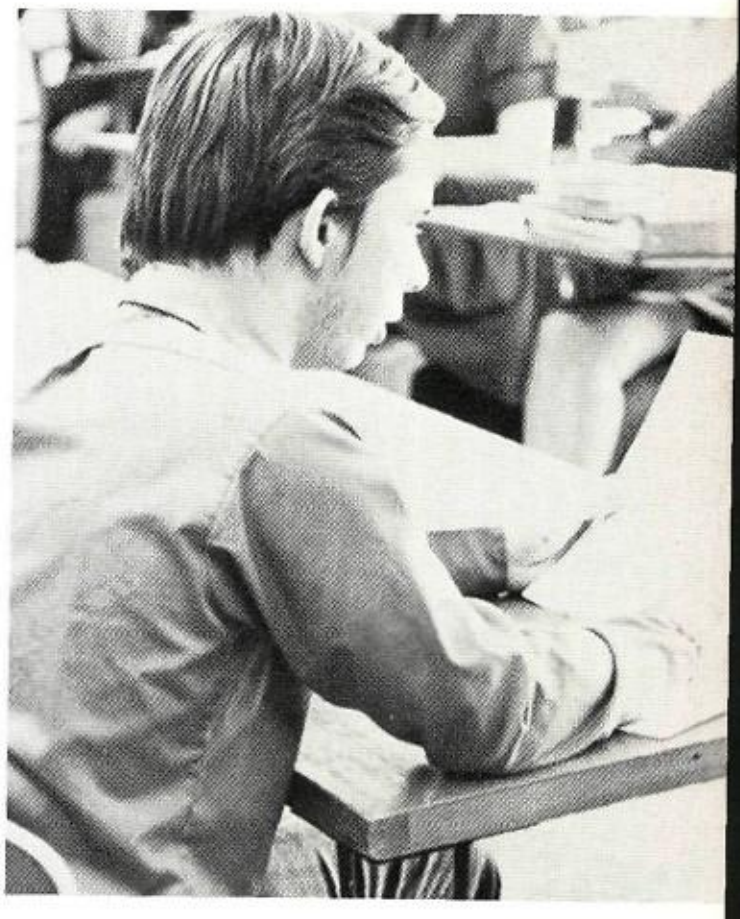






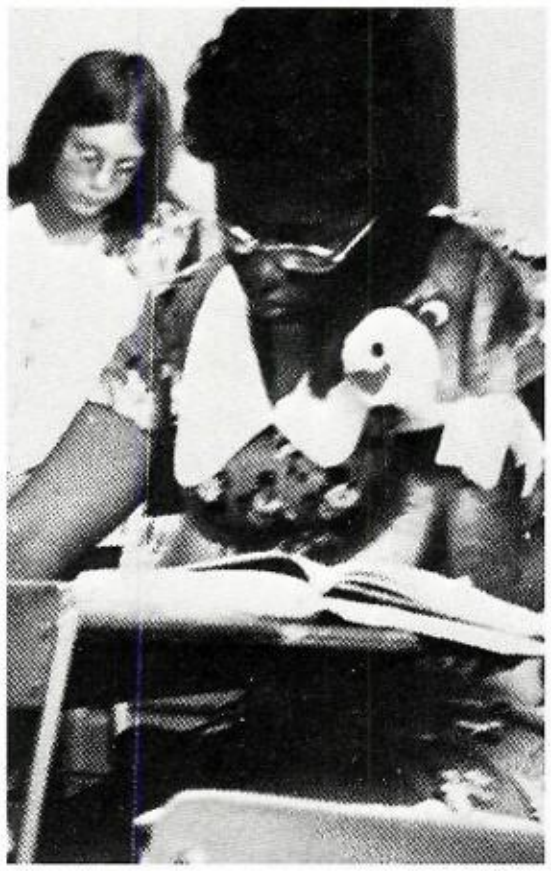
A. Mrs. Wood adds humor to create a complete classroom atmosphere. B. Work is not all for students shown here as Mr. Cox does his lessons. C. Deep concentration can prove to be rewarding while taking an exam. D. Mischief is also a part of classroom work? E. Concentration builds intelligent minds. F. Attention is important in learning and comprehension. G. While giving a report in history, Dale Golding resembles Walter Chronkite.



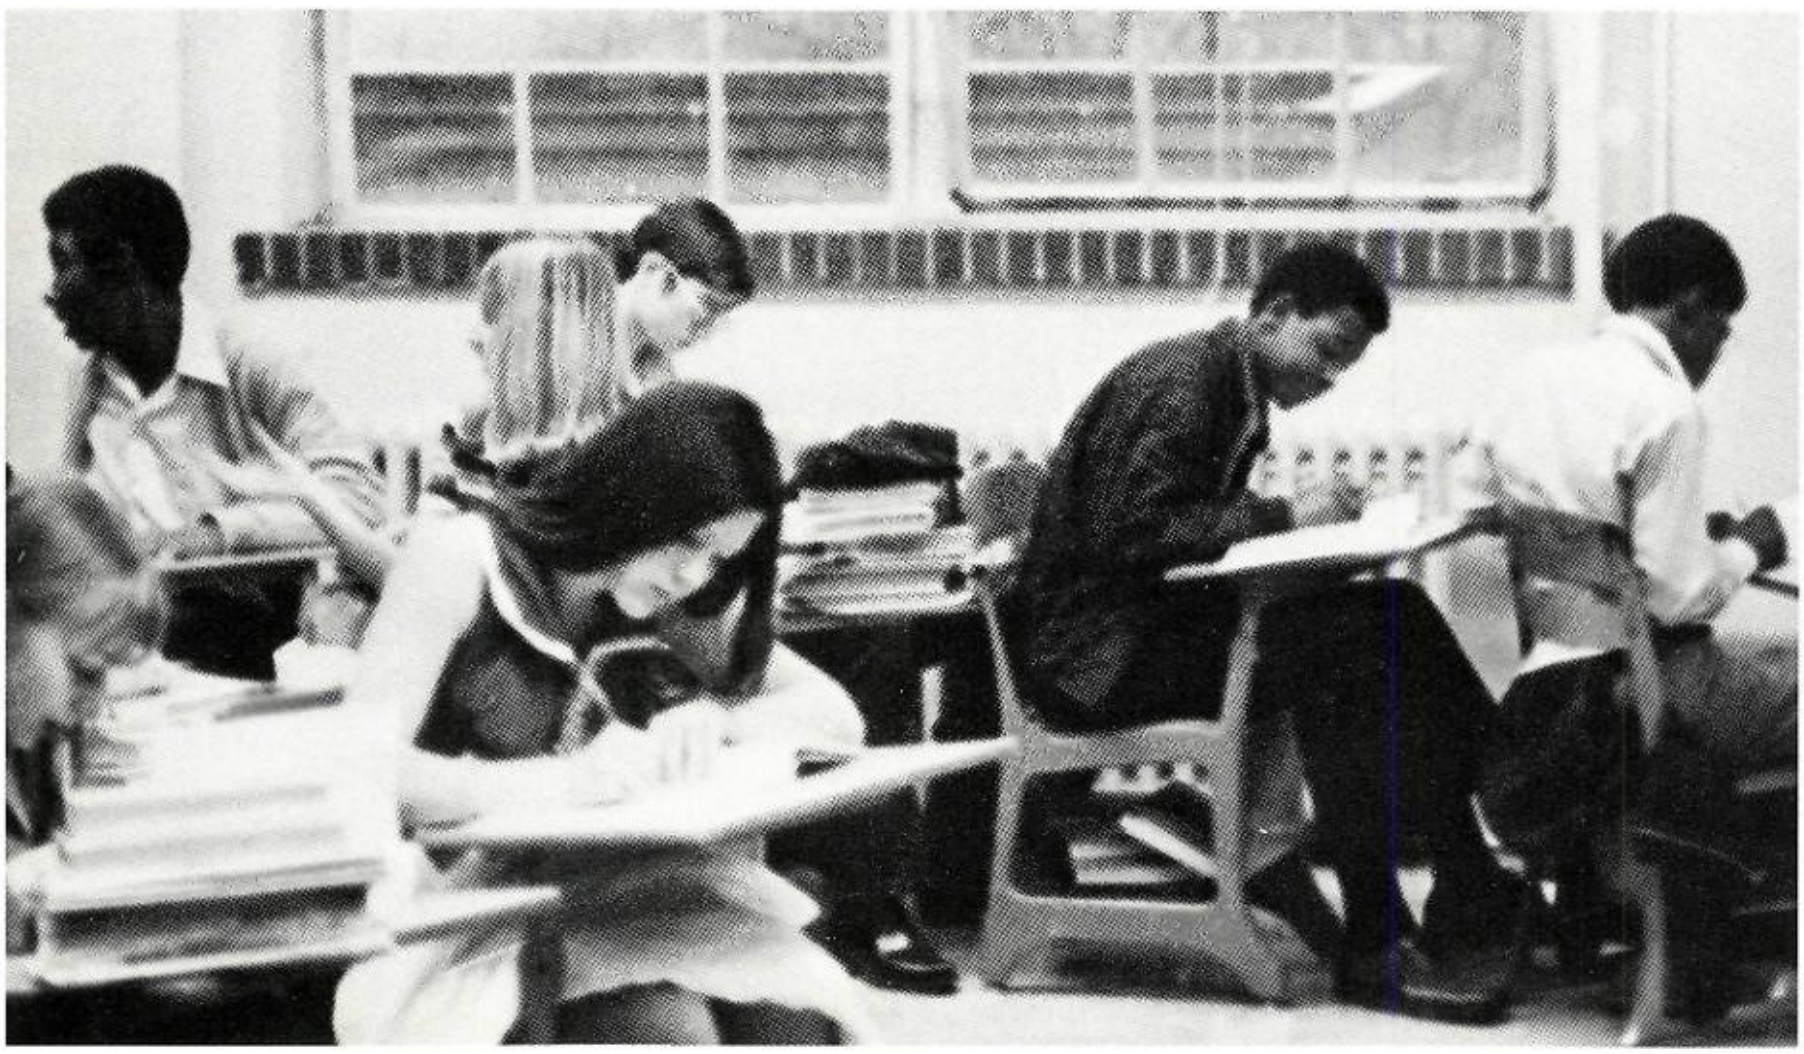


What Do You Want, Good Grammar?

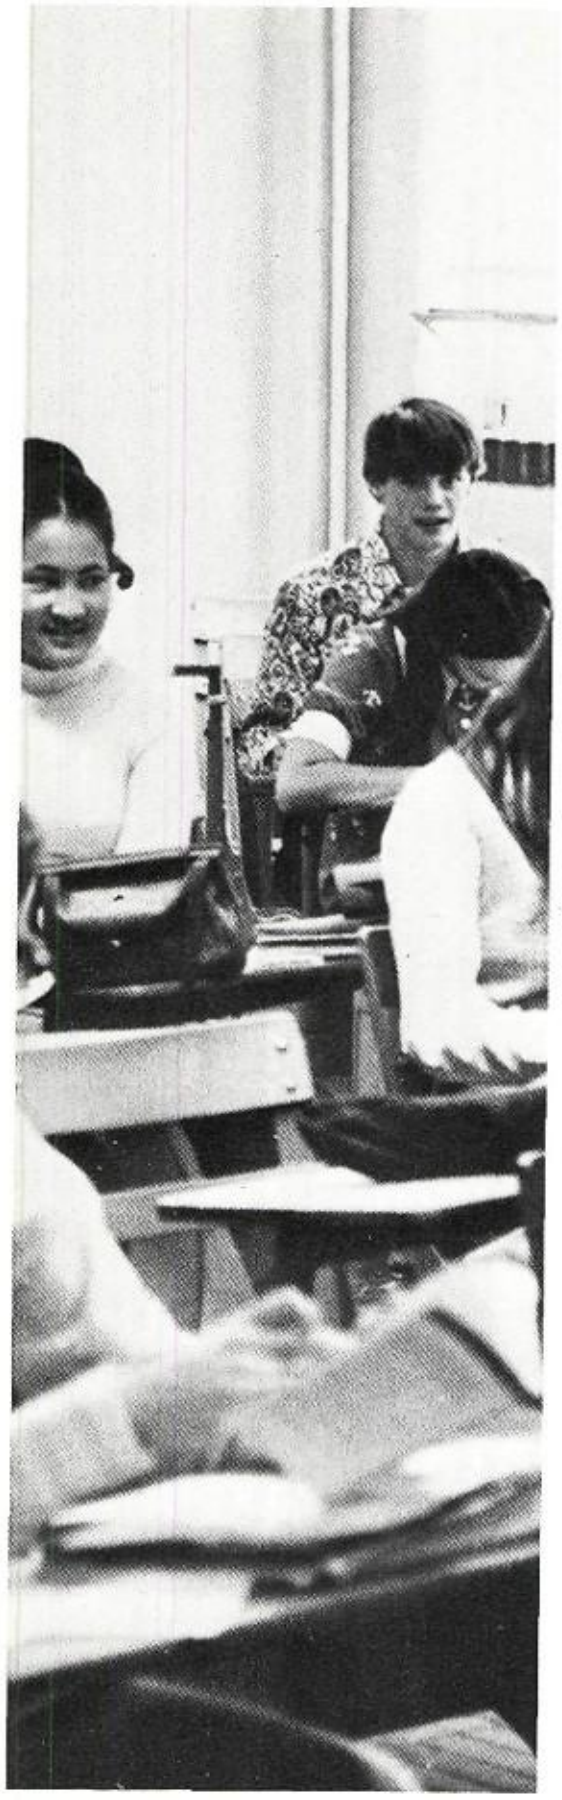
Read! Read! Read! The teacher says the deadline is tomorrow and you've just found your book after losing it three weeks ago. Okay class, write a theme on the central character depicting three ideas which help to strengthen or weaken him in the book. You didn't understand a word she said because you were trying to finish your book before tomorrow. Write a who? On what? She says that a rough draft is expected from each of you. And you, not listening reply, a rough draft? Oh yes, it is rather cool in here. Then the teacher says watch your punctuation. And you wonder, how can you watch your punctuation when you're trying to do everything else. Well, you've finally got your paper back and guess what? You got a good grade. Your mechanics were good and so were your contents. And your punctuation, only one error. The anguish and panic was worth it. You accomplished what you thought couldn't be done; by you, anyway.



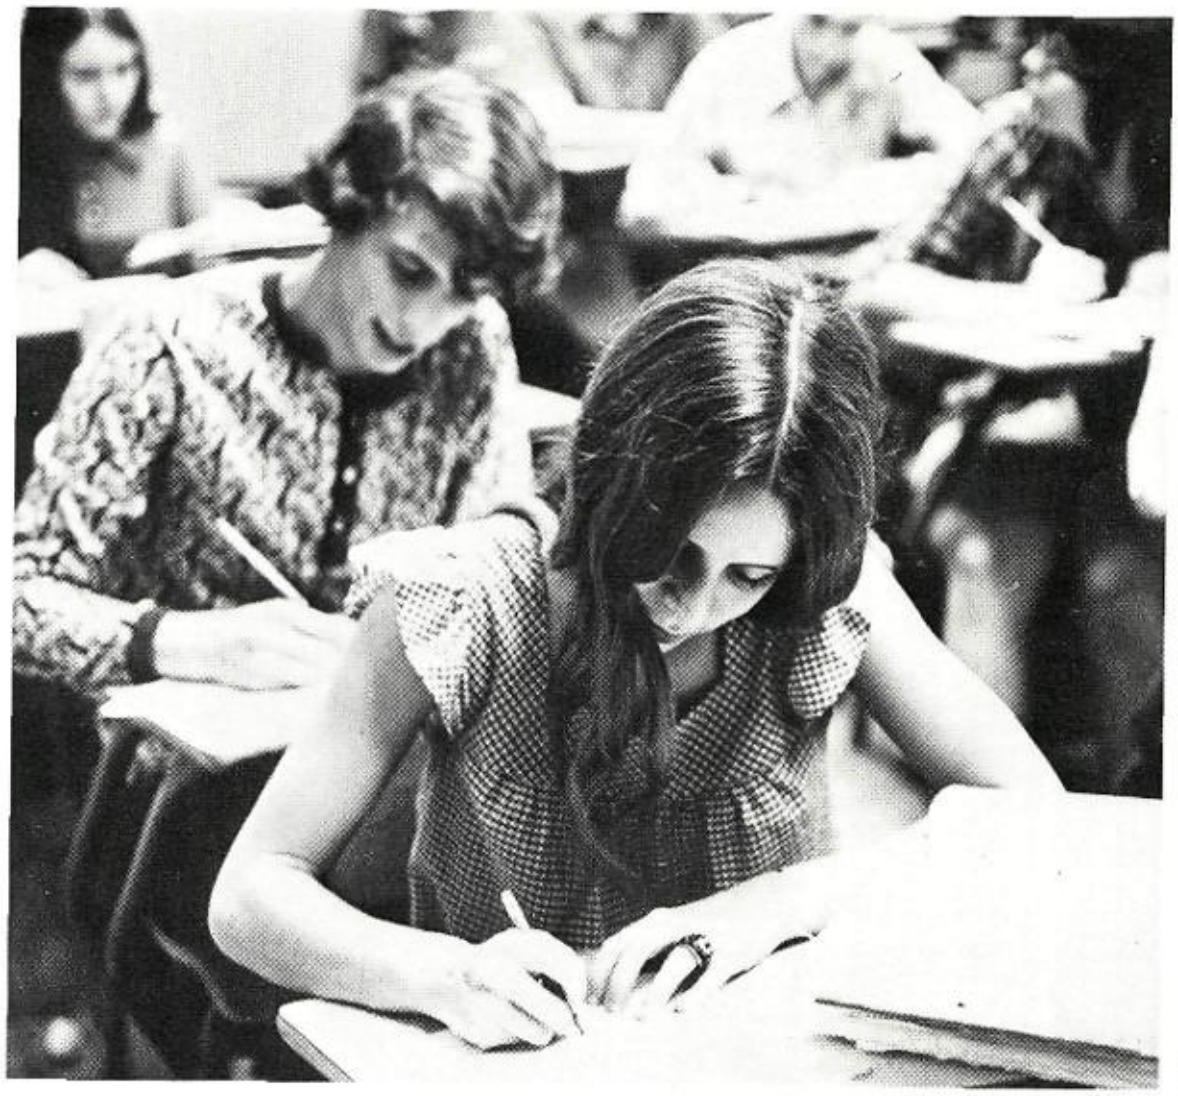
A



B



C



D

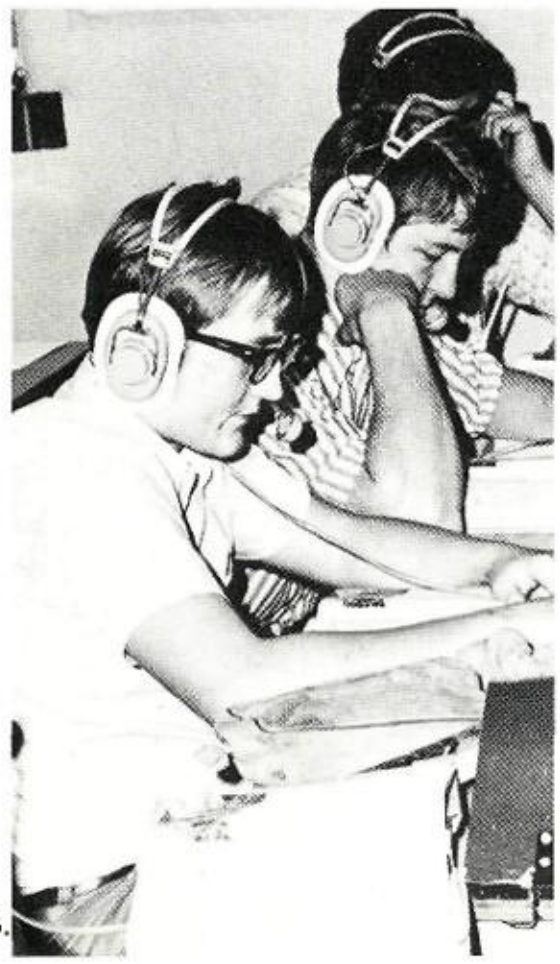
E

A. It takes time and concentration to produce a good theme. B. Classroom work is only a link in the chain of academic success. C. Steve Atwell looks outside to see if someone — anyone can give him the answer on a test. D. Hard at work are Marie Jarvis and Randy Burham. E. Standing in for the teacher, Cleophus James leads an informal discussion.

Parlez-vous français?

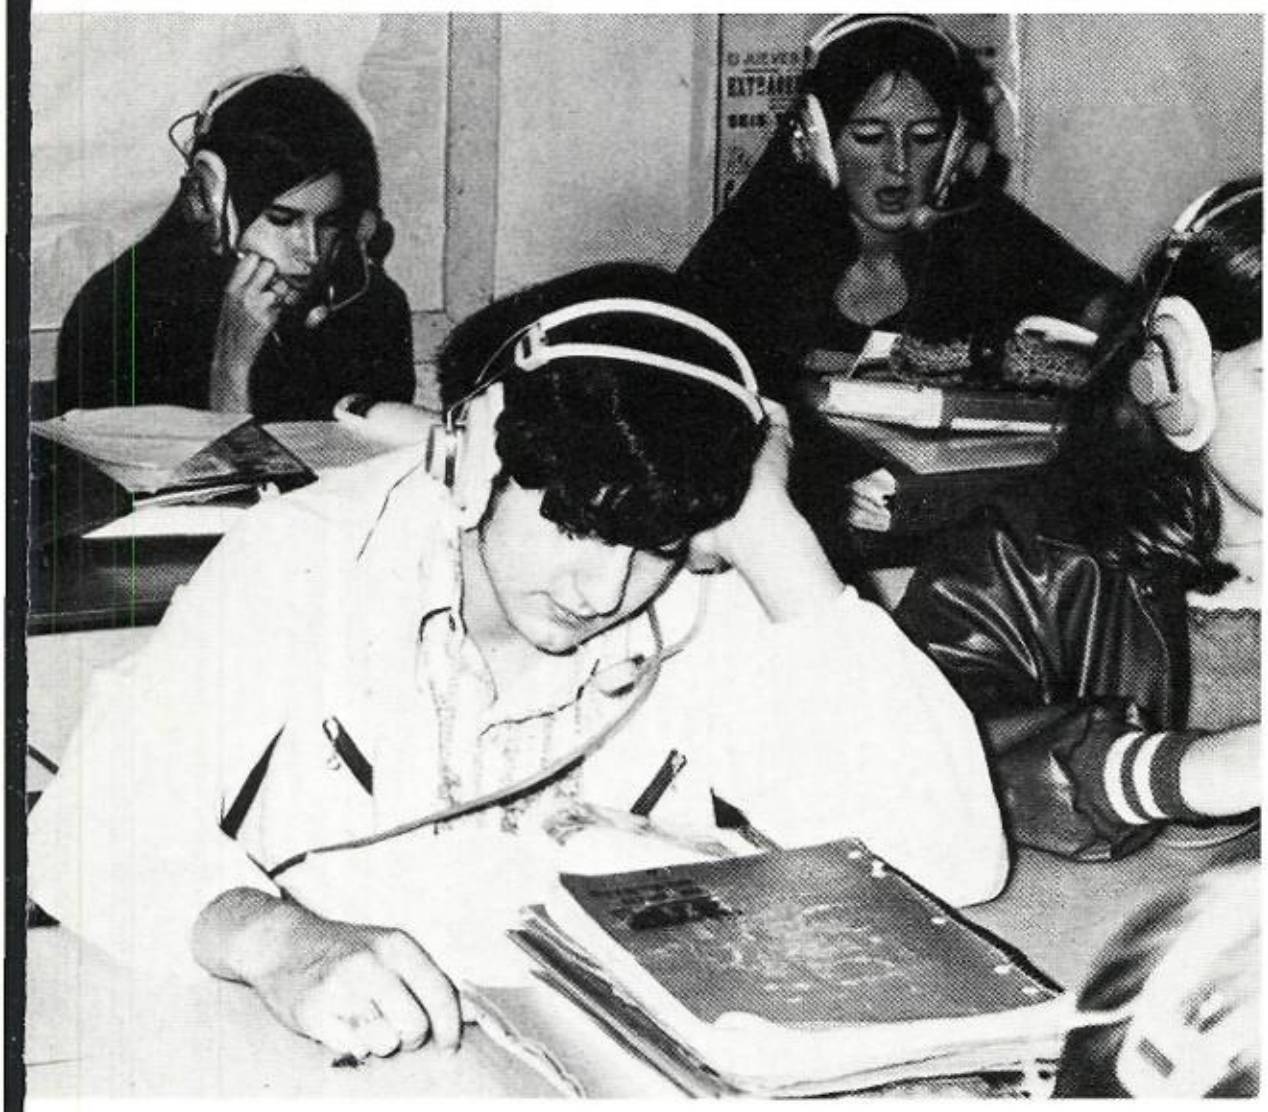
Parlez-vous français? Do you speak French? Or Latina? Or Espanole? Whatever it is — the echo of foreign gibberish can be found in Marshall High School. The language department offers two and three years of each language taught — Latin, French and Spanish. Teachers strive to teach their pupils the basics and how to orally communicate in each language.

A.



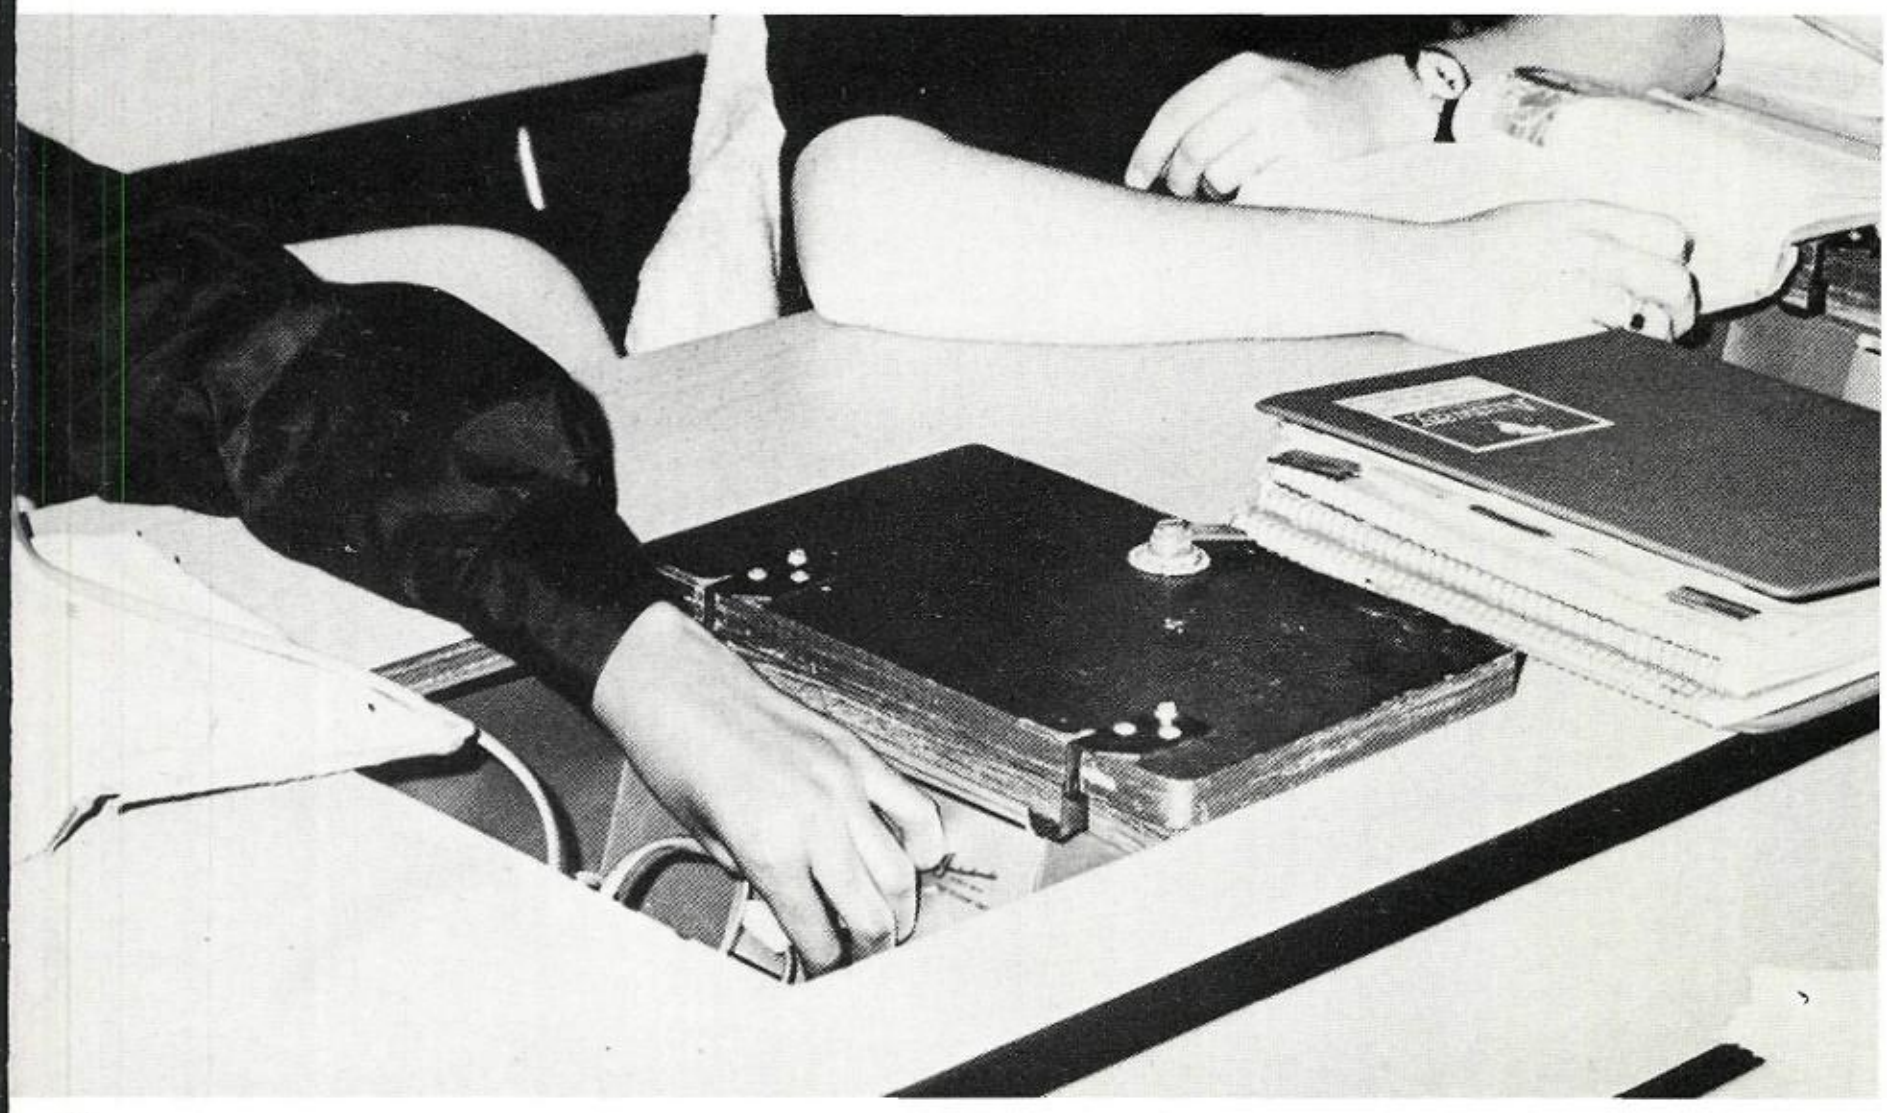
B.

C.



D.

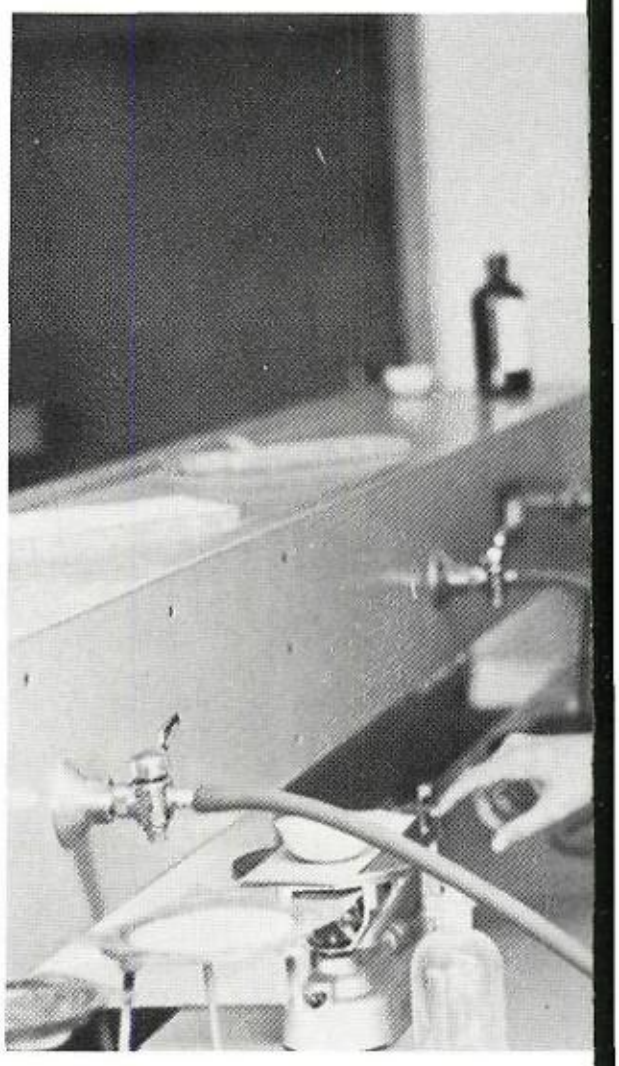
A. Miss Harrel gives a wink at a passer while reading a magazine. B. Laboratory facilities help aid in foreign *language courses.* C. *Peggy Long and* Charlotte Walker prepare for a lab session. D. Tommy Thomas listens attentively to the tape. E. Lemon flavor Joy keeps my hands soft and mild.



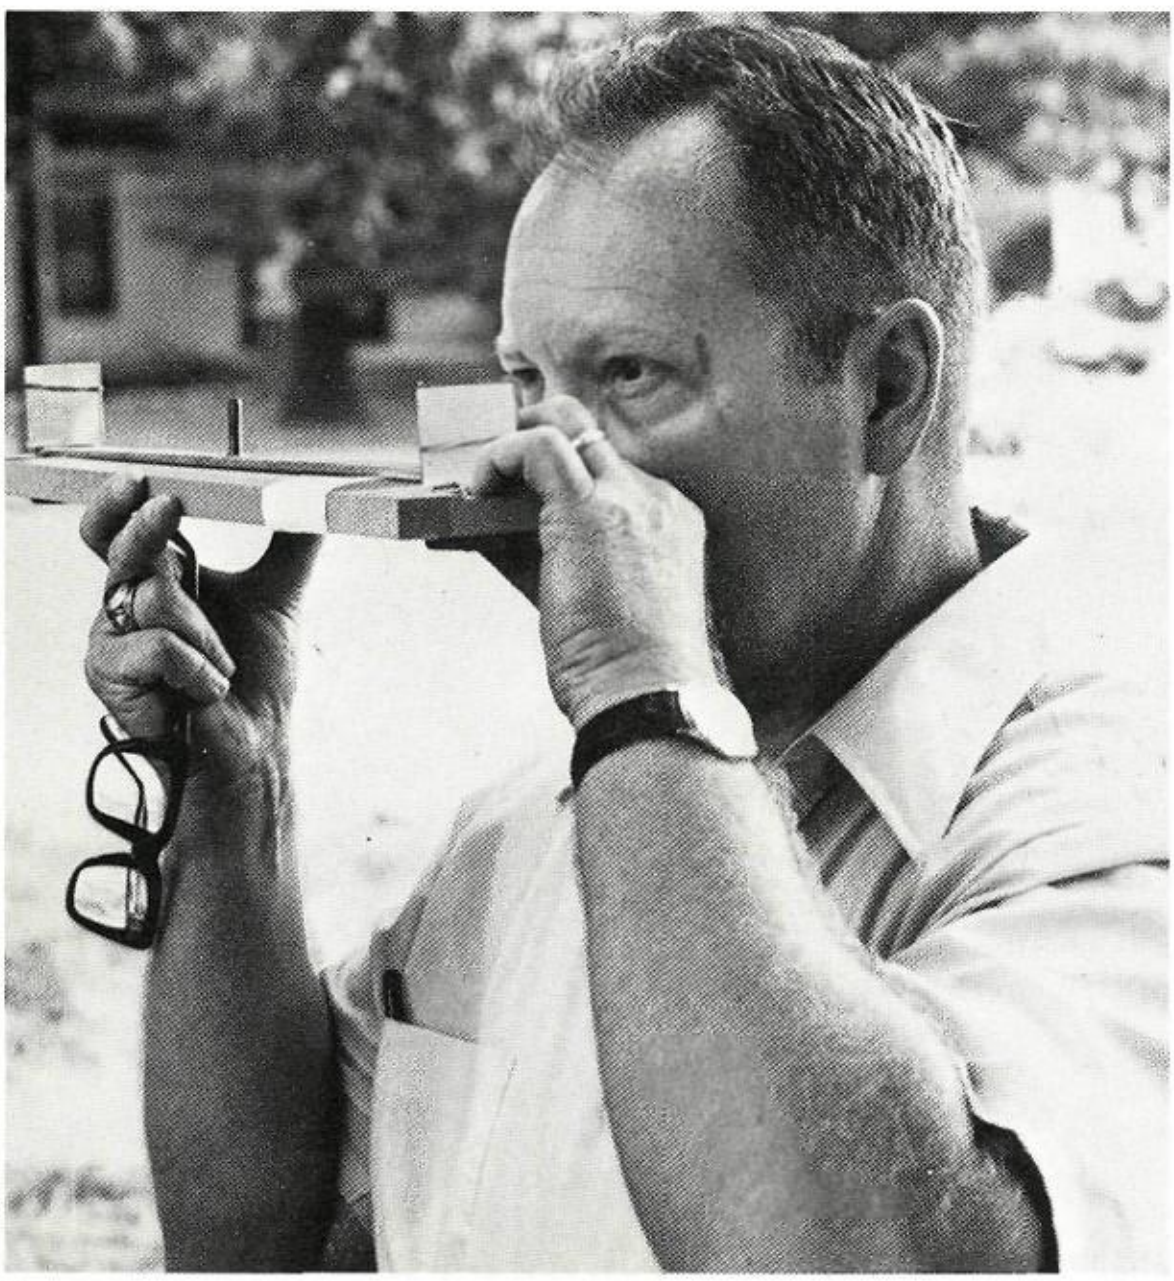
E.

Skin a Cat?

"But I don't want to skin that cat!" That's too bad because if you don't skin that cat, you fail. Even if you tell the teacher that you will faint, you still have to skin the cat. Then after skinning the cat, you have to dissect it. It's one thing after another. If it's not skinning cats, it's dissecting frogs, catching bugs, or drawing a golgi apparatus. After you finally make it through biology, chemistry is next. It's always fun to act like a mad scientist and see what concoction you can come up with. In chemistry everyone is introduced to the faithful bunsen burner (which you can never get to light) and your safety goggles. The whole school knows you've been in the lab because everyone can see the goggles' imprint on your face. Oh, Well, that's the consequences.



A



B

C

A. Mollie Williams and Ronald Hadley enjoy being mad scientists. B. Mr. Kenneth Hall demonstrates range finding with a double mirror range finder. C. Brenda More is busy classifying bugs. D. Mr. Robert Frost consults his taxonomy guide. E. Debora Foster and Richard Bueche take part in the range finding experiment.

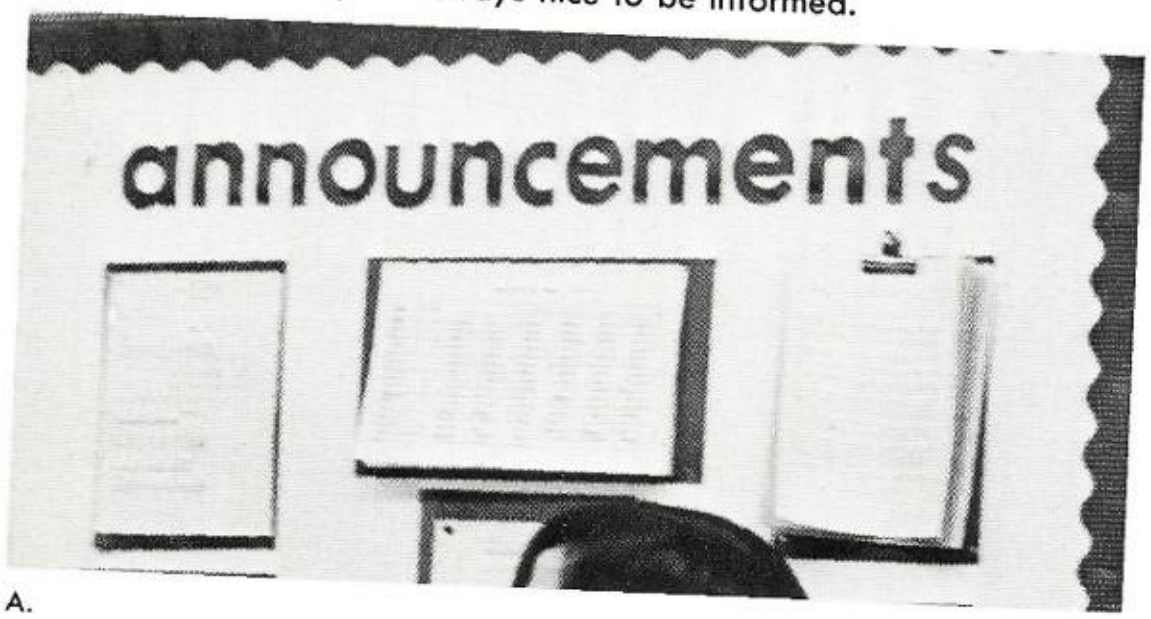
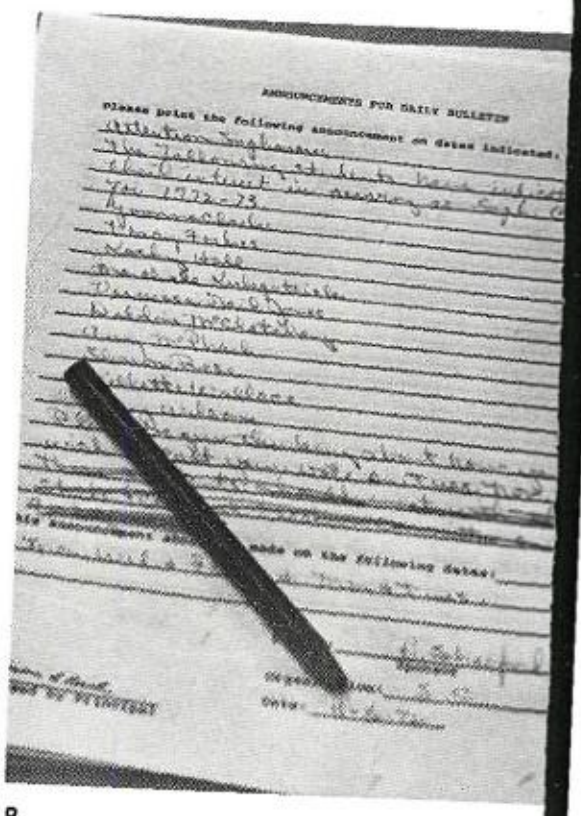
In Two More Minutes . . .

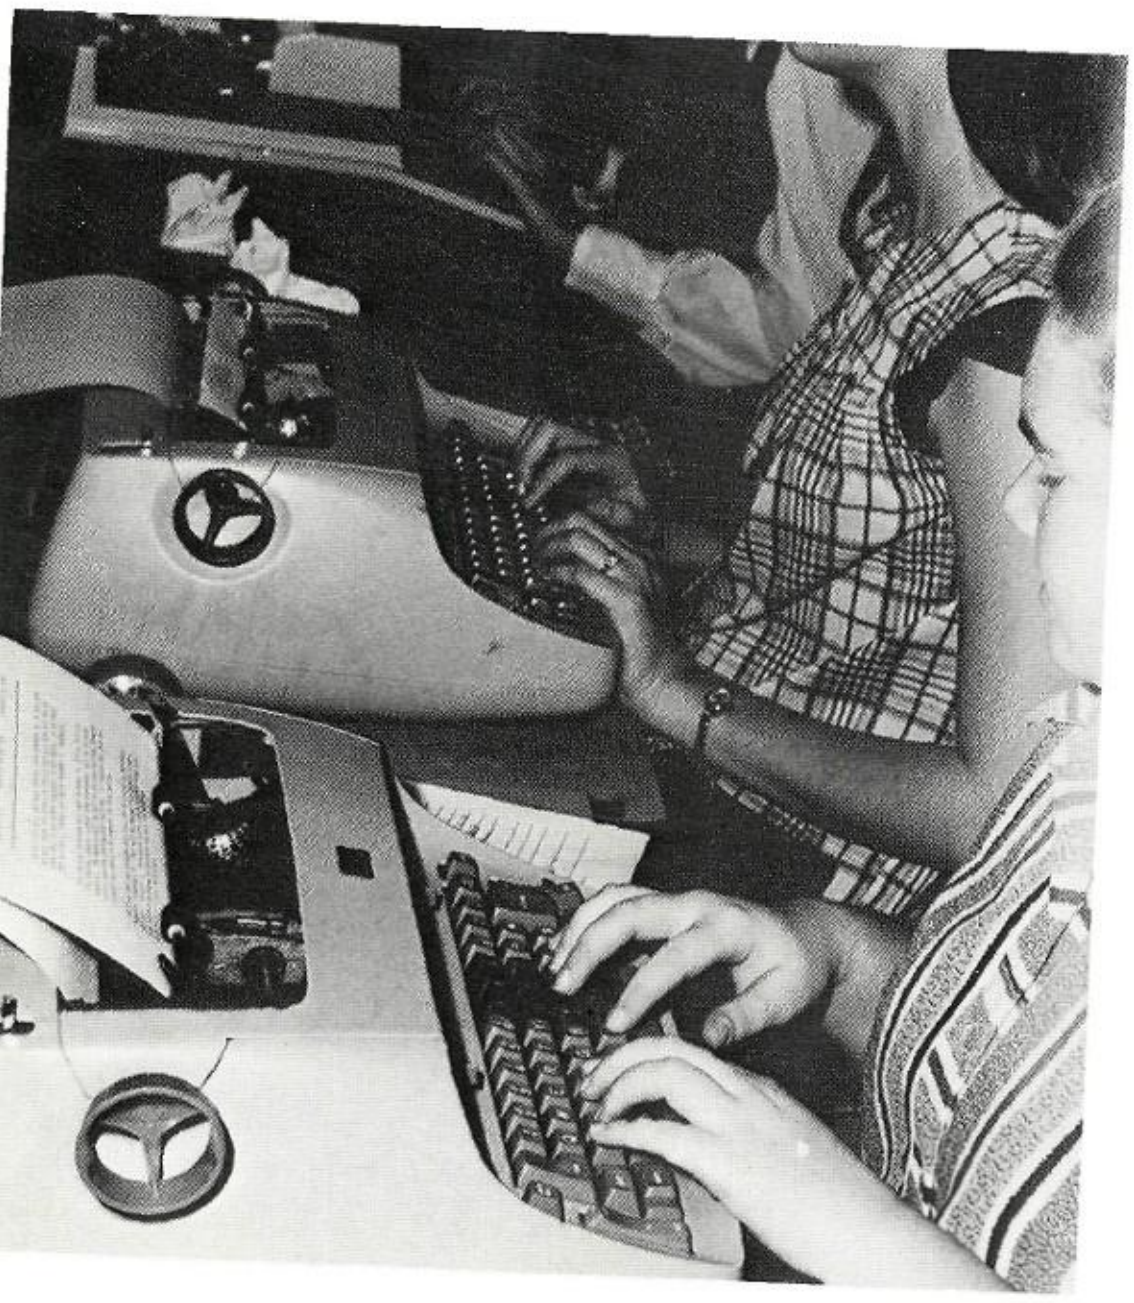
What a familiar phrase — In two more minutes announcements will be made, so teachers finish up your assignments. Two minutes goes by and suddenly it's, announcements, announcements! A familiar voice begins to tell us all the important things and the not so important things. But this year there is a new form of announcements. The teachers are given typed announcement sheets and are to read them second period. But many times the teachers forget to read them or become annoyed at reading such a long paper. Several of the teachers post the announcements and let the students read them on their own. But no matter how unimportant some of the announcements are, it's always nice to be informed.



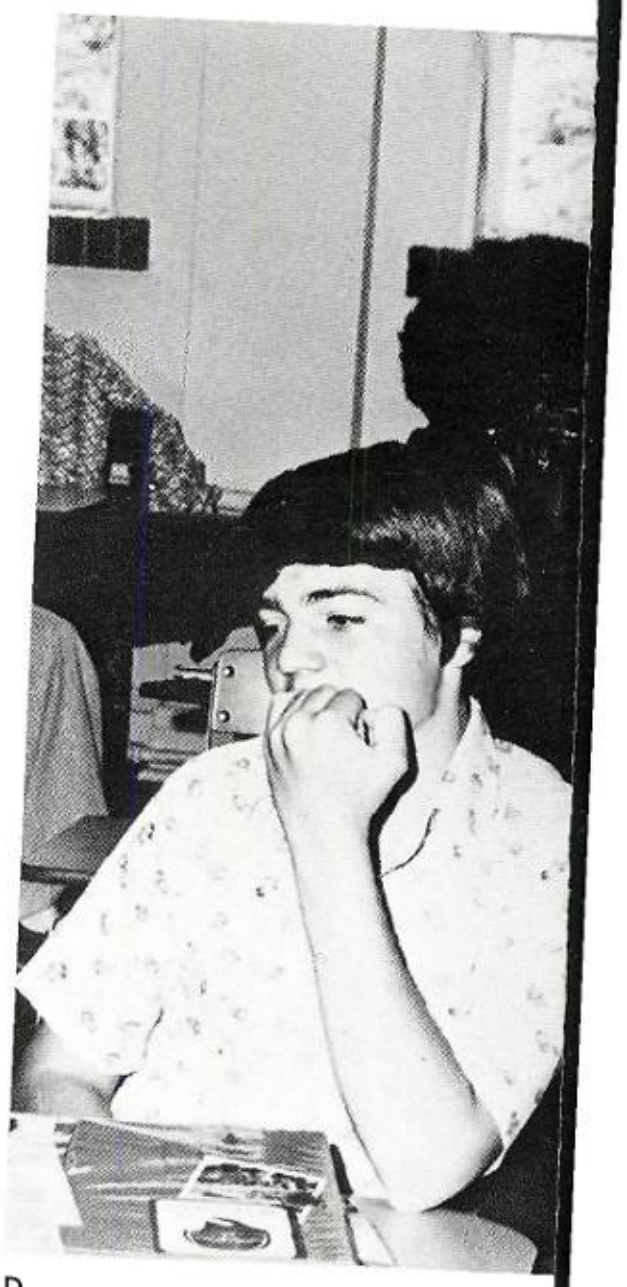
A.



B.



C.



D.

E.

A. Many teachers have special bulletin boards for announcements. B. Teachers fill out announcement sheets in order for the VOE students to prepare them for the announcements paper. C. VOE lab students type the announcements which are circulated to the teachers. D. Paul Grant portrays a typical student during announcements over the inter-com. E. Sybil King makes a drill team announcement over the inter-com system. F. Miss Ellis just loves reading announcements. G. Mr. Roark makes an announcement over the speaker in the auditorium during registration.

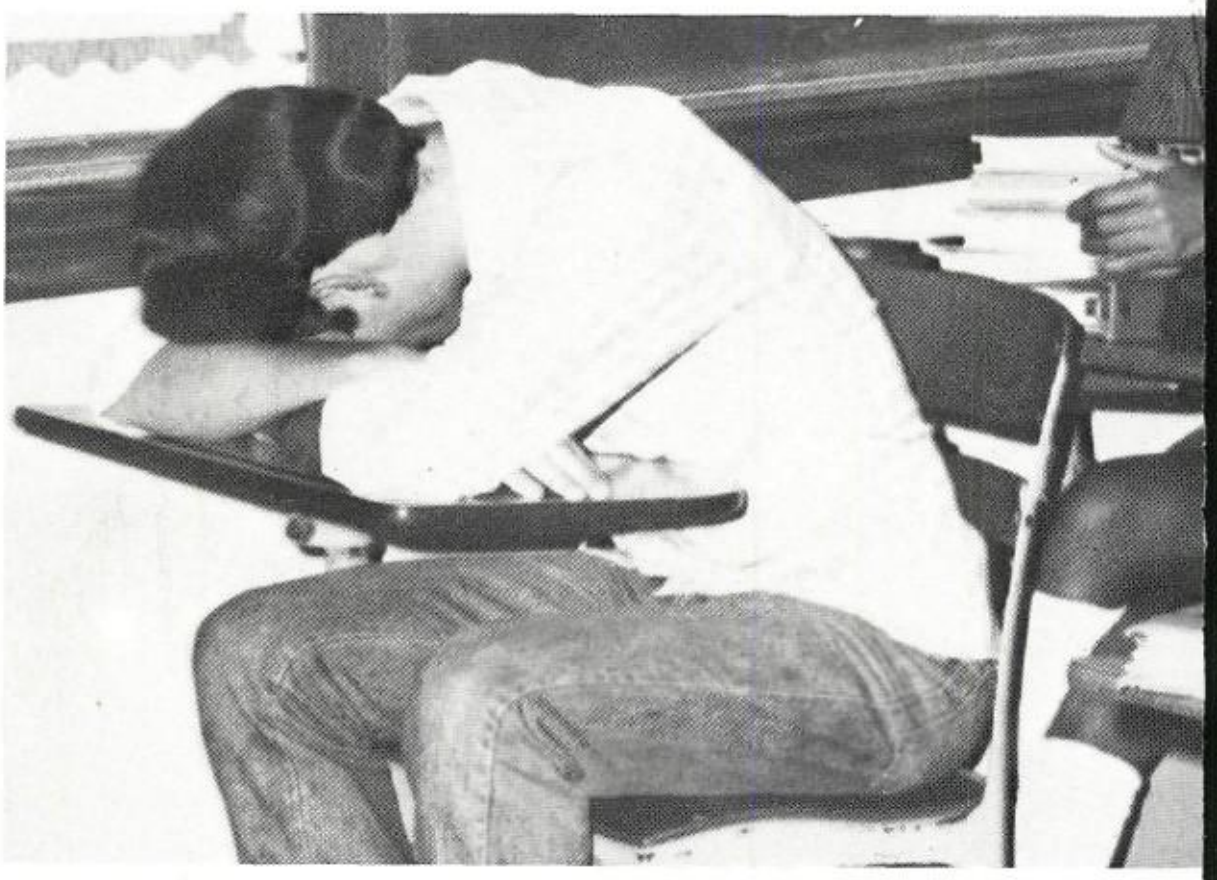
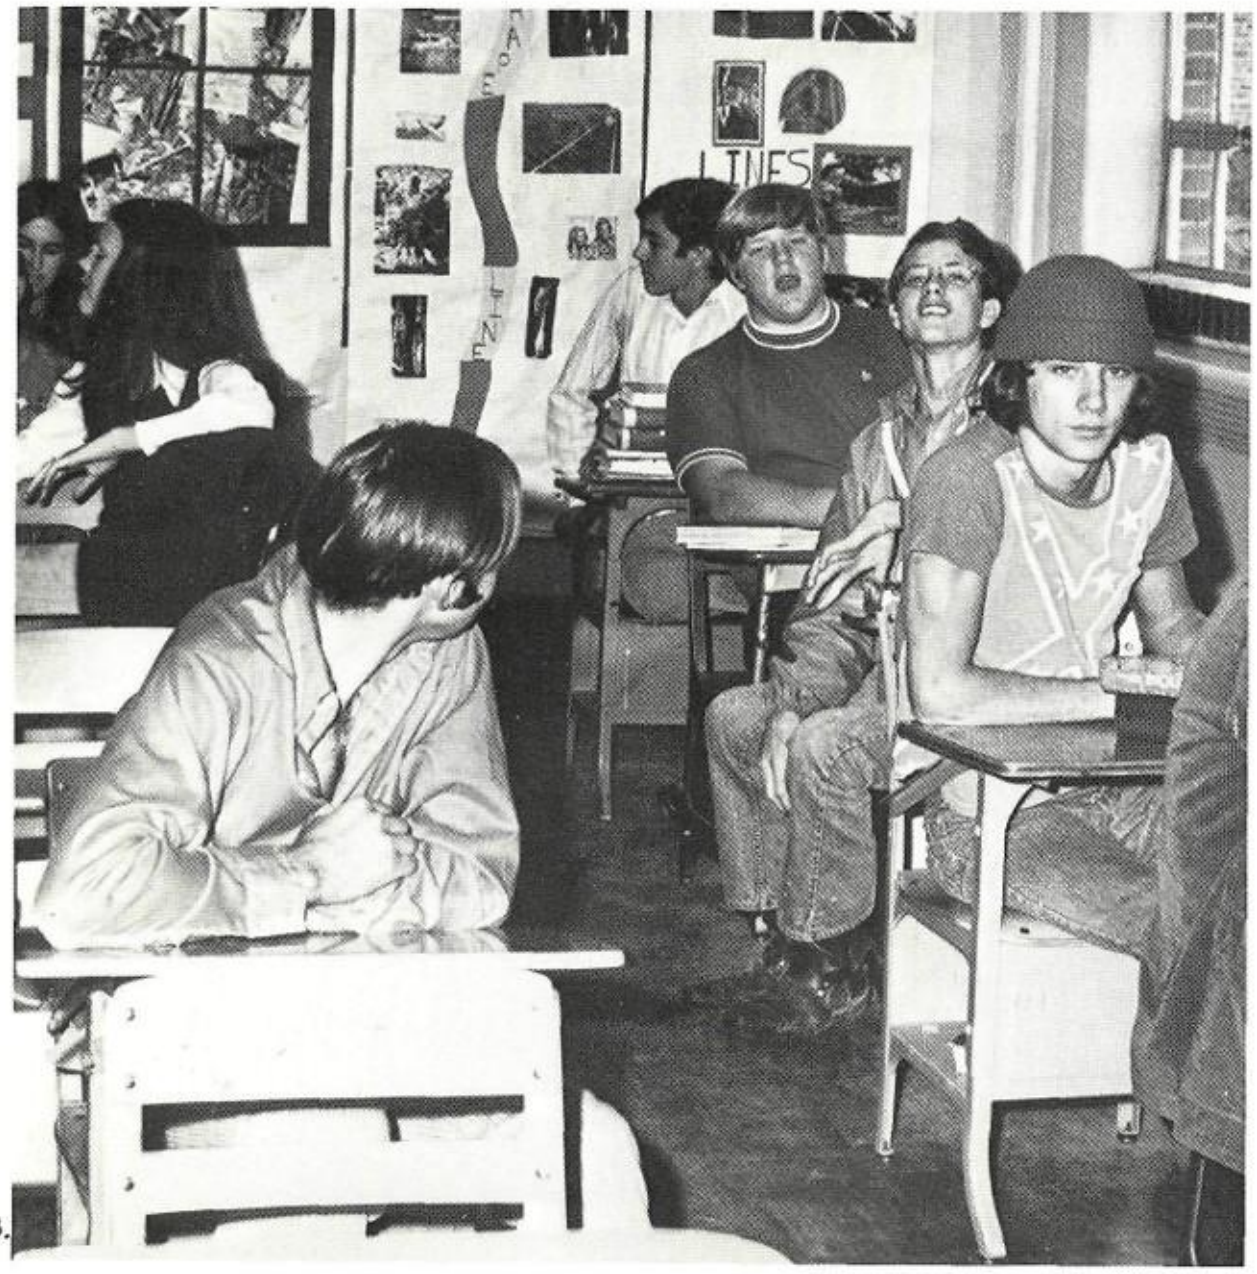
Homeroom Schedule Today

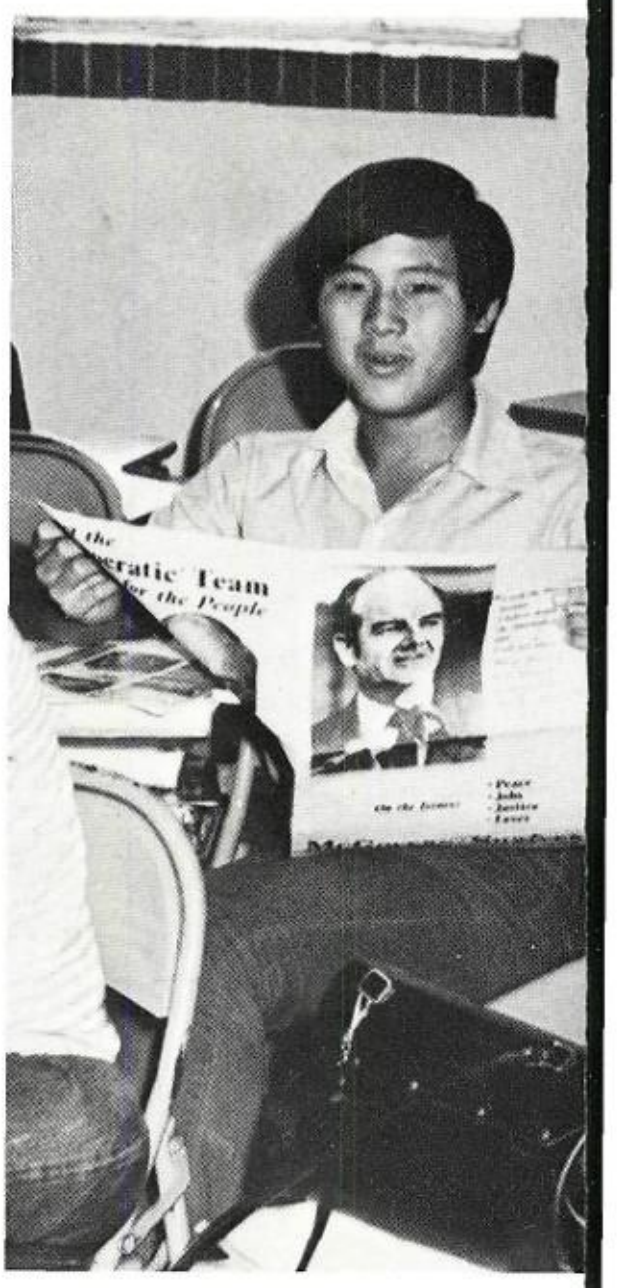
Homeroom — a time to sleep, study, and talk, and occasionally listen to the homeroom teacher. Usually the seniors have assemblies and the sophomores and juniors go to homeroom. But one time this year the whole student body got to go to an assembly. Homeroom does come in handy sometimes. Having fifteen *minutes to study for a test you* forgot about really helps.



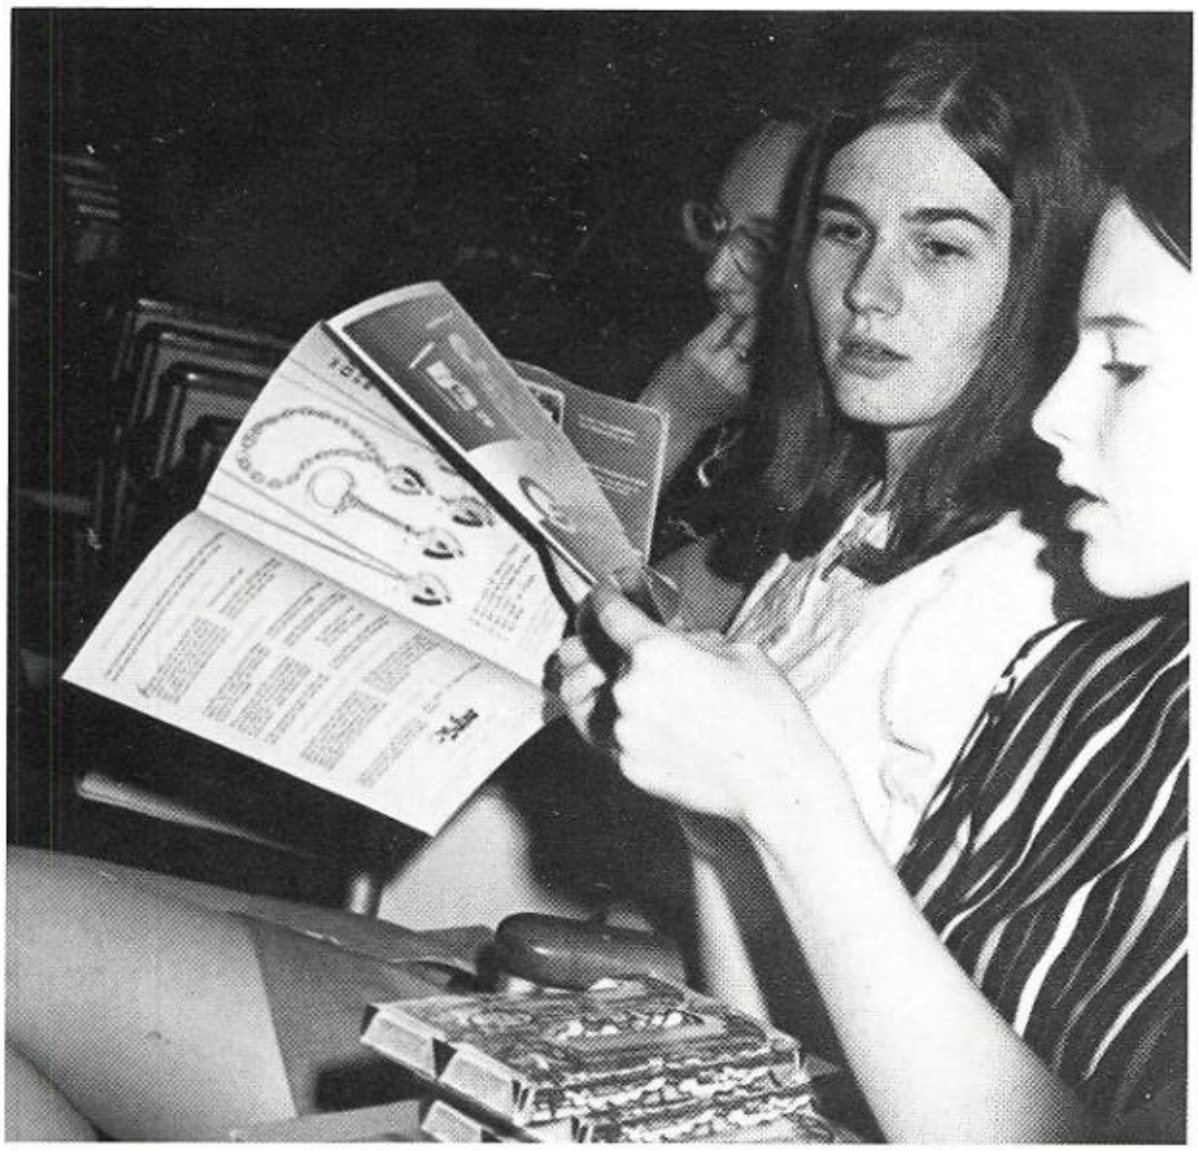
A.



B.



C.



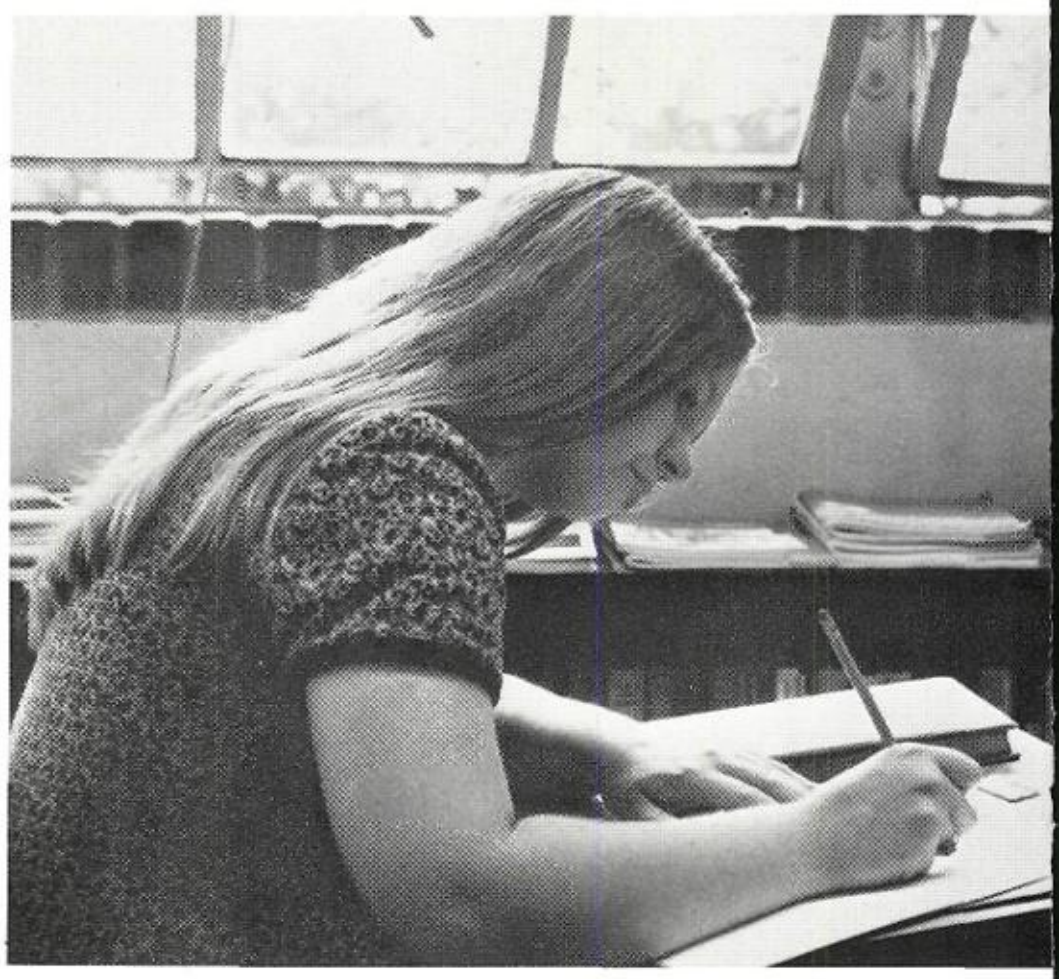
D.

A. Some students choose to sleep during homeroom. B. Many students use homeroom as a talk time. C. David Chiang spends homeroom time reading. D. Anita Dean and Eva Swafford decide together how many invitations they will order. E. Students attend an assembly in the gym on spirit.

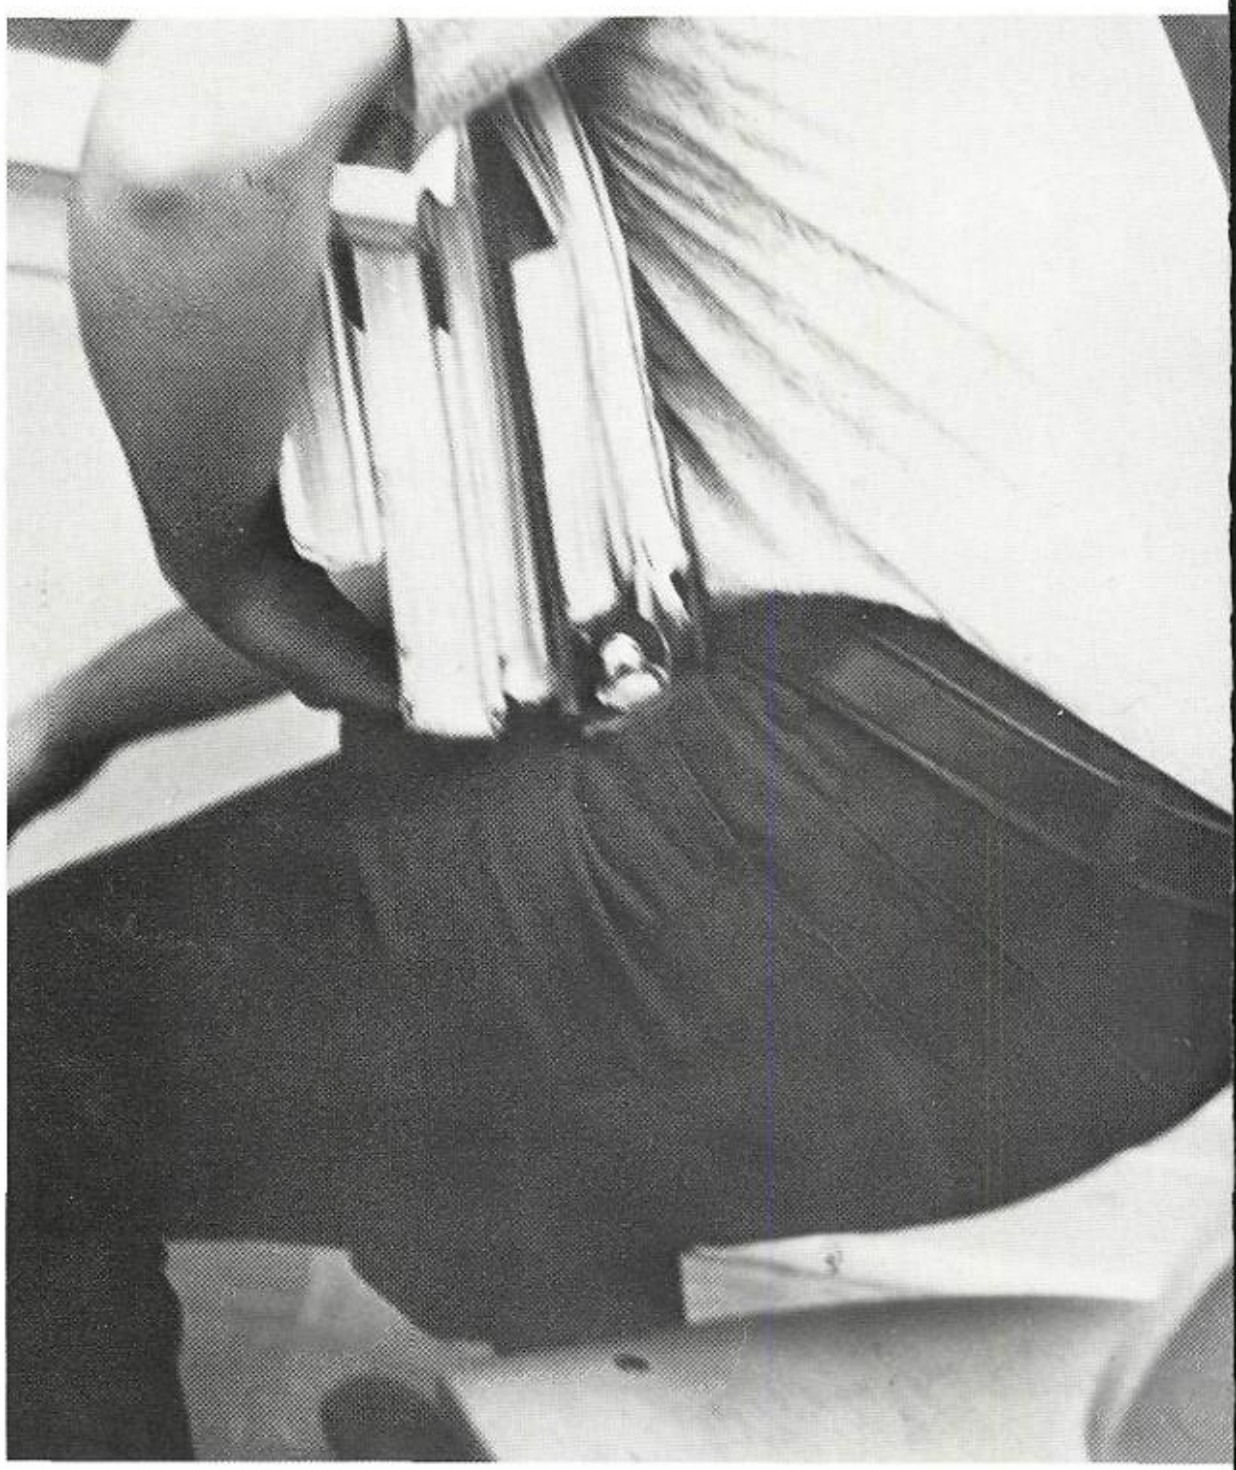
E.

Ring Bell, Ring

As the clock shows four minutes twenty seconds and counting, students have books in arms and are ready to assume racing position. Others are still working hard at class assignments. Teachers show exasperating looks, almost ready to dismiss class. Then it comes. On your mark, get set . . . what! No Bell. Finally after eighteen seconds — ring. Something must be done — clocks are off!



A.



B.

D.

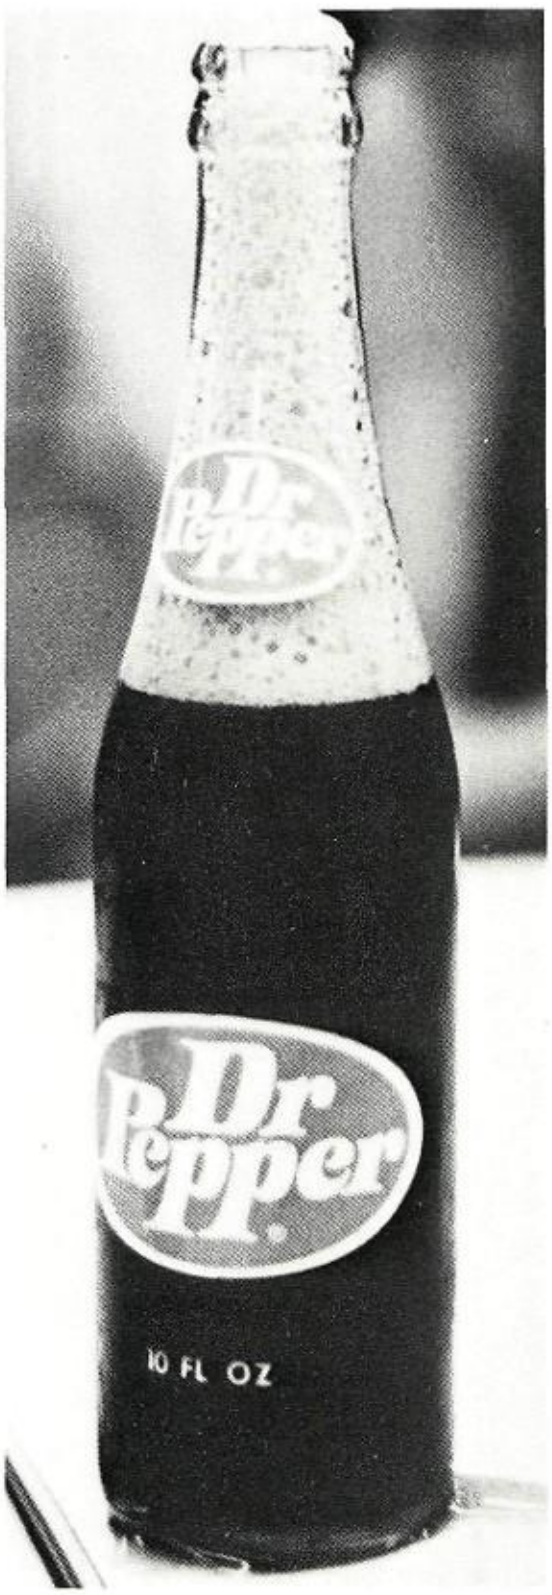
It's School Lunch Time . . .

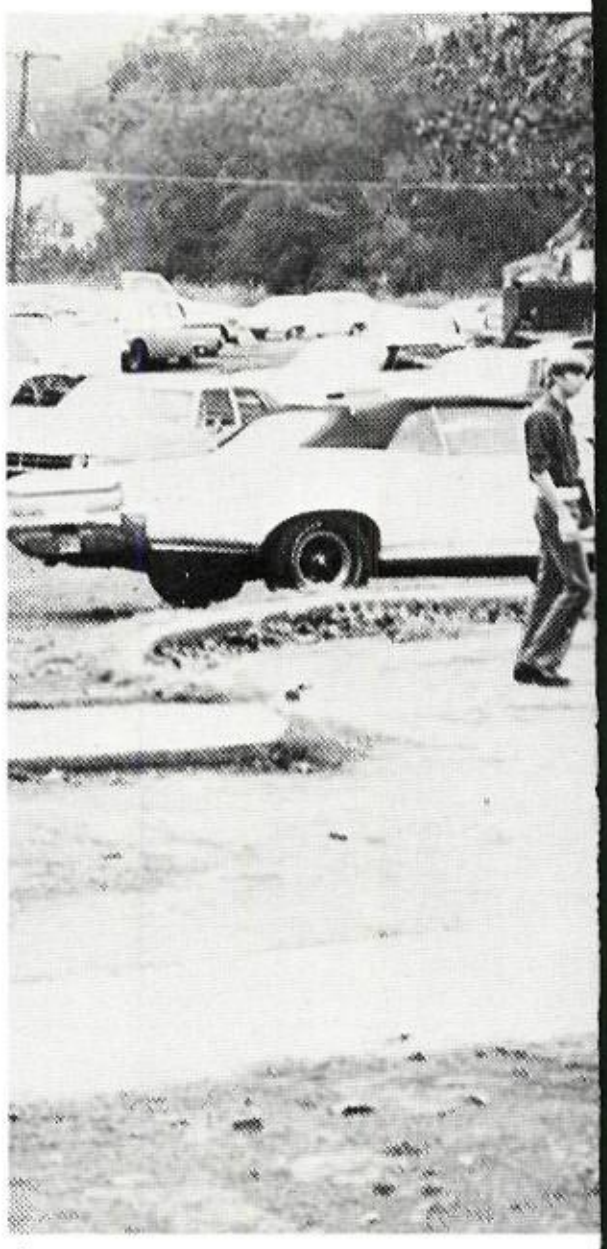
Now comes the blocking and tackling of real competition. The school lunch line. Race for your position. Then fight for the best tray. Grab some milk and catsup. Finally that embarrassing time of finding a place. To some it's a catastrophe. Others just take it in stride.



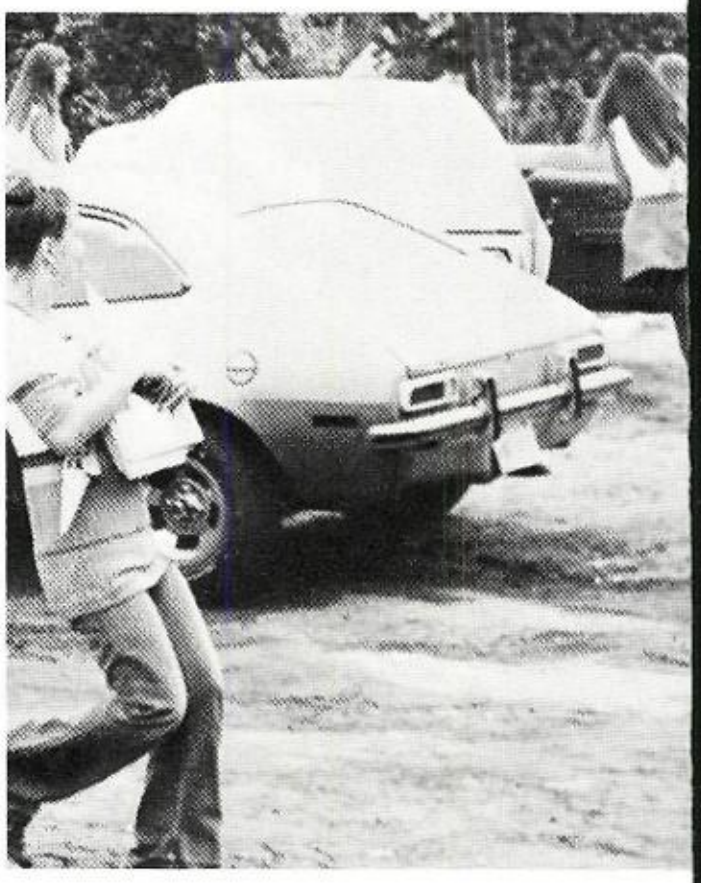
A. Vickie Shaefer appears bewildered in the school cafeteria. B. Students enjoy the relaxation of lunch time. C. At last, Bernard Jones finds a suitable place to eat. D. Large crowds don't seem to bother Gladys Moore.

Racers Start Your Engines

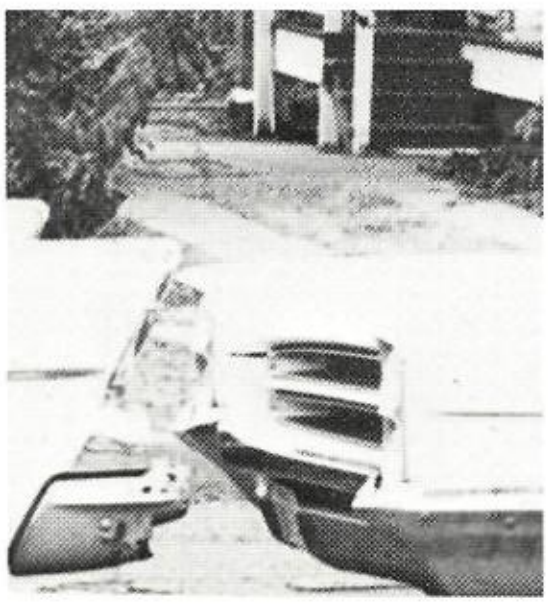
Of course if football isn't your game then maybe it's the drag races. Pile everyone in. Hide the fourth person on the front floor board. The one by the door shall block traffic as we make it out the parking lot. Now we're on Grand. Where shall we go for lunch? Half get out for a hamburger, some for chicken, the rest just ride. Time to pick everyone up. The race begins again. Back to school, but no parking place. Another lap must be taken. The bell . . . we're tardy. To the Dean we must go. Makes you want to bring your lunch and eat in the school yard.



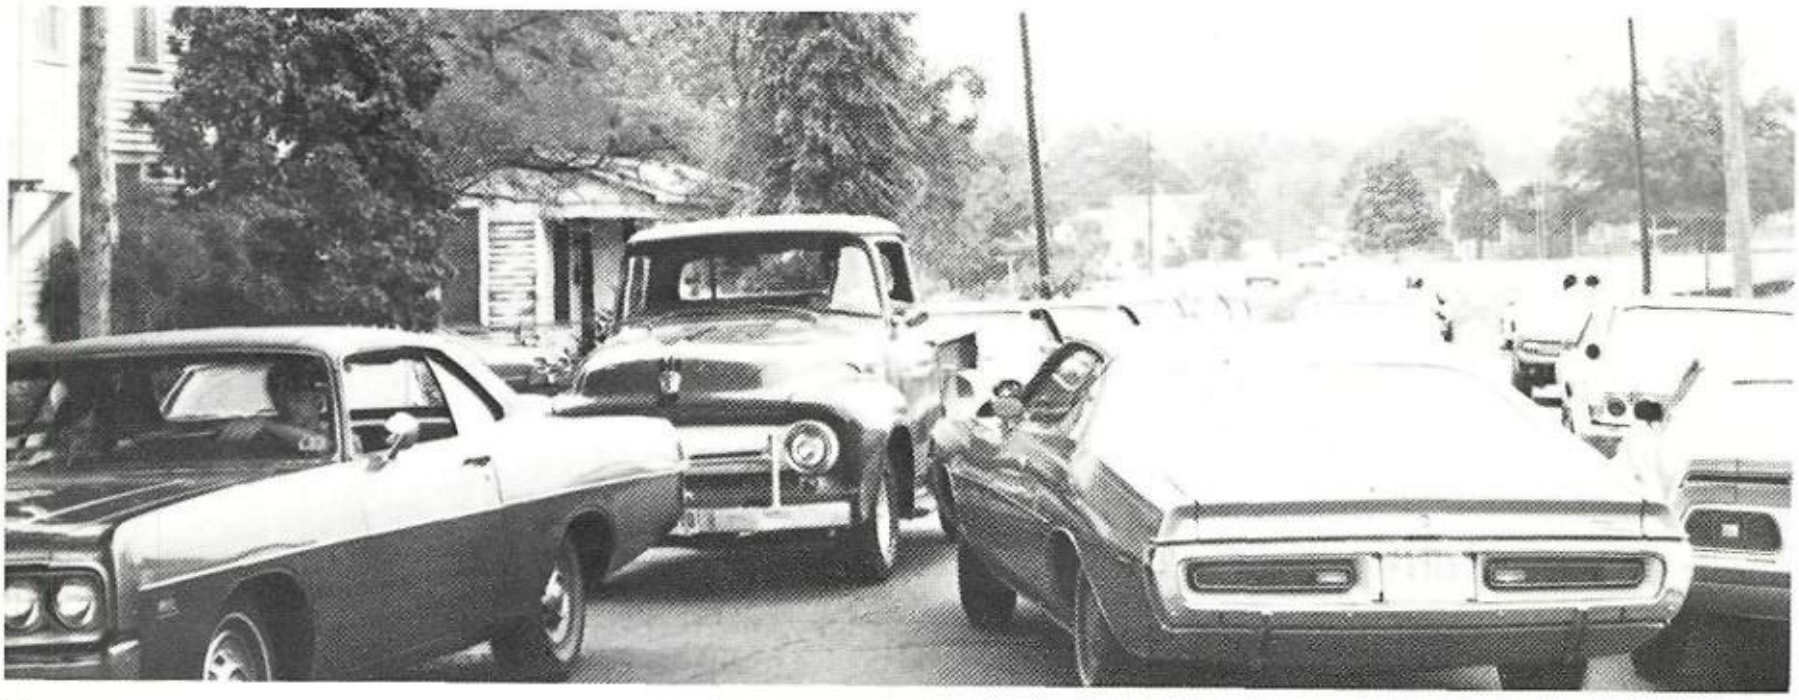
A.



B.



C.

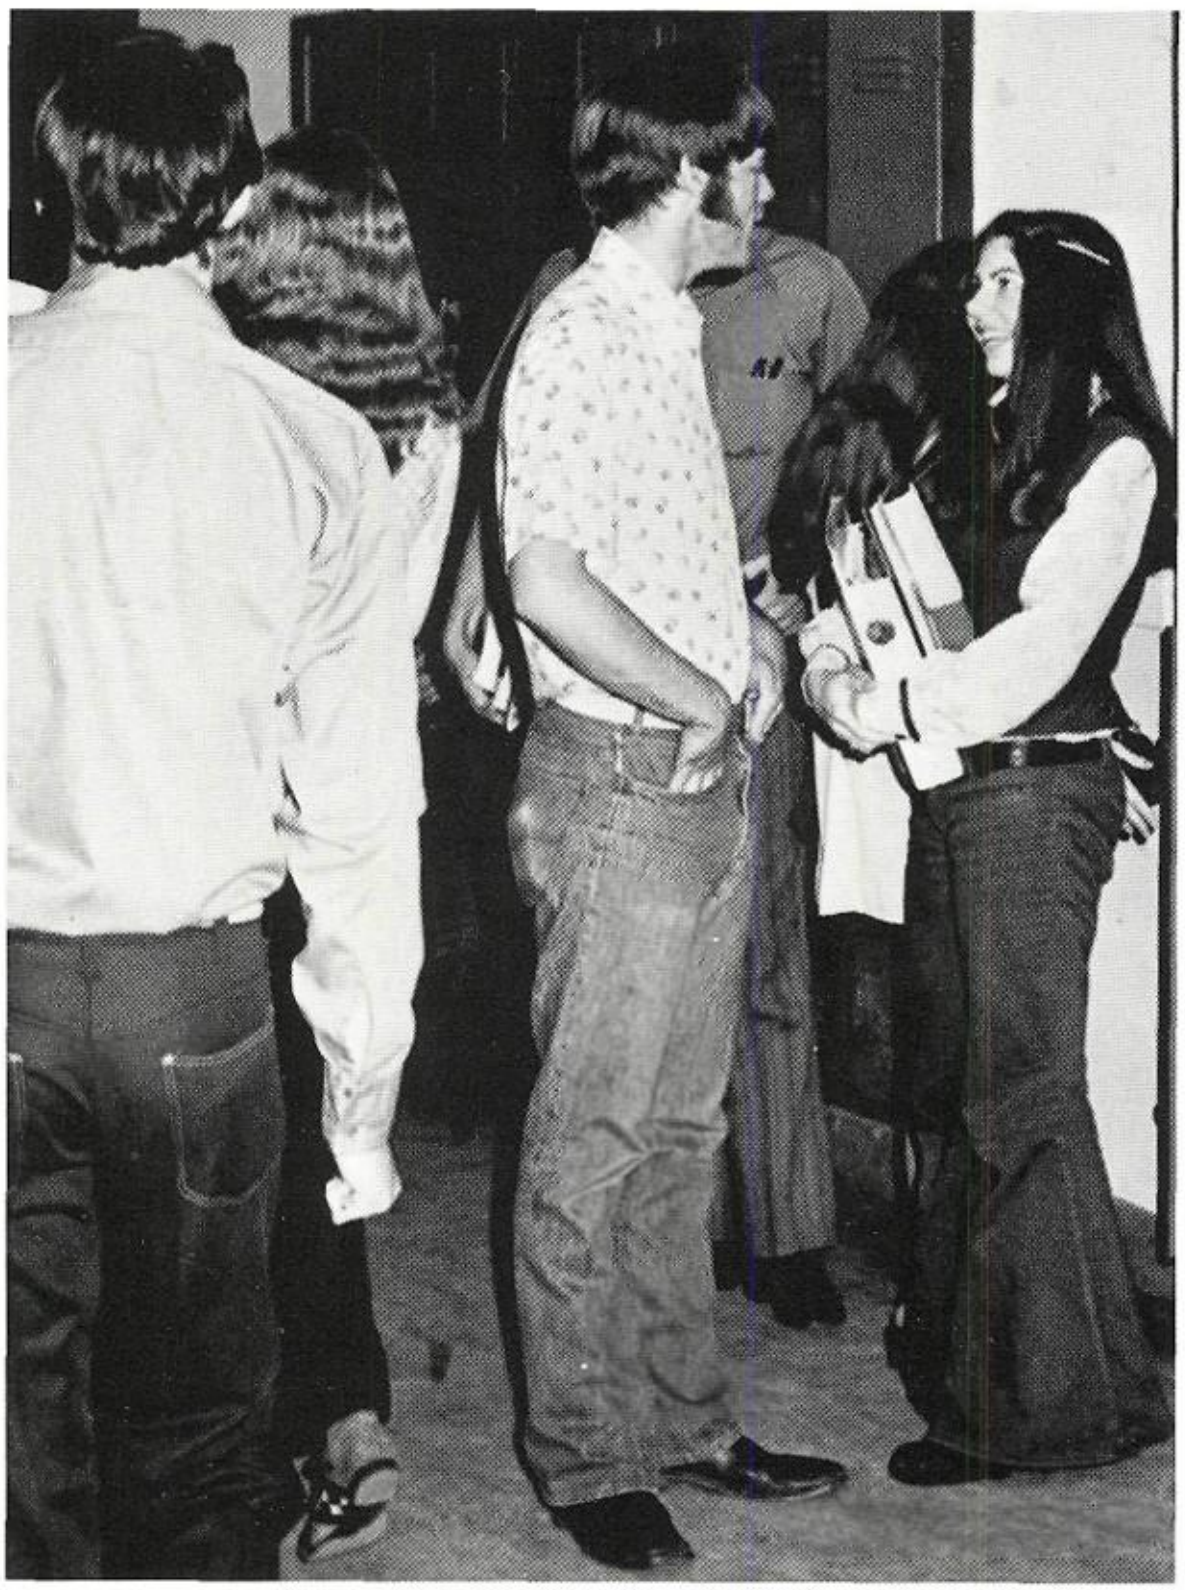


D.

A. Some race to lunch others take their time. B. Running in and out of cars can be risky as everyone heads out for lunch. C. McDonald's is our kind of place. D. Traffic piles up fast, but moves out even faster.

A.

B.



C.

A. Debbie Pierce marches to class. B. Brenda Morgan, Kathy Smith, and Gene Robertson gather needed books from lockers. C. A quick bit of gossip is exchanged between Gene Power and Cathy McCall. D. Students of MHS make their way through crowded halls. E. "Relax, take your shoes off. I've got all of five minutes," says Mary Wilson. F. Gregg Roden tromps on to class.

Don't Push Me Man

D.

Not only is automobile traffic a problem of society, hall traffic proves to be almost an equal menace to our civilized world. With only five minutes to walk, or shall we say run, from room 320 all the way to room 102, some students can't help but be a few minutes late. It's not being late that's so flustrating. What about reaching one of those often avoided narrow halls that everyone else decided not to avoid today. Often makes you want to fall to the floor and crawl around on your hands and knees. Not every one has such a problem. Some are lucky; they can find a quiet little corner niche to sit down and rest — even if its only for a few seconds.

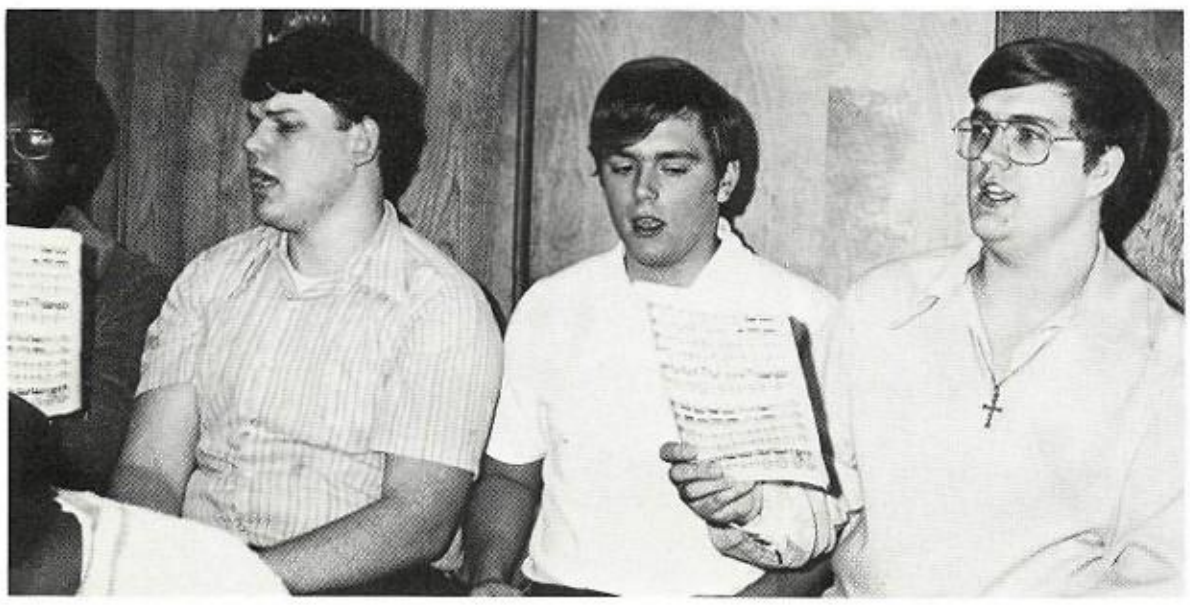
Do Re Mi . . .

Making up the choir program of Marshall High School this year are Choralettes and the concert choir. Director of the two talented choirs is Mr. Mike Brock who has helped to direct them to their outstanding showings in all their performances. The choirs have presented to the public their musical talent at the annual Christmas Tree Lighting, during a patriotic half-time show accompanying the Mavettes, and at the Music Booster Club Program.

The accompanists for the Choralettes are Patrice Shoemaker, Clair Collins, and Mollie Williams while the concert choir boasts of Marvin Washington as their piano accompanist. The talented accompanists play an important part in the success of the performances of the two choirs. Careful practice and a dedication to the precision necessary for good performances can easily be seen in the fine quality of their music.

A.



A. Roger Pierce, John Warfield and Robert Hadlock join Babe Jones in singing with the Concert Choir. B. Concert Choir girls — Eileen Wilson, Debbie Graves, Sally Stark, Dorcas Cooke, Cindy Woolbert and Christie Fromm. C. Practice makes perfect in the Choralettes.

Do Yourself a Favor, Read a Book

Under the sponsorship of Mrs. Dorothy Cordray the Marshall High School Library Club participated in local and district activities. The district meeting was held here at Marshall Jr. High led by district president Carrie Sibley. Jeff Palmer was elected as Mr. Tala. They also participated in a local event in the Christmas parade. One of the goals of the club is to influence others to create a new interest in reading. So why not take a minute and read a book. Maybe you'll find out reading isn't that bad after all.

Self-Expression: A Needed Art

The journalism classes this year had many interesting projects. They had a special unit dealing with advertising. The classes learned the different types of advertising and how to reach the general public. To complete the unit the classes acted out commercials advertising their own products.

The speech classes were also involved in many classroom activities that included much preparation to be presented before the class. The students spent much time learning how to prepare speeches and how to better their verbal communication.

A. Dawn Franks and Charlotte Ford converse during a free moment in class. B. Charles Hearne "snickers" as he spots something funny. C. Acting out an advertising scene are Veronica Davidson and Lavencia Sparks.

Have You Seen the Picture of . . . ?

Photographers are very badly needed when you put an annual together. They risk their lives on the football field, pop into classrooms unexpectedly, and capture precious moments in the lives of high school students. And what would an annual be without those unforgettable class pictures? Isn't it true also that all the athletes turn to the sports section first to see if there's a picture of themselves making that great tackle the coach seemed to miss or the lay-up shot that no one could remember? Of course, we all know that the teachers turn to the organizations right away to see who achieved what, who went to what convention and who received what award. While everybody is turning to their favorite page in the book, the staff is already getting new ideas for next year.

Students Learn Valuable Skills to Prepare for the Future

The Industrial Arts courses prepare students for careers in construction. These courses foster the development of a strong foundation in the skills, knowledge, and attitudes that are inherent in qualities of versatility and resourcefulness. Woodworking and drafting are included in the program of Industrial Arts. The basics of architecture, engineering and other technical careers are taught in general woodwork.

The sponsors of the FFA are Mr. Henry Woodley and Mr. Jerry Woodley. To develop leadership, cooperation and citizenship among its members is the primary purpose of the FFA. Being the oldest of the vocational clubs, the FFA was first organized in 1928 and spread throughout the United States. Some of the activities are the citrus fruit sale, showing of calf projects, and participating in various judging contests. The officers this year are President — Randy Foster, Vice-President — Cal Gaines, Secretary — Carl Blow, Treasurer — Roy Fisher, Student Advisor — Thomas Robertson, Reporter — Barry Moore, Sentinel — Barry Young.

Write, Type, and Gripe

Journals, journals, and more journals! Every time I turn around, there is a new journal. Bookkeeping started out to be easy, but wow, did it ever become confusing. Speaking of confusing, you should have seen my shorthand assignment. All those curly squiggly things still confuse me. And when I try to write it, I make a mess. I wish I had some kind of machine that would type the things for me. But that would not work. I don't type very well. Once I thought that I had typed a whole letter correctly, but when I looked at it, it was all a bunch of gibberish. I had my hands on the wrong keys! But there is one machine that I know how to operate. It's my trusty adding machine in clerical practice. It took a while, but I finally mastered it.

While Some Work, Others Read

Not many schools have a great number of National Merit Scholarship finalists and Marshall is no exception. However our school can boast of one such person this year. Robert Lyle scored in the top 1.5% on the PSAT and SAT college entrance exams in order to qualify as a finalist.

College plans are indefinite but he would like to attend Rice, A and M, or the University of Texas and possibly major in Aerospace Engineering.

Having a library of his own, Robert spends a lot of his time reading and particularly likes science fiction in any form. Other pastimes include watching TV and sleeping.

Robert has spent the past 12 years preparing himself for this time. His study and organization have paid off.

Vocational Training

Industrial Cooperative Training consists of occupational-related classroom instruction and on-the-job training. It provides actual trade training for small numbers of students in several different occupations such as carpentry, dry cleaning, and other fields. Any high school student sixteen years of age or older who is of junior or senior standing may enroll in the I.C.T. program.

The C.V.A.E. consists of fields such as painting, flooring, glazing, and pest control. Anyone who is one or more years behind their class academically may enroll in C.V.A.E.

School Spirit Enhanced by Talented Mavettes

This year the Marshall Mavettes had their biggest and best group of girls who worked hard to keep the school spirit growing. Pep rallies, football and basketball games, parades, and other activities occupied their work practicing for their next performances. With heads held high and flashing smiles, the Mavettes delivered a spirited routine during half-times at both home and out-of-town games. Sponsored by Mrs. Charlsie Cooke, the Mavettes have proven to be formidable competitors at the SMU drill team camp. This past summer they brought home trophies in pom-pom and dance competition. The spirit and determination of these talented girls is an asset to Marshall Sr. High School.

Practice Makes Perfect

Beginning a fresh new season, this year's Marshall Mavericks have high hopes for a winning season. New Head Coach, Ken Jones, has eleven returning lettermen from last years players from which to build his 72-73 Maverick football team.

Many long hours have been spent on the practice field in training for the upcoming season. Every player puts in a hard day's work in hopes of constantly moving up on the team.

The first scrimmage game comes and each player gets a chance to show his individual ability. The Mavericks show up good but the road ahead is assured to be long and hard. There will be practice after practice and much hard work, but that's what it takes to have a winning team.

A. The world as seen by a lone Maverick football player. B. James Marshall, Herbert Sparks, and Terry Roden go through their everyday fundamental practice. C. Marshall's Mavericks with great hopes of a district title this year started the campaign with vigorous practice sessions. The Bob Lane coached team compiled a very impressive record last year and have many starters back from that team this year. Coach Lane and the Mavericks know just exactly what kind of chance they have at the district title. With hard practice and the determination that they have, they ought to go all the way.

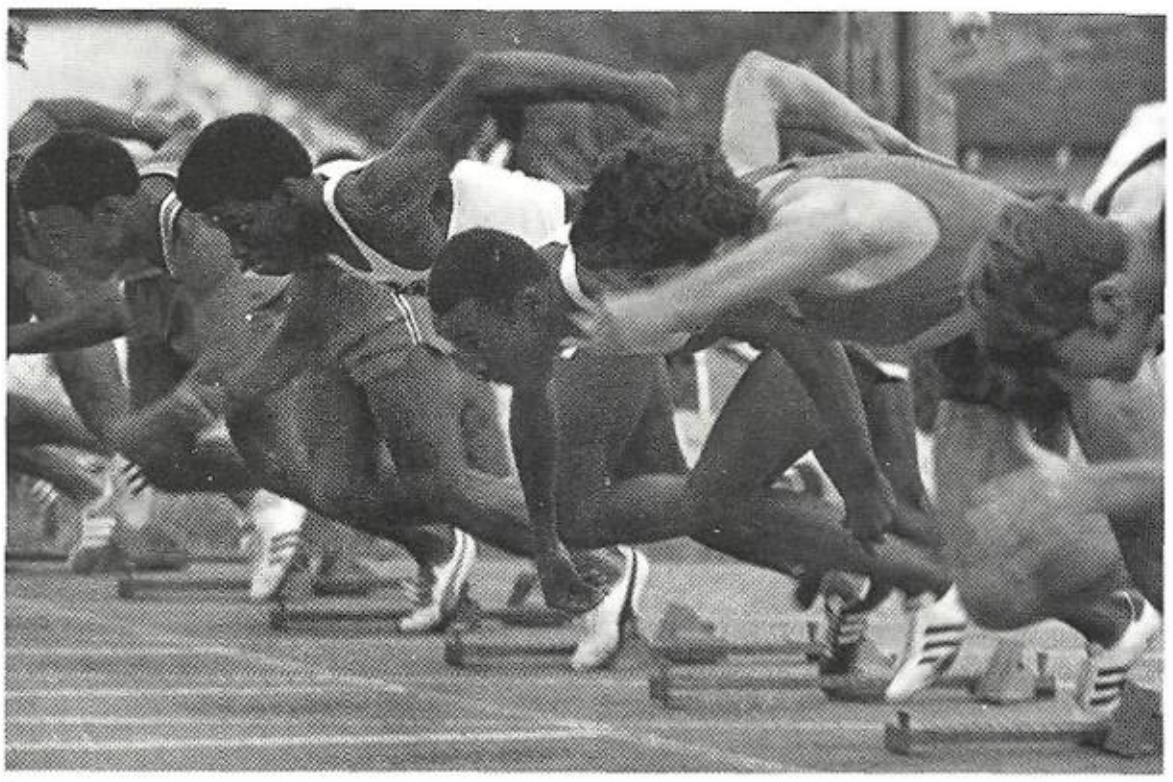
A



B

The Marshall track team of 1972 was a team with a great spirit for winning and the will to match. They had some times of ecstacy and some times of painful agony, but their will to be on the top never lacked no matter if they were victorious or if they were defeated. They were led by Coach William Daniels. He tried to instill the attitude of winning along with the quality of good sportsmanship into his teams. With the will of his players and his type of coaching the Mavericks were bound to have at least a fairly successful season.

The Mavericks did have a very successful season as they won various meets and had two individual members of the team to go to the regional meet. Leonard Jones won the 100 yard dash in a district meet record of 9.9 seconds. Leo Gatson won the mile run also to gain a trip to the regional meet.

Maverick Baseball "72"

The season record of Maverick baseball doesn't depict the true story of the personnel on the team. In actuality the Mavericks had as good, if not better, team than any other town in the district. These young men had the determination and the will to go all the way. Bad breaks and misfortune at the plate kept them away from a title. They all had visions of a district championship which may be fulfilled this year.

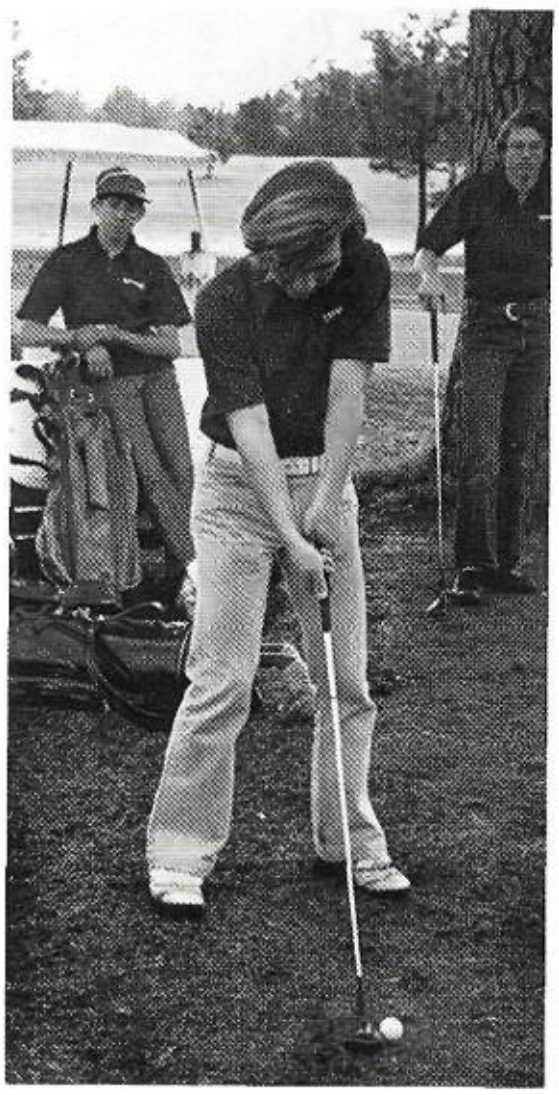
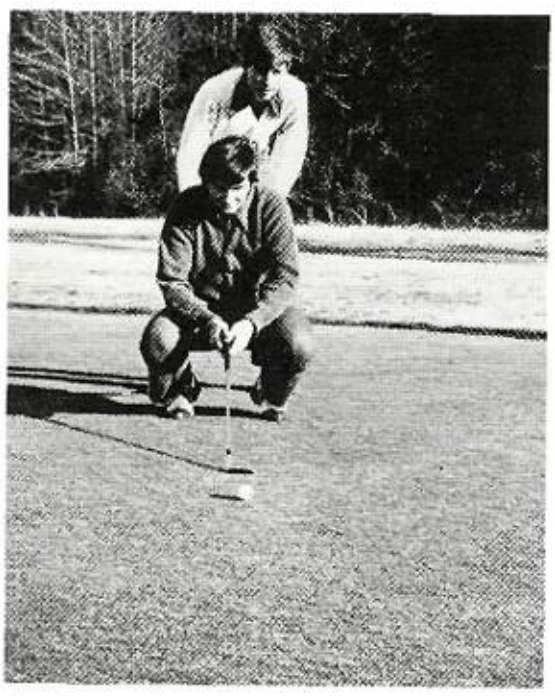
Golf and Tennis Get Into the Swing of Things

Doug Williamson eyes his shot as Rick Delp looks on.

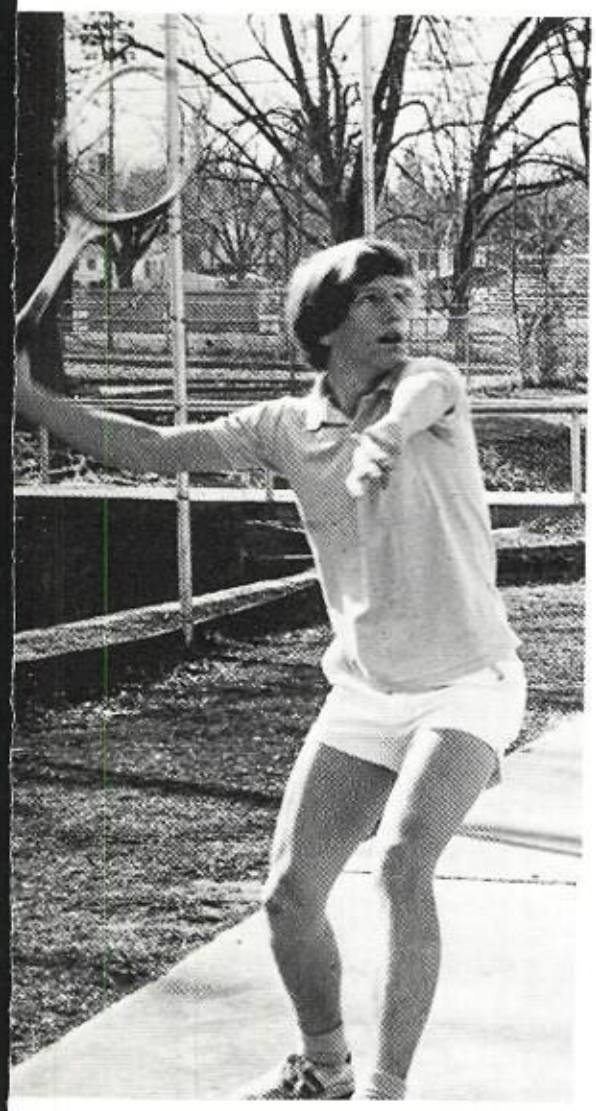


Allen Moore addresses his ball as Greg Faulkner and Danny Ritter look on.



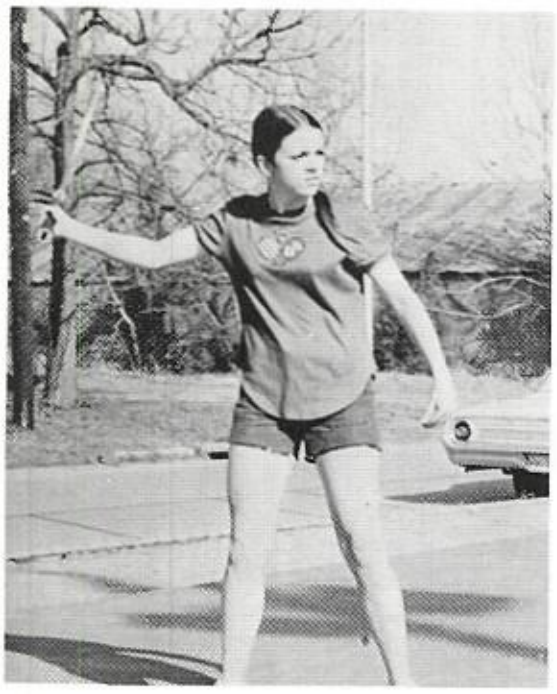
Cody Hooker, district medalist of 1972, lines up his putt while Tommy Trammell gives him some assistance.

Mark Hartt prepares to putt while Mike Craig tends the pin.

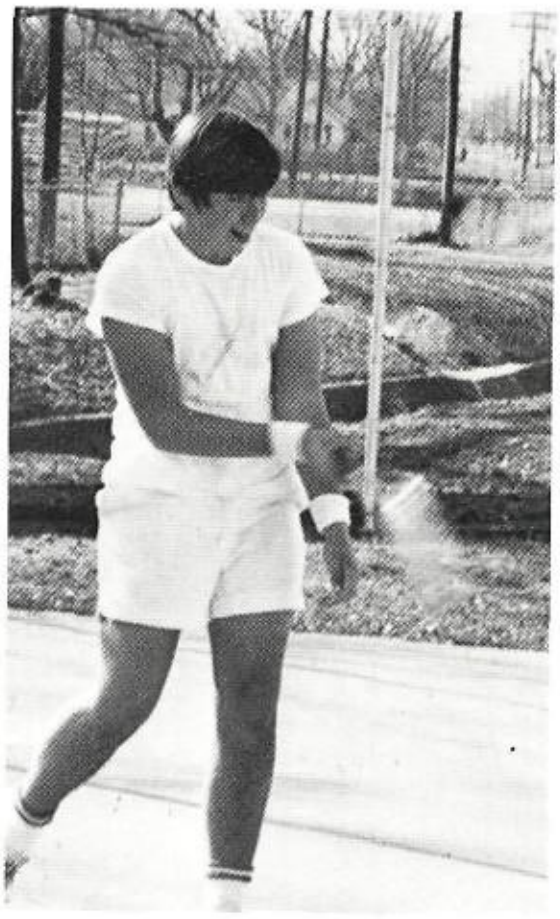


Laurie Lothrop stands ready to return a serve.

Tennis anyone?



RaNae Snider is ready for any type of shot.



David Lawson strikes a ball in heated competition.

Tennis will be a sport to keep your eyes on this year. The Maverick netters will have many strong entries in this year's district tournament. Many competitors from last year's meet will be back along with many new faces that will help the strength of the team. They should have fine entries in both the singles and the doubles competitions. With the experience and strong determination they have, the tennis team should have as good a chance as any in the district competition.

The Maverick golfers for 1973 are preparing for a prosperous year. They have shown promise for the future with fourth and third place finishes in the last two district tournaments. The team has also won more matches in the last two seasons than any other Maverick team has in many years. With virtually the same team back for this year, they should be one of the favorites in this April's shootout.

What Do You Do in Your Spare Time?

Everyone has something they really like to do in their spare time after school. Maybe it's a hobby like painting or building model cars. Maybe it's a sport, like tennis or swimming, it could be you're active in a certain club or two that takes up your time. Some people just like to go home and relax after a hard day's work! At any rate, it's every man to himself!

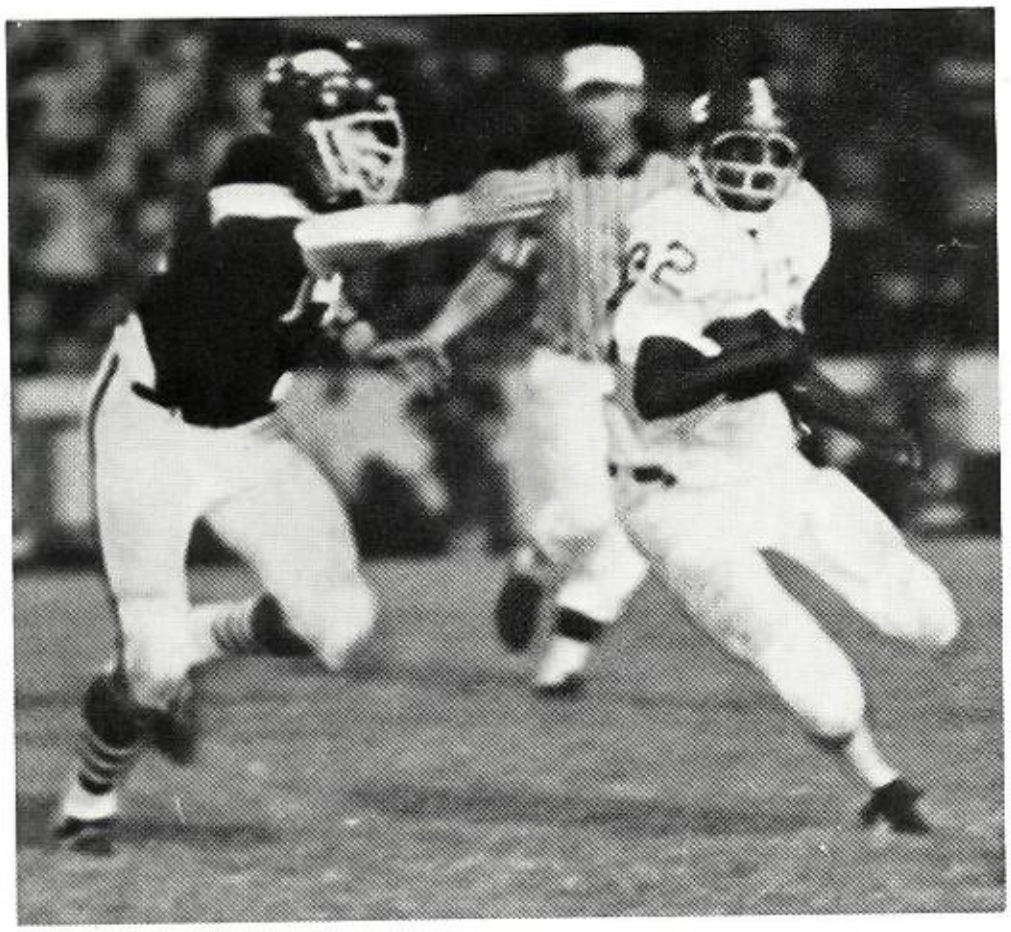
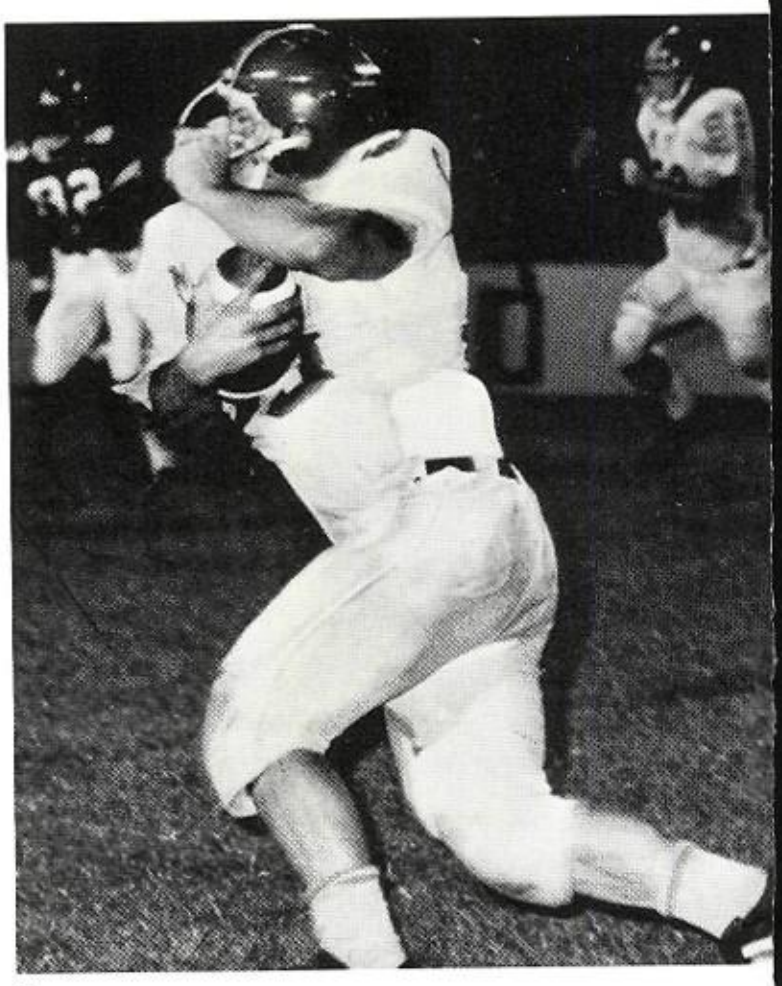
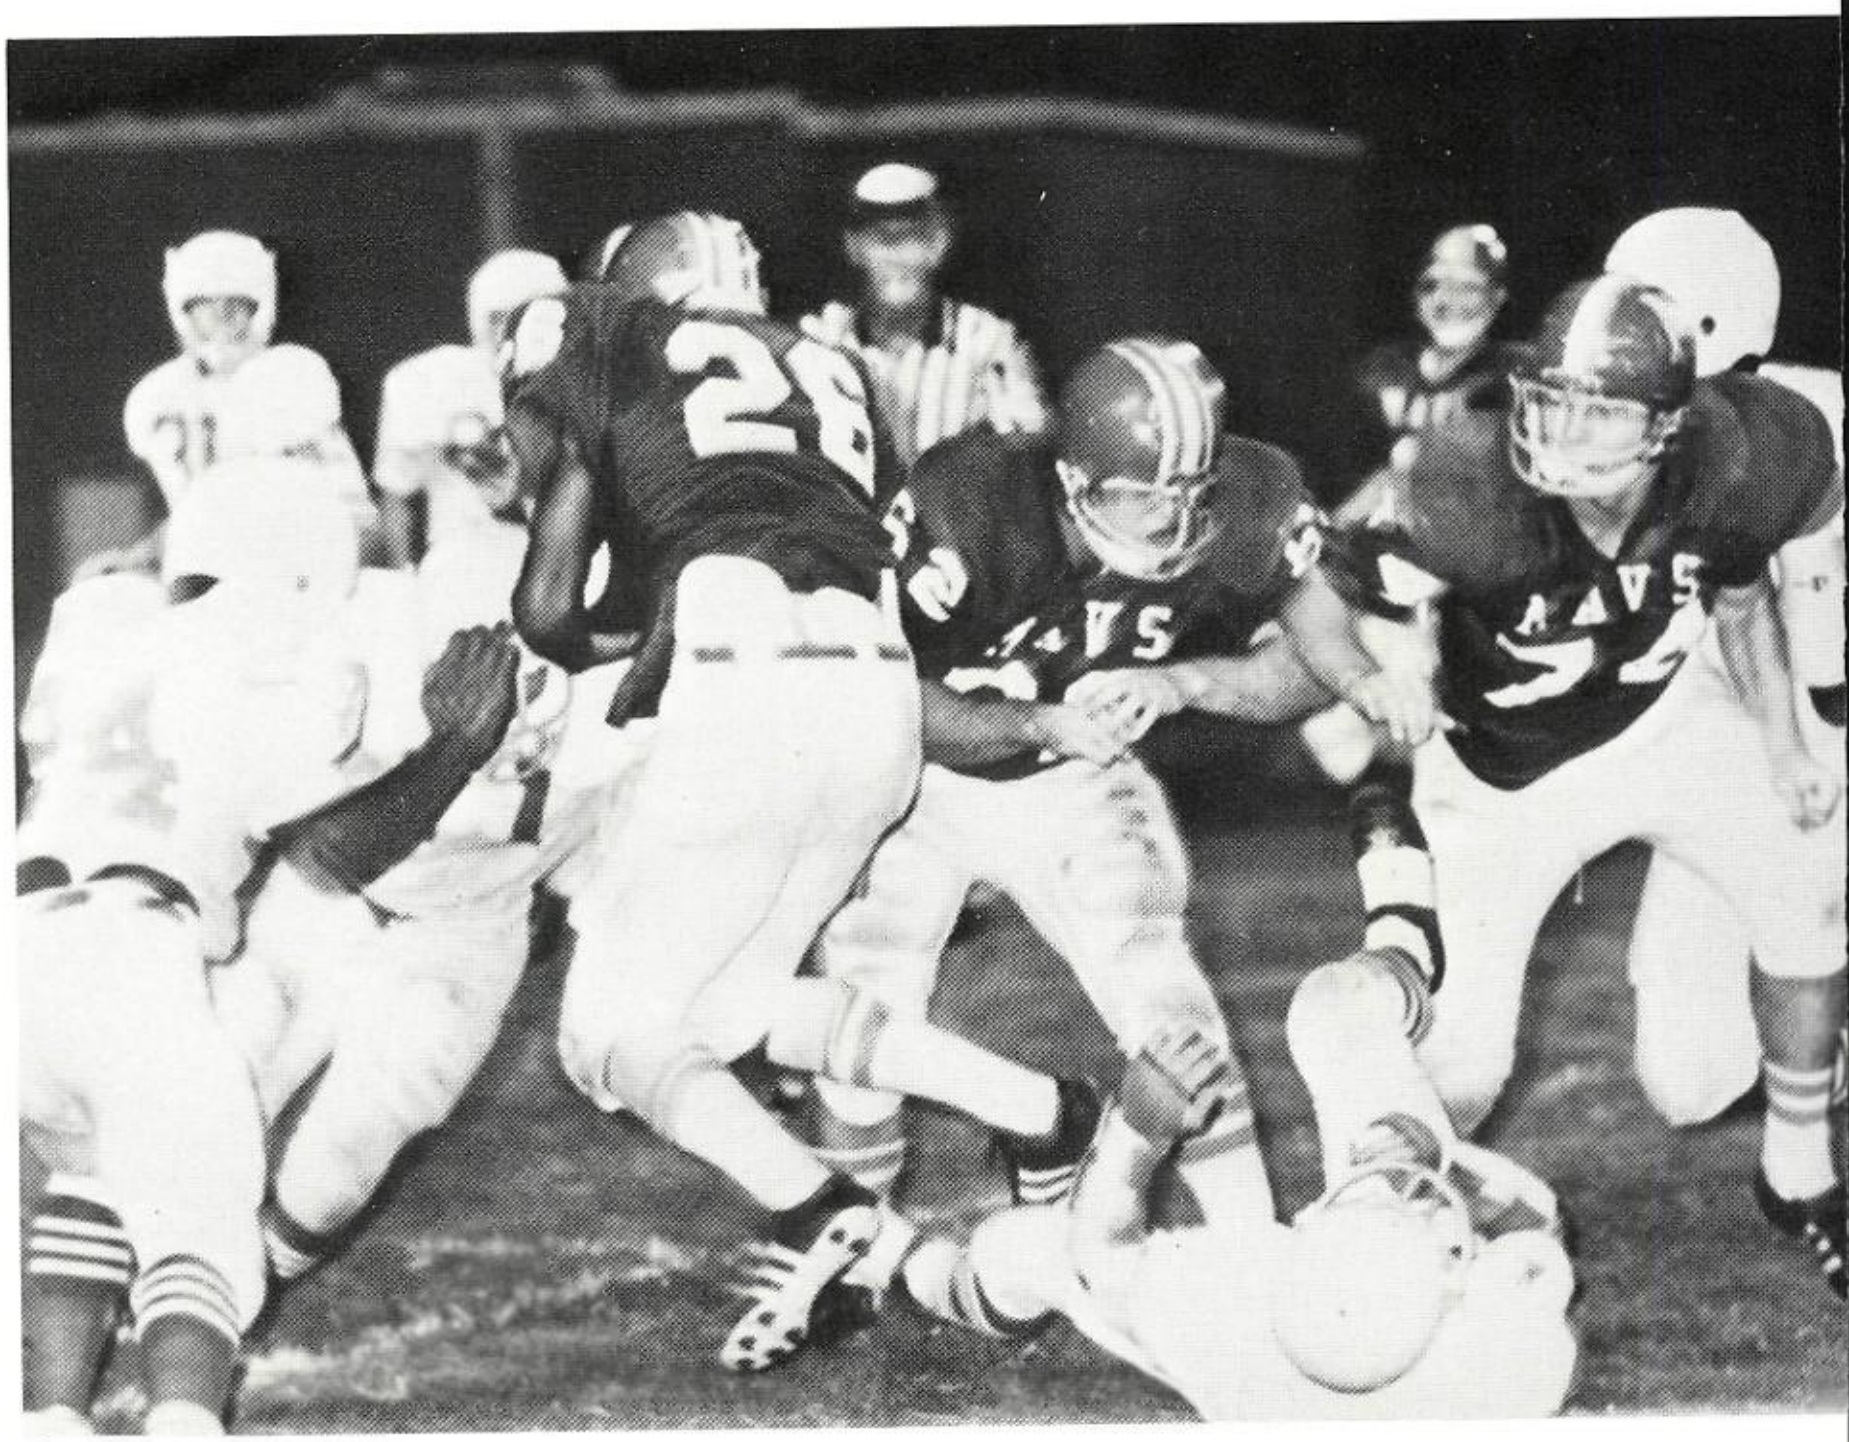
Mavericks Begin a New Season



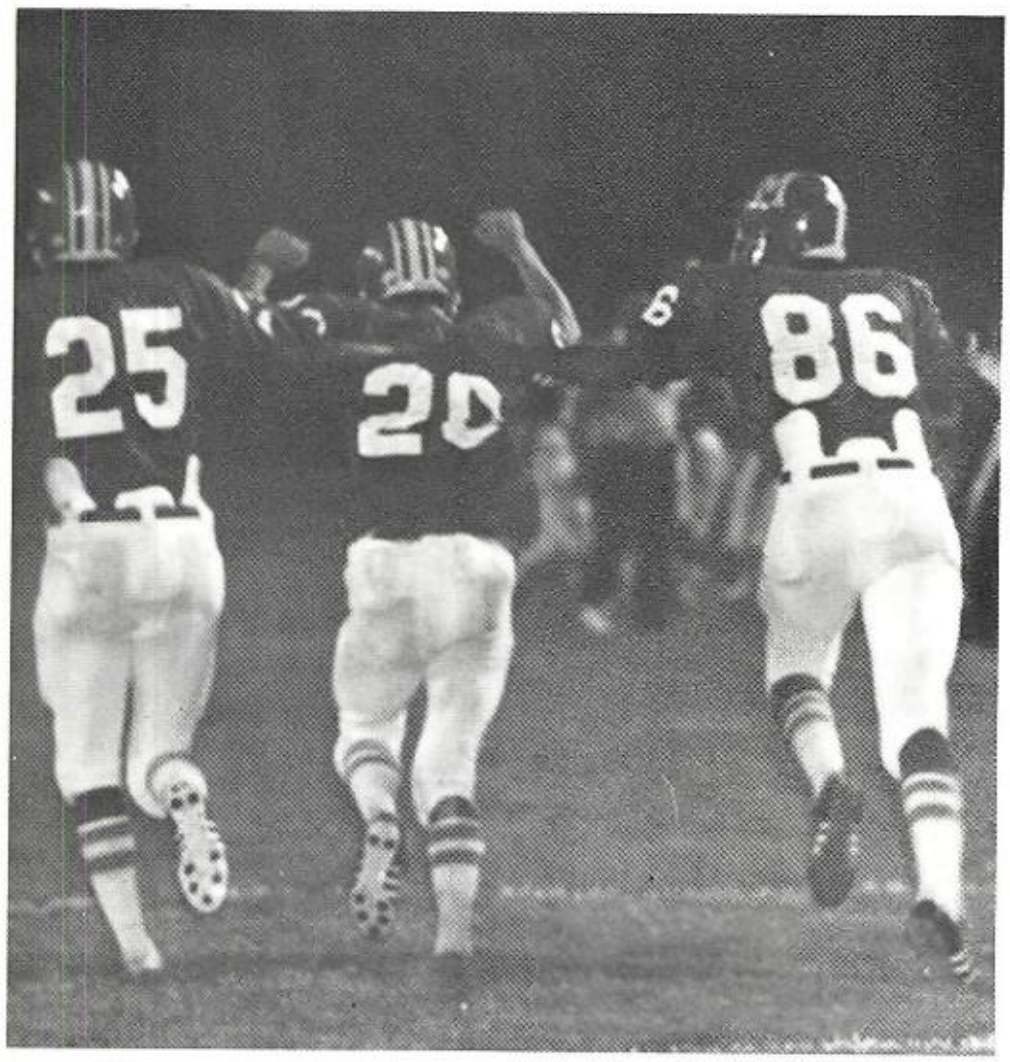
A



B



C

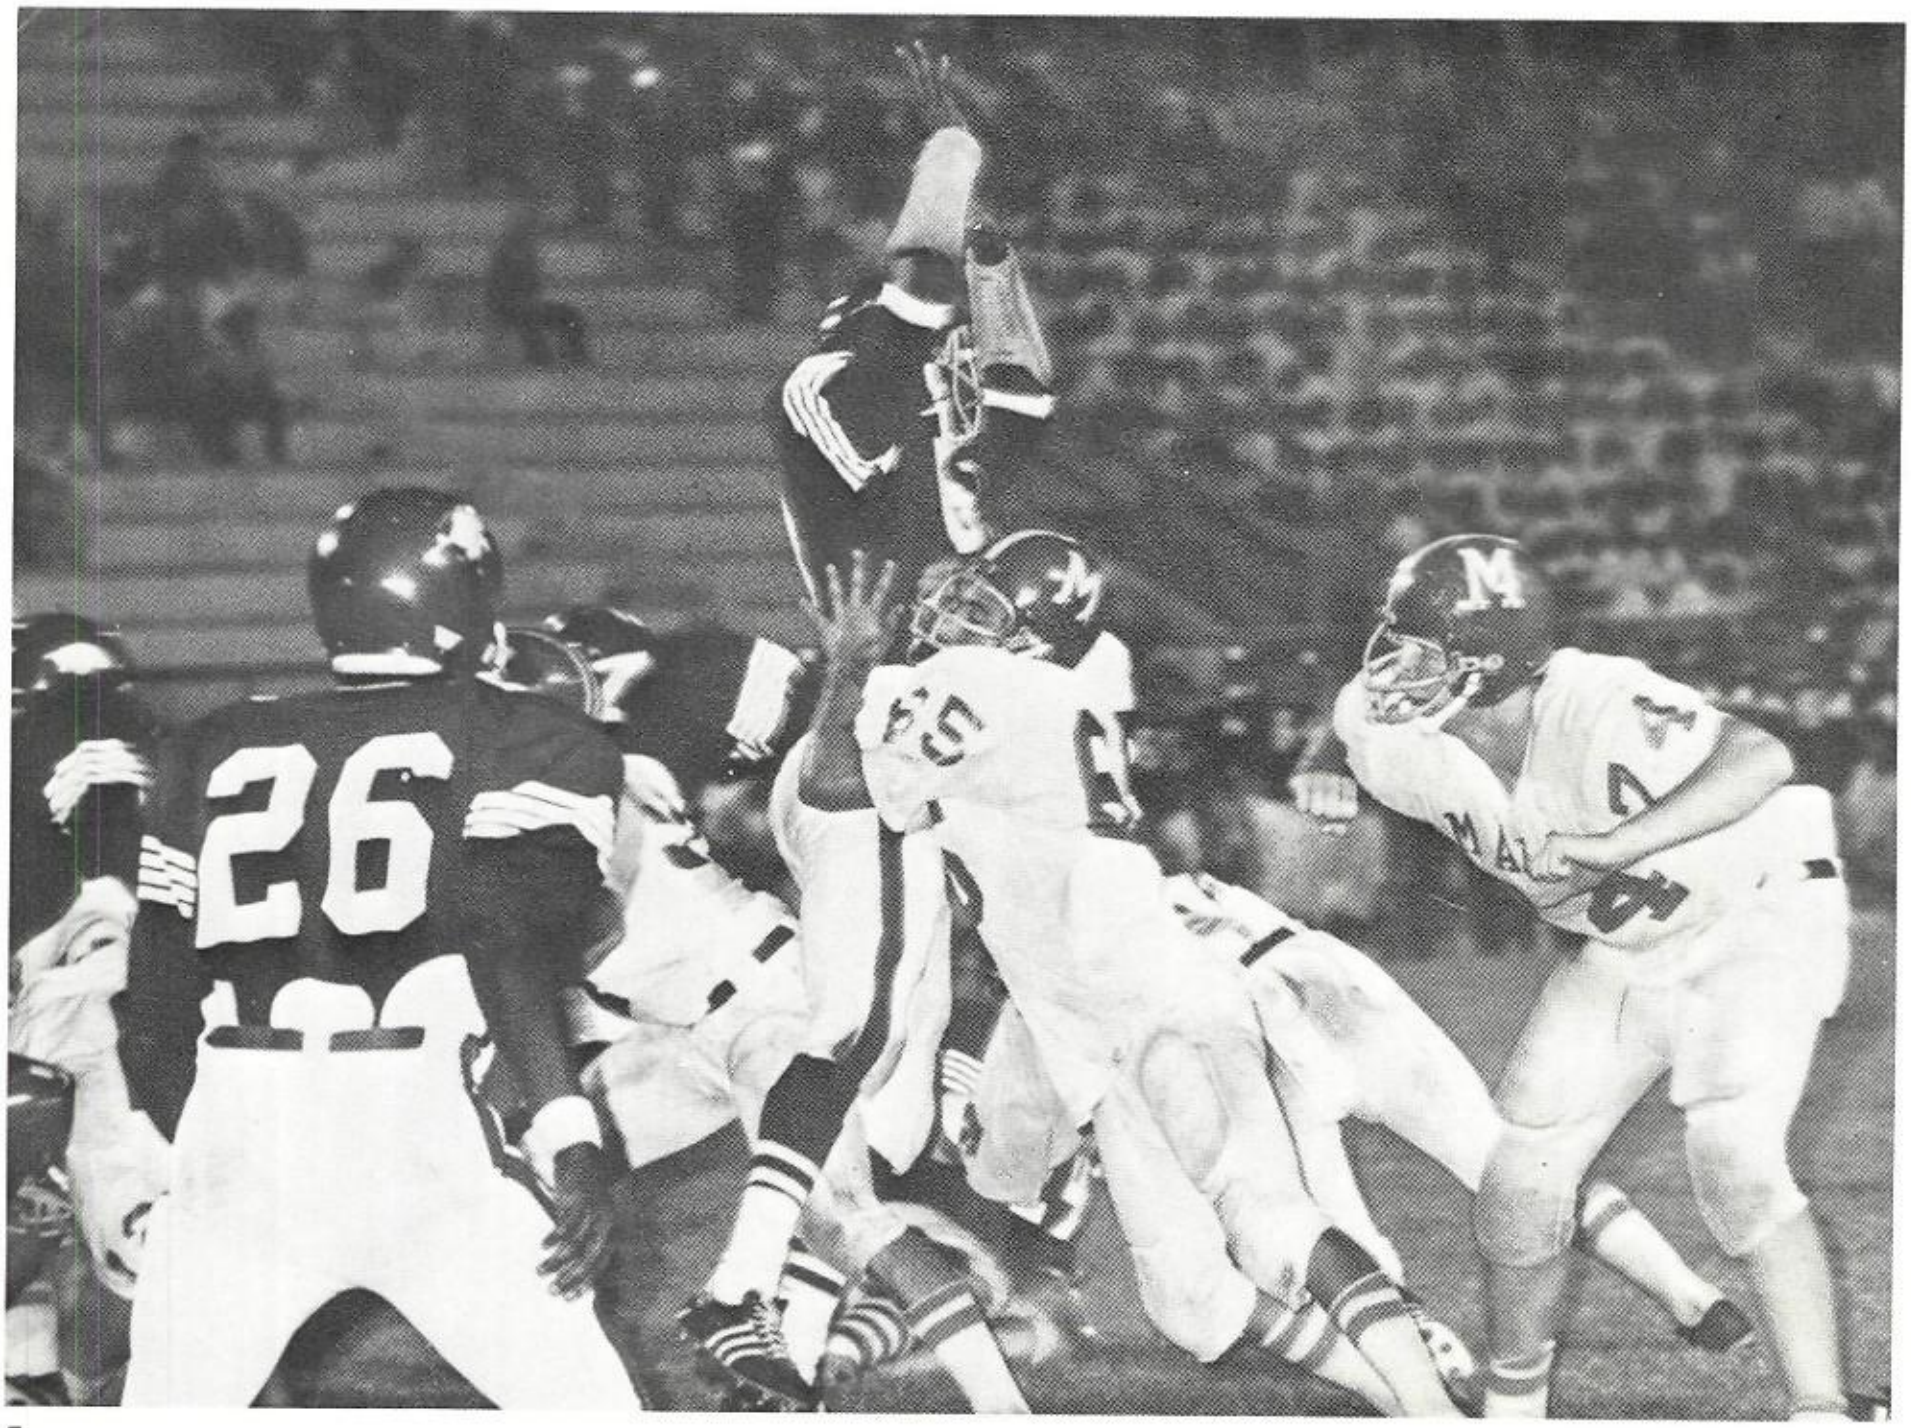


D

After making a good showing against Mt. Pleasant in their only pre-season game, the Mavericks felt confident going into the beginning of the 72-73 season.

In their first true match-up of the year, the Mavericks' hopes were upset by Pine Tree, 14-8. The next week brought defeat only on the scoreboard as Texarkana, Ark. rambled by Marshall 9-7. The sweet taste of victory came on their third contest of the year, crushing Carthage 25-19. It proved to have been a slow beginning for the Mavs, but they were still confident that they would have a winning year.

A. Otis Mitchell (32) attempts to elude a razorback defender. B. Robert Christmas breaks loose for a good gain. C. Good blocking is the key to scoring. D. Scott Baldwin (20) is greeted by Lenard Jones (25) and Rodney sparks (86) after leading a successful drive against Carthage. E. Pass blocking proves to be Mike Dickerson's (65) and Robby Patterson's (74) specialty.



E

Doing It Together

Mavs put it all together against the Carthage Bulldogs. Coming off a loss against Pine Tree the Mavericks enacted the Houston V-eer offense, to aid in the ground game. The Mavericks looked good from the opening moment as the defense gave the offense three consecutive turnovers before a sixty-five yard drive put six points on the board for the Mavericks. Conversion by Sparks made the score 7-0 for Marshall. The Mavericks rolled on a mounting drive of 40 and 50 yards to cap a 25-19 victory.

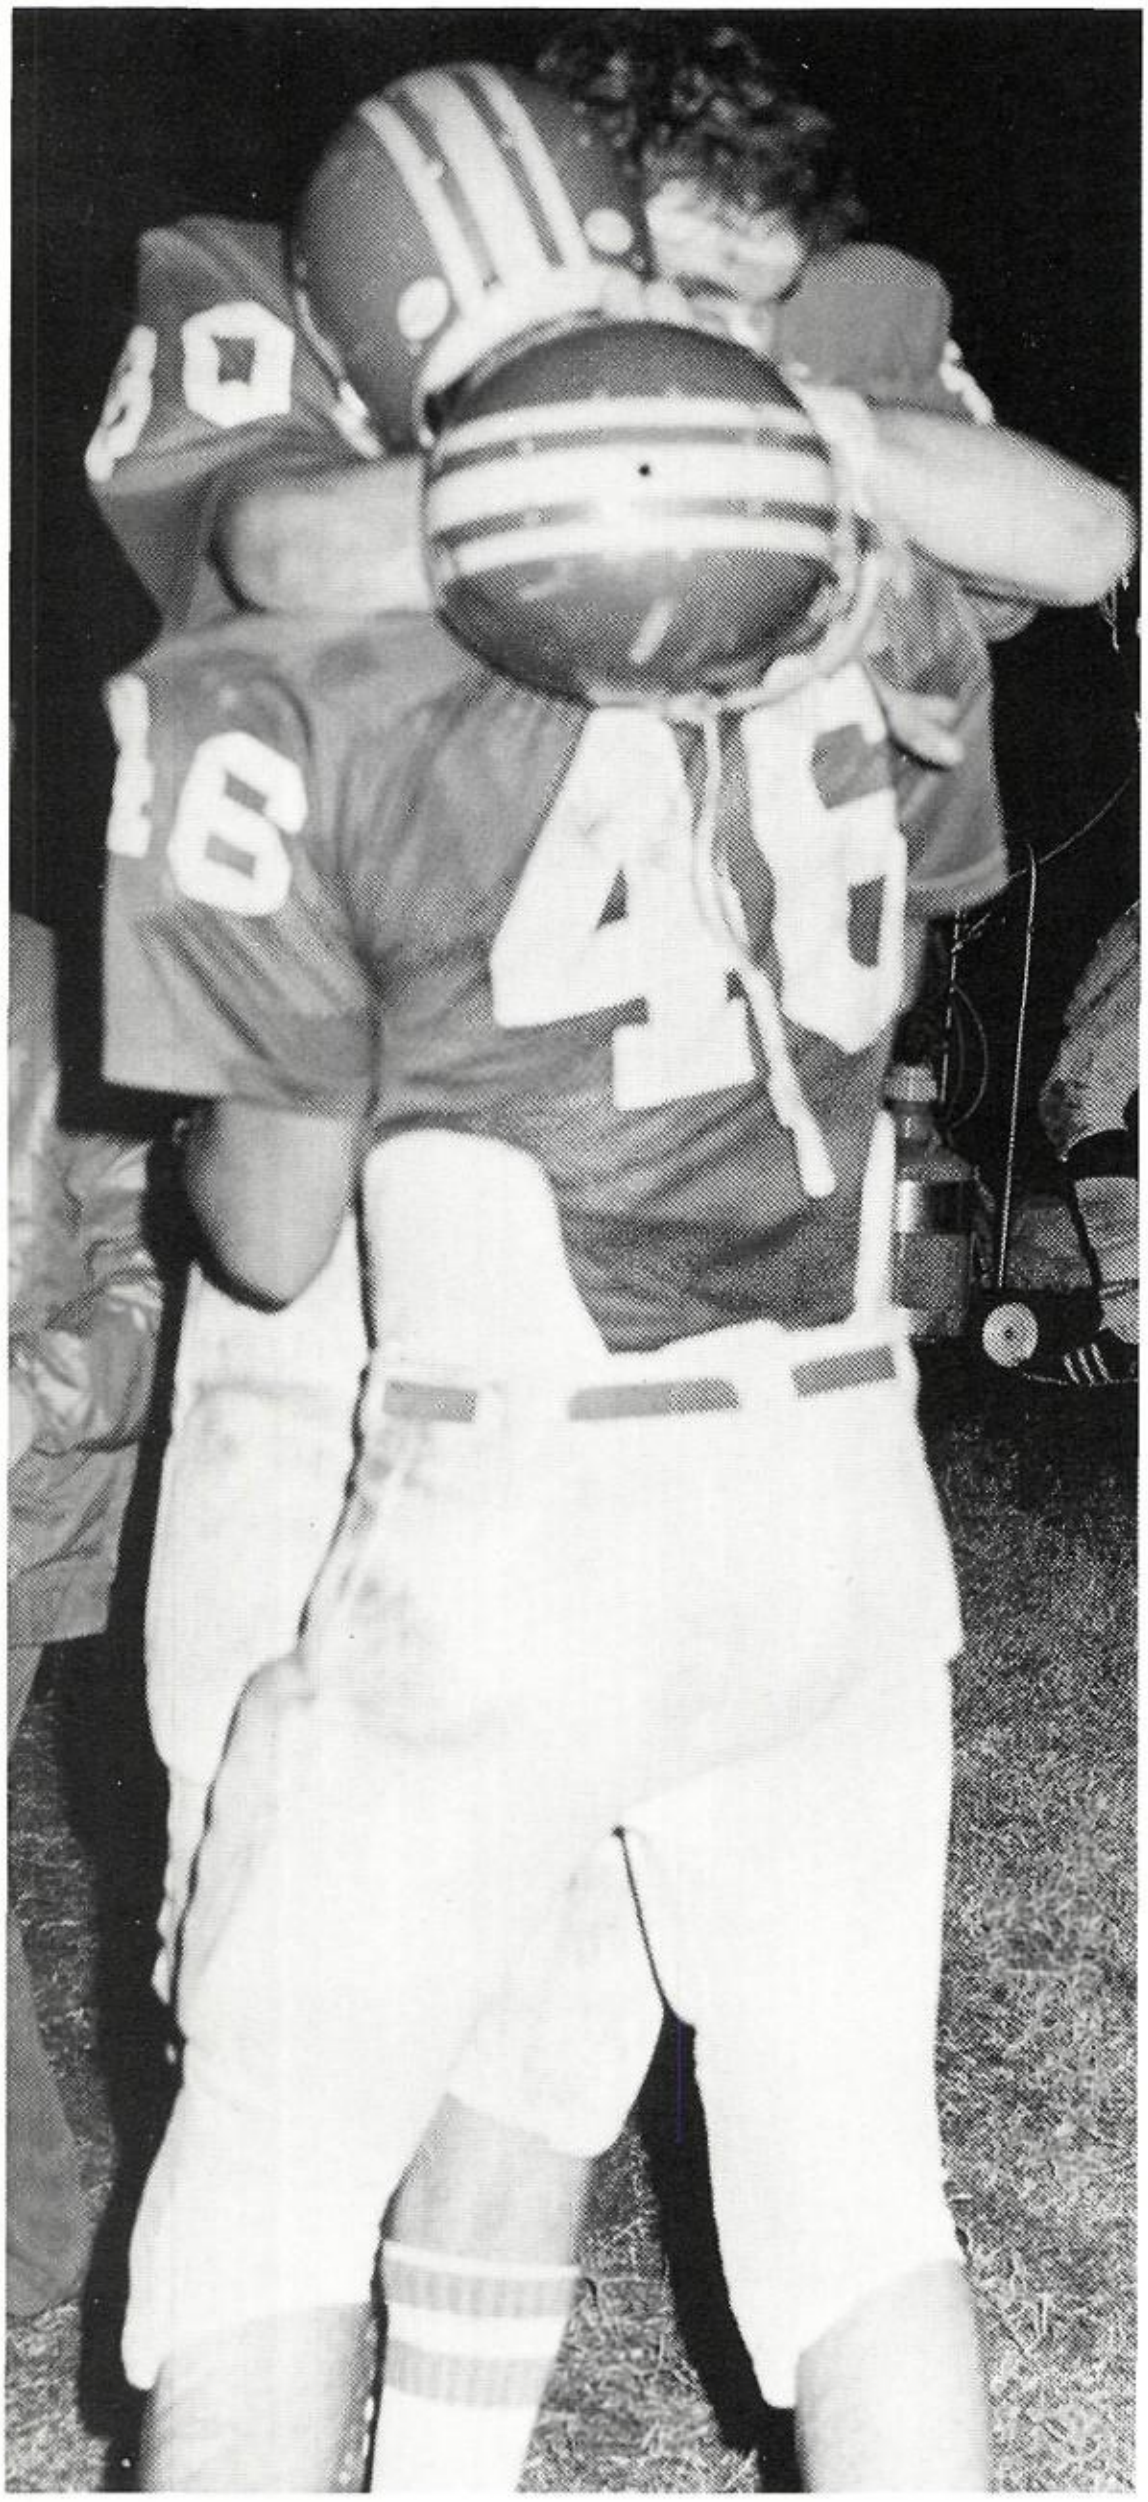
Mavs Close Out Season

Closing out their 1972 football season, the Marshall Mavericks showed vast improvements over their earlier encounters.

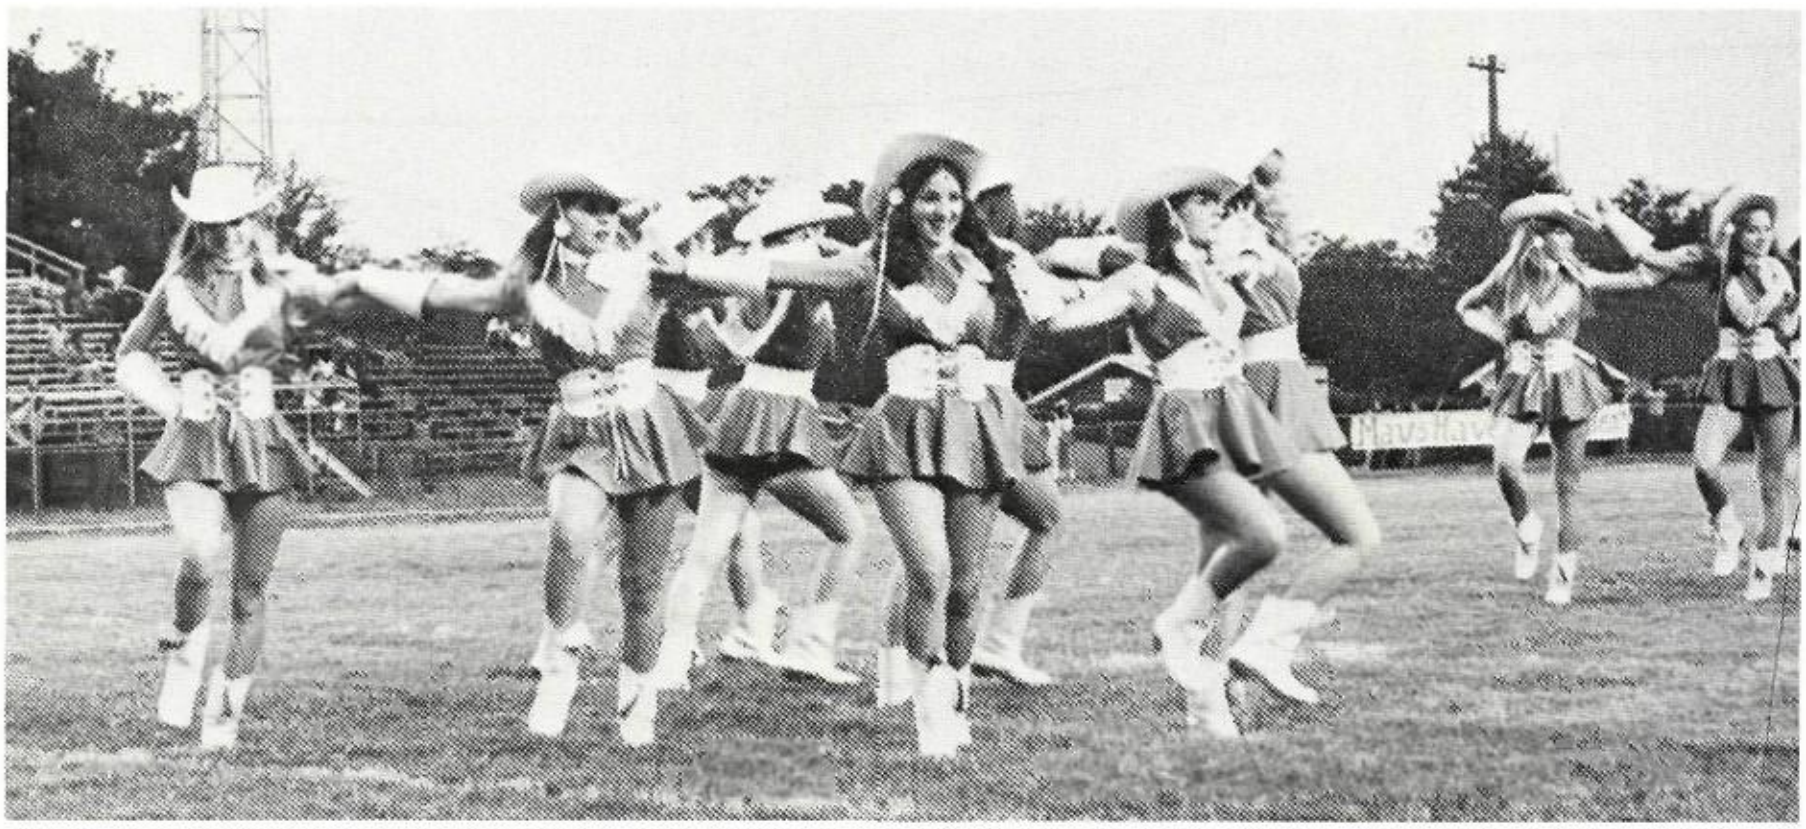
Mav running-back Perry Wilson picked up more yardage on the ground than any other player in the district, which earned him the title of offensive player of the year. Scott Baldwin also received the title of sophomore player of the year. Several players also made first and second team slots in district with others receiving honorable mention. However, the greatest amount of credit goes to the entire Maverick football team for which the success of these players would not have been possible.



A. Newt Dorsett (28) shows his form in running while Joe Dumas (52) maneuvers for a block. B. Jerry Boyd (84) clenches a tackle. C. Robert Christmas (33) runs for valuable yardage while Palestine Wildcats attempt to bring him down. D. Scotty Ford (46) and Randy Brooks (80) show their emotion after a victory.

D.

Loyalty 72-73



A

Though you may not realize it, the Mavericks aren't the only ones who work hard to make a football game a success. A lot of hard work is put forth each week by the band, the Mavettes, and the cheerleaders. There are songs to perfect, dances to learn, and signs to make, among many other things. And of course, the student body works hard all week building up that great . MAV spirit'

It all started on a cold, dreary Friday. The rumor was that Texarkana would beat Marshall, 35-0. But did that stop the Mavs and all their loyal supporters? Of course not. The pep rally was one of the biggest and best ever. The Mavericks received a special telegram from Susan Howard, a former Maverick cheerleader who is now a television star. She wished them the best of luck. Next, Terry McNamara was honored as Miss Torch. This honor is given to the senior girl who shows the most spirit throughout the year.

Then came the Maverick game. The Mavs showed determination and a will to win from the very first kick-off. Because of their efforts, the Mavericks trampled Texarkana 21-0.

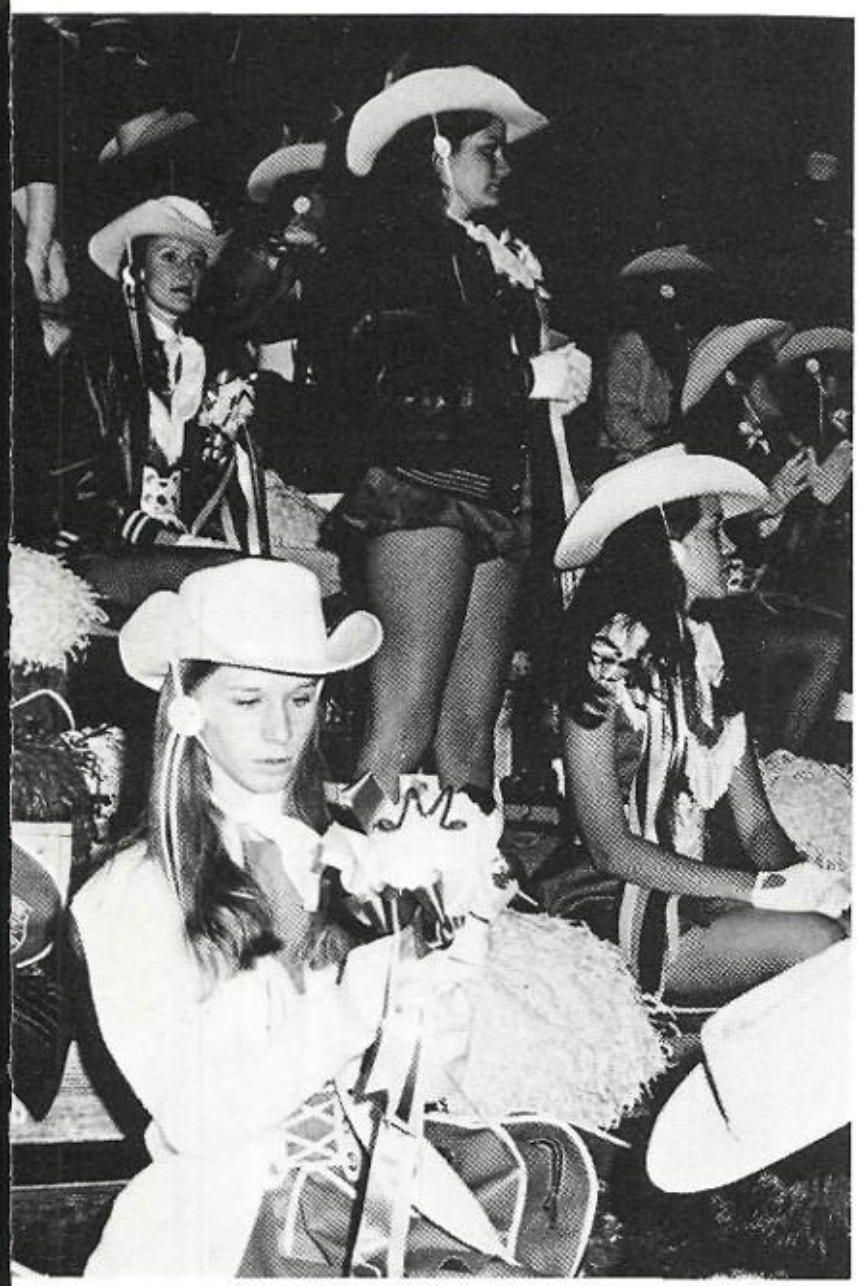
Homecoming Happenings . . .



Mavs Keep Fighting

The Maverick team this year consists of a group of dedicated young men who are very sincere in the bid for the district championship. Presently they have the best record of any team in district play with a 4-2 slate. Being probably the most balanced team the Mavericks have had in several years, they stand a good chance of going all the way this year.

District Leaders

The Marshall High Basketball Squad presently shares a first place in District 14-4A competition. Sound defense combined with a balanced scoring attack has proven to be the key to victory thus far. The Squad has a good size, but limited experience. So far, this factor has not taken its toll.

A. Two points and excellent form, Micheal Wenze. B. The game is also being played on the sideline. C. Uncanny moves, Barnard Manning. D. Winston Clark displays skill and composure while scoring. E. Mavericks Seek Championship

With an effective fast-break pained with a sound defense, the Maverick's seek the district championship. Only having one lost thus far in district competition, the Mavericks have an excellent chance to become the 1973 champs. Continued determination, team unity, and perseverance are inevitable in their quest of the district championship.

Grace and Beauty Captured in a Hand

When it comes to coordination and concentration, the Twirlers are one up on many. Practice and perfection are integral parts of a perfect, crowd-pleasing performance. Pep rallies, half-time shows, parades, and special performances occupy much of their time when not in diligent practice. Only a Twirler can capture such grace and beauty in a hand.

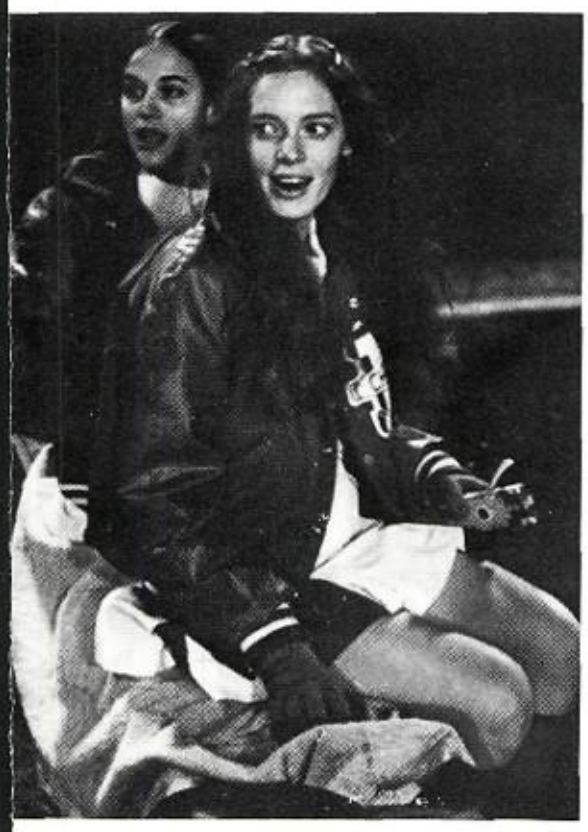
A. A crowd-pleaser — Carrie Sibley, feature twirler. B. What's a parade without a band led by majorettes and twirlers? C. The leader of the band — head majorette Brenda Hardy. D. The second half of the majorette team is sophomore Linda Moon.

Everybody Yell!



A.

Those wonderful, spirit-filled (and amazingly limber) cheerleaders. What would we do without them? Pep rallies would be dull without an "everybody yell!" and a couple of "Yeah Mavs!", and those puffing introductions of coaches and captains. Spirit would dwindle away without constant reminders to show some Maverick spirit. How about at the games? What would a football game be like without the exceptionally choreographed cheers to support the Mavs? Yes, the school would be spiritless without the exciting cheerleaders. Three cheers for the cheerleaders!

B.

A. "Will our cheering pay off?" asks Kathy McClatchey and Christie Fromm. "Is that going to be a touchdown?" B. Yeah Mavs! The cheerleaders lead the student body in a spirit-provoking yell. C. Cindy Bacher and Mariana Dieste urge the Mavs for a victory. D. "If I can just get the cork out of this spirit bottle . . . " says Jeannie McClatchey.

So You Want to Be a Teacher?

Don't let them fool you; a few FTA members want to be teachers. This organization works to encourage and inform future teachers as to what lies ahead in a teaching career. Besides being an academic organization, FTA is also a social group that brings students together. Among their activities they sell the coveted mums, and attend conventions where they elect officers and give informative talks. David Hirsch was District Vice-President for the 71-72 year and is this year's President for Marshall High's FTA. Other officers for the 72-73 school year are: Vice-President — Beth Sanders, Recording Secretary — Nancy Summerlin, Corresponding Secretary — Terry Taylor, Treasurer — Kee Furrh, Parliamentarian — Candy Johnson, Historian — Sue Ann Ray, and Librarians — Terry McNamara and Regina Beasley. Sponsors are Miss Shirley Scott and Mrs. Robbie Marshall.

Latina Lingua

The craziest language club at Marshall High School is the one and only Latin Club. This group, under the sponsorship of the Latin teacher, Mrs. Lynn Brassell, has an event-filled year which includes a Roman-style slave sale, the annual Latin banquet, a float in the Christmas parade, and the Latin convention of school-wide fame held annually in San Antonio. The members are students who are enrolled in Mrs. Brassell's Latin classes at Marshall Senior High and Pemberton Senior High. This language-inclined club is officered by Mark Newberg as president, Tracy Forbes as vice-president, and Julie Culver as secretary.

Plan a Career

Nowadays the business world is getting harder and harder to break into and become a success. But the Health Occupations club at M.H.S. provides on-the-job training for the students who are interested in planning their career at an early age. These young and industrious students attend regular classes part of the day and spend the remaining part of the day at various health occupations. Mrs. Lane is the sponsor.

Those Music-Minded People

Those music-minded people are the Modern Music Masters, otherwise known as Tri-M, who have been in existence at Marshall Senior High for the past two years. Members, by invitation, are chosen from students enrolled in the musical department who maintain at least an A-average in music and a B-average in academic subjects.

The Tri-M is to promote interest in band, choral activities, and other aspects of music. They have ushered at community concerts, attended the Texas State Fair Musical in Dallas, and the Stephen F. Austin Musical this year, and they plan to do much more for music in the future.

Improving Our Surroundings

It was either cake sales or donating money to a worthwhile fund that kept the Jr. Civitan members busy throughout the year. Unity was a characteristic of the club and the young members all contributed much of their free time in building a better community. Newt Dorsett was the president that led the club and promoted their many projects.

Study Hard

Study hard and keep those good grades coming in and you'll find yourself a member of the National Honor Society. Meeting the qualifications for this outstanding club isn't easy and it takes a lot of devotion, leadership and character. Being a member you might find yourself running the concession stand at home basketball games or sponsoring various projects supported by the organization. Mrs. Beulah Parker along with Mrs. Rebecca Buard sponsor these honor students.

A. Debbie Graves, the secretary of NHS, goes over the club's schedule. B. Anita Dean, Cindy Woolbert and David Hirsch attending one of the club's meetings. C. Start the Show — Light the Lights

"Come to the Fair", the first Mavette Spring Show was held in May of '72. Hard work by all helped to make it a great success. It was full of song and dance routines in which all 64 Mavettes took part. The show consisted of 32 acts, the last being the traditional high kick routine. All acts were original — composed by the girls. Scenery cleverly done by Mrs. Cooke also added to the success of the show. As with every major production, there were catastrophes and mistakes, but nothing that cannot be solved by the next annual show in 1973.

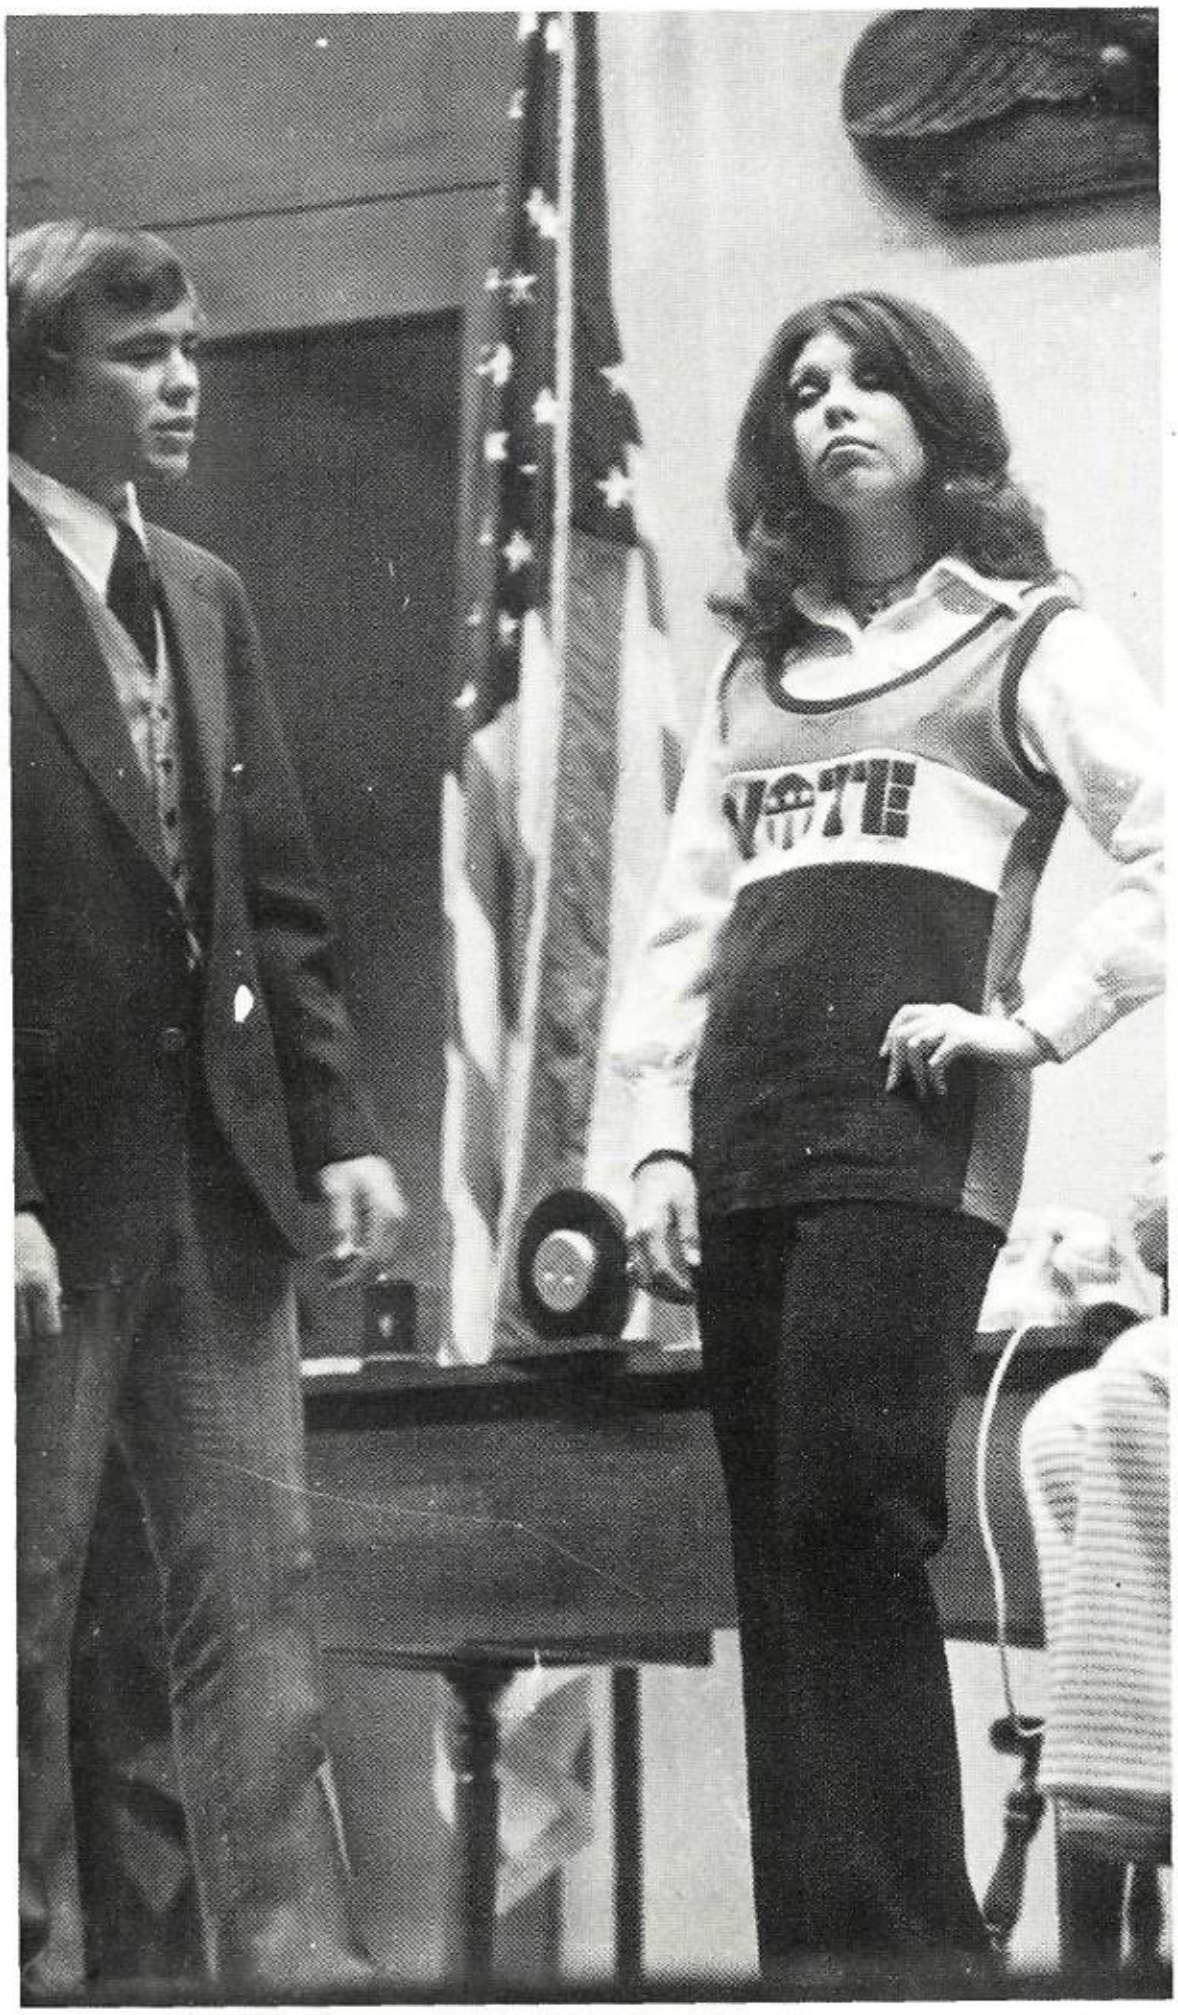
"Don't Drink the Water"

The senior play of 1972 was as a great many of the past plays have been — fantastic! A great factor in the continuing fine quality of the senior play is due to the direction of Mrs. Beulah Parker. She again did the necessary job that made the play a success. The cast and production crew performed efficiently. "Don't Drink the Water" was great!



A.

B.

The past is gone — all we can do is reminisce roads we have journeyed. We must look forward to a new horizon, whether it be merely a new year with old friends or perhaps an entirely new direction with unfamiliar ideas and faces to confront us. Yet if we exemplify love and brotherhood, the world will become even less frightening, and the path one travels, no matter how long, will become as customary as those journeyed before.

Hello, world, we cry!
We greet the future and everything that comes before us.
We pause to say good-bye . . .
Good-bye.

A.

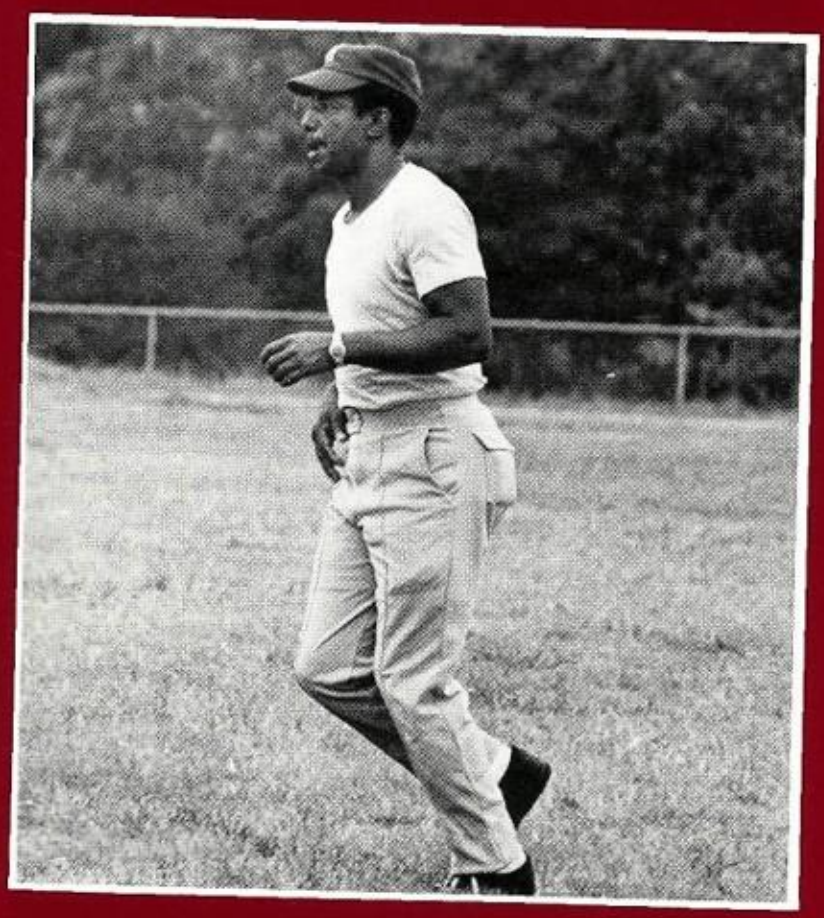
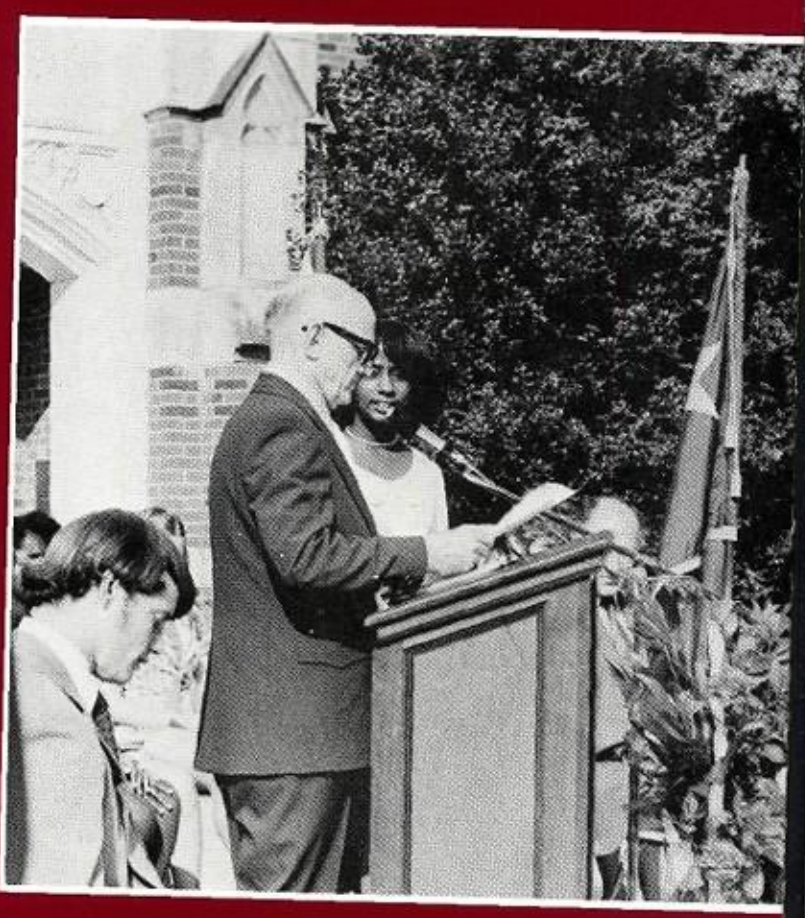
B.

A. Graduation is an important event in senior Velma Holley's life. B. Bobby Miller running away from it all.





1972-73 was a great year with great people to make it happen. Each person had his specific place in the family of over 1600 inhabiting Marshall High School. The Maverick would not be complete without a **RECORD** of the students, the faculty and the organizations that make up the story of the past year.

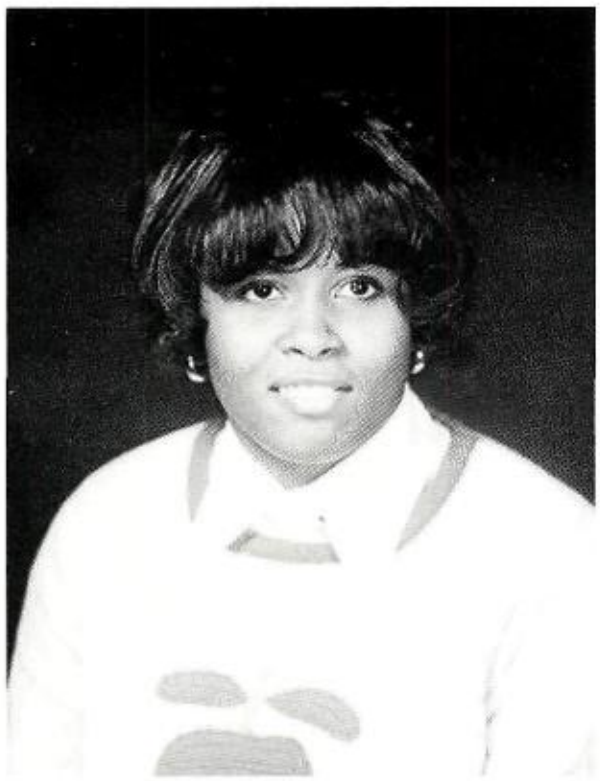
Who's Who

There are always a few in every crowd who get beyond mere average achievements and go on to obtain a high level of excellence in all of their endeavors. These people in Who's Who are the ones in the class of '73 that have obtained this excellence. All of them are not only well rounded people, but they are also examples of every good quality that should be found in an outstanding person. They were chosen by the faculty members of Marshall High School. The conduct they displayed as a student as well as their many extracurricular activities were taken into consideration before they were chosen. As the leaders of the class of '73, these students will someday be the leaders of our community.

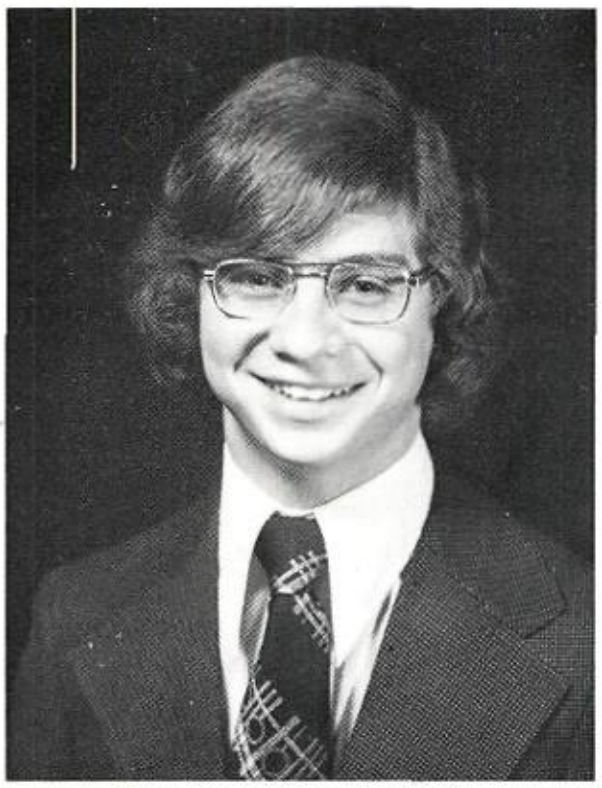
Janice Ausbrooks

From glancing over her many honors and awards, one can tell that Janice Ausbrooks, daughter of Mrs. Johnetta Cooper is an active member of her school and community. She was a member of the Student Council, FHA, National Honor Society, Annual Staff, and FTA. She has been a cheerleader and was Senior Class President. Among her scholastic achievements she received the English Achievement Award, Honors Pin, and the Outstanding Student Award. Janice plans to further her studies of biology at the University of Houston.



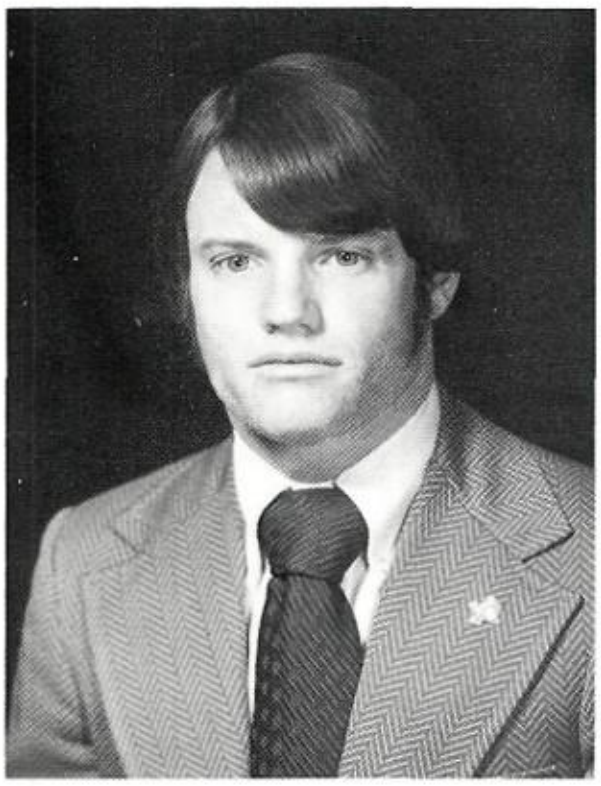
Patty Flowers

The vivacious and lively daughter of Mr. and Mrs. Charlie Flowers, Patty has many honors to her credit. She was a member of the Junior Civitan Club, National Honor Society, Student Council and FTA where she held various offices. Patty was elected cheerleader and was a homeroom officer. She was a delegate to the Presidential Classroom her senior year. She plans to attend Baylor University but is undecided about her field of study.



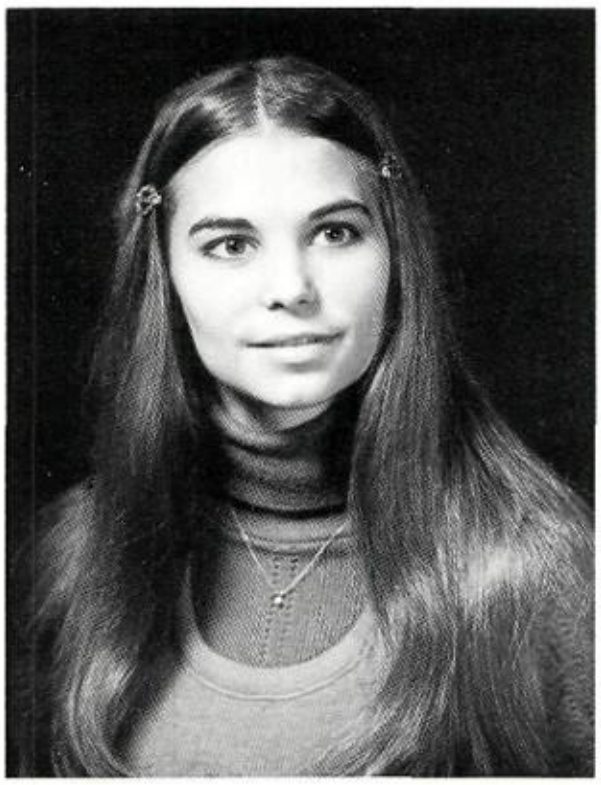
David Hirsch

David Hirsch was District VIII Vice-President of FTA and President of his chapter during his senior year. He was a delegate to Boys' State and the Presidential Classroom. Golf, Demolay, Junior Civitan, Latin Club, Annual Staff and National Honor Society were also credits to his high school record. The son of Mr. and Mrs. Joe W. Hirsch, David plans to attend the University of Texas and study pre-dentistry.



David King

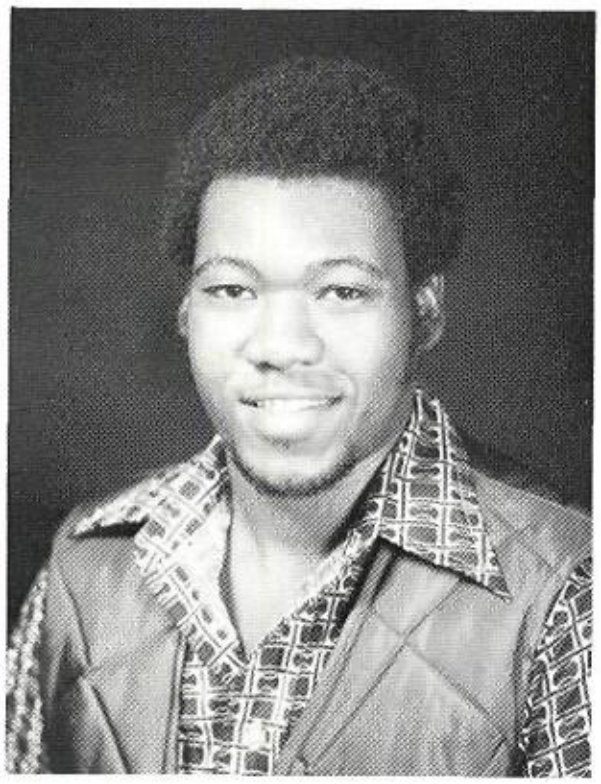
As President of the Student Council during his senior year David King, son of Mr. and Mrs. Moses King, contributed much to his school. He has been active in Spanish Club, Junior Civitan, Greater Council, President's Council and was a delegate to Boys' State. David's talents have led him far in baseball, football and track. Texas A and M is David's college choice where he plans to study architecture or P.E.



Jeannie McClatchey

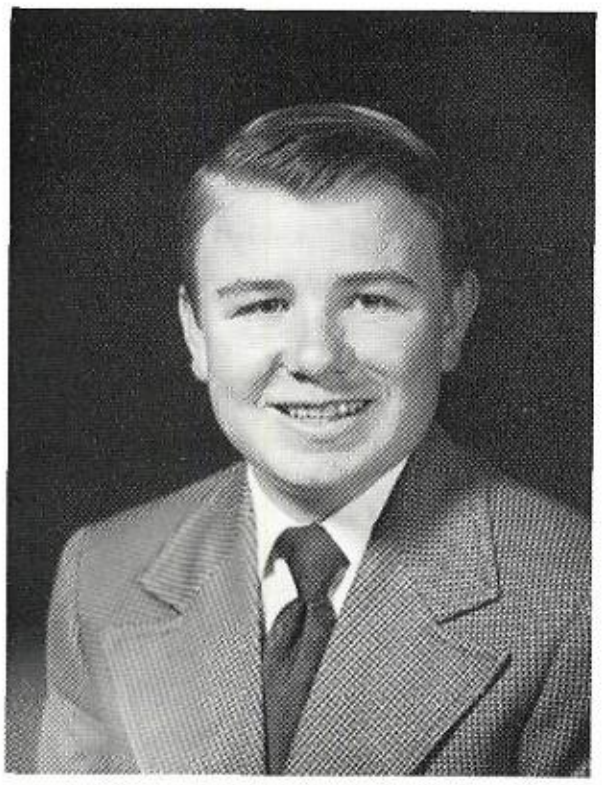
Daughter of Mr. and Mrs. L. D. McClatchey, Jeannie has a lot going for her — Head Cheerleader, Student Council, National Honor Society, Junior Civitan, Latin Club, Spanish Club and Tcina Horizon. She has been selected to several positions including Class Favorite, Freshman and Junior Class Secretary and as a Homecoming Candidate. Jeannie aims to study dental hygiene at Tyler Junior College.

James Marshall



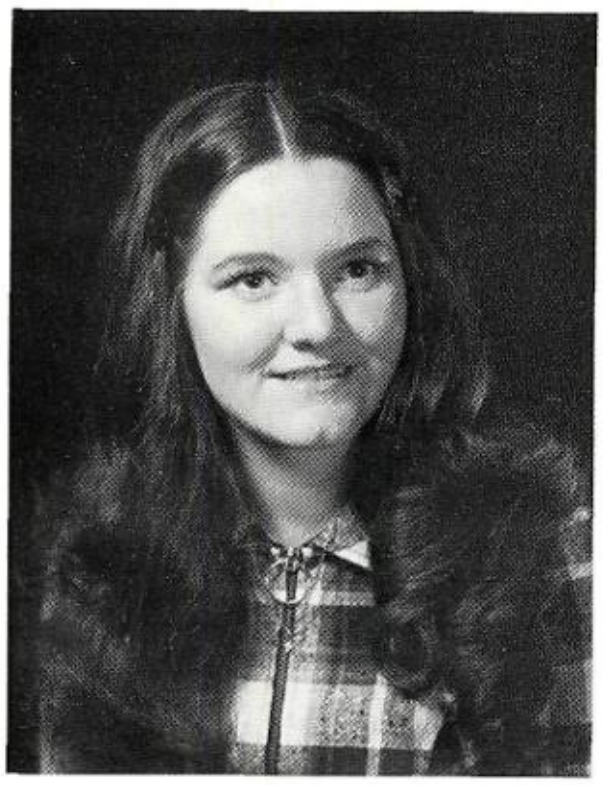
Excellent athletic ability is one of James' best talents. He played football all four years of high school and ran track his freshman year. James has been president of his homeroom. Biology is James' main college interest. Son of Mrs. Tommy L. Marshall, he plans to attend North Texas State University.

Albert Purnell

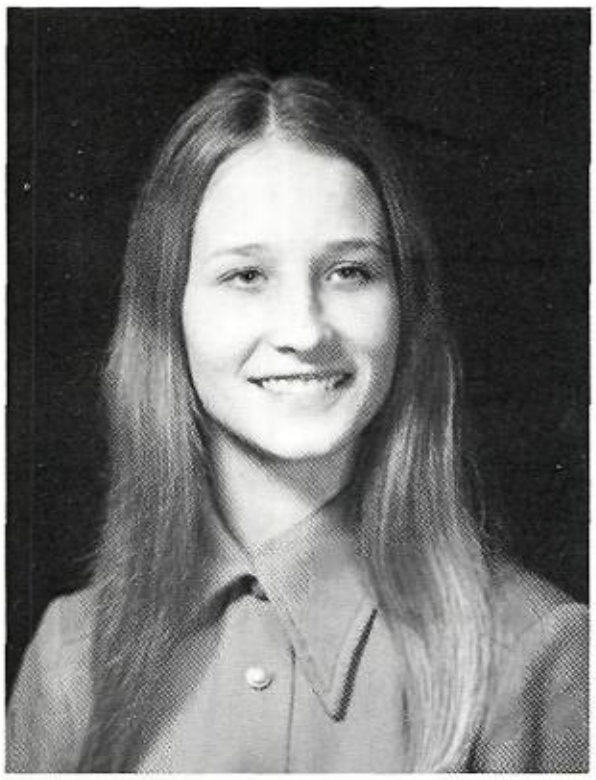


Agriculture has always been a main interest to Albert Purnell, son of Mr. and Mrs. John O. Purnell. He has participated in National Honor Society, Spanish Club, Engineering Explorer Post, FFA and Agriculture. Among honors are Young Texan of the month, Outstanding Ninth and Eleventh Grade Boy and a Boys' State representative. He plans to attend Texas A and M and study either veterinary medicine or agriculture.

Beth Sanders

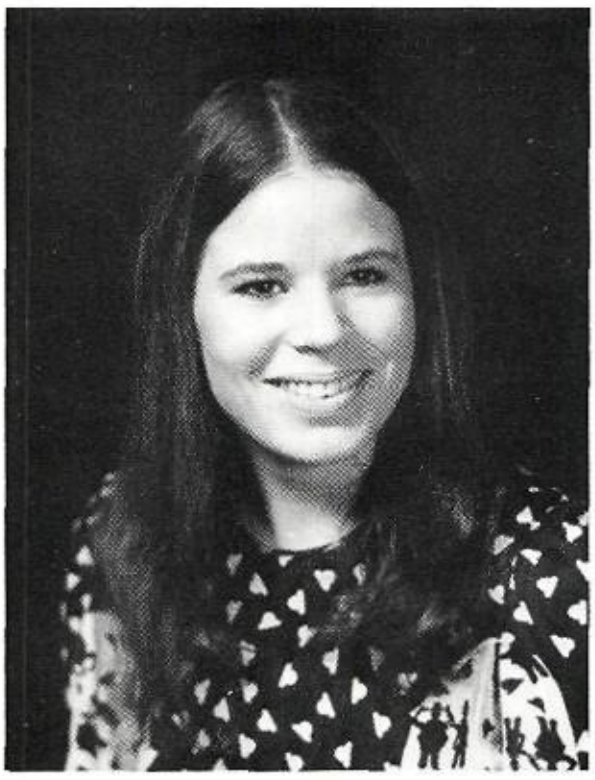


Computer Science study at Texas A and M is the planned destination for Beth Sanders, daughter of Dr. and Mrs. Jack M. Sanders. Club memberships include Mavettes, Latin Club, National Honor Society, Junior Civitan, Tcina Horizon Club, FTA and Annual Staff. Her senior year honors include editor of the Maverick and a delegate to the Presidential Classroom.



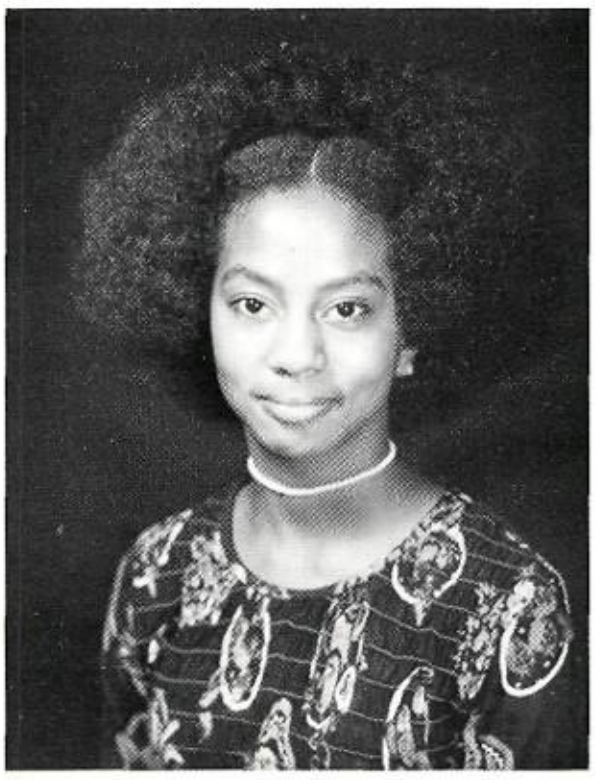
Carrie Sibley

Twirling heads Carrie Sibley's interest list. She was feature twirler for the band and has won numerous awards. She has been a member of Tri-M, Junior Civitan, National Honor Society, and Student Council. During her senior year she was choir accompanist, District VI Library Club President and a delegate to the Presidential Classroom. Daughter of Dr. and Mrs. L. C. Sibley, Carrie wants to enter a medical field at Texas Tech.



Terry Taylor

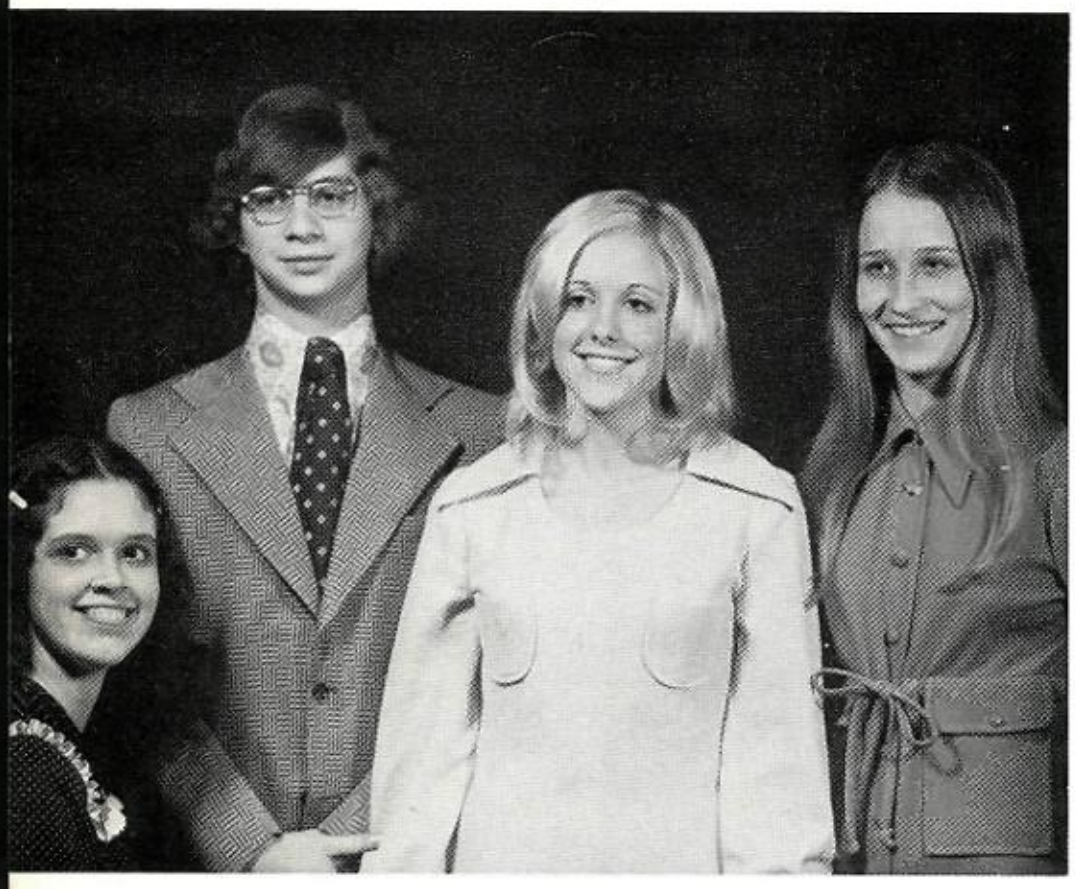
A future student at Stephen F. Austin, Terry Taylor was elected President of the National Honor Society, Colonel of the Mavettes and participated in FTA, Latin Club, Junior Civitan and Concert Choir. Terry, daughter of Mr. and Mrs. James E. Taylor contributed much to her school and community.



Avalyn Williams

The remarkable daughter of Mr. and Mrs. Aery Williams, Avalyn has done much for her high school: Class President, Panther Claw co-editor, Girls' State delegate and Student Council Vice-President. She participated in FTA, Mavettes, National Honor Society, Spanish Club and was a Homecoming Queen Candidate. She plans to attend East Texas State University and begin her studies of pre-med.

Presidential Classroom Delegates



Sue Ann Ray, David Hirsch, Patty Flowers, Carrie Sibley.

Tennis

Tennis proved to be a growing sport this past year with a number of new prospects under the supervision of Coach Fred Godwin. Each player displayed his individual talent in their daily practice sessions, which proved to be of great benefit as Allen Staggers and Laurie Lothrop battled their way through district competition only to be defeated by one of the top teams in the state in regional play.

Golf

In past years, golf has been a relatively quiet sport in Marshall. However, 1972 showed many people just how exciting and how powerful this young team was. As a team, Marshall placed 3rd in district competition among several highly ranked teams. Cody Hooker, a junior won medalist honors entitling him to advance to regionals, while a sophomore linkster, Alan Moore, tied for second place but lost a play-off in further competition.

Baseball

1972 proved to be a year of great spirit and determination for the Maverick baseball team. Head Coach Chuck Wilburn started off the season with long practices and emphasis on batting and fielding the ball.

Although they only won seven of the twenty-one games the record does not show the hard work put into the season. With the talented players of this year along with the new ones coming up, the Mavericks are assured of a winning season.

Track

The Marshall Maverick track team this past year displayed their fine ability and speed under the leadership of Coach William Daniels. The tracksters won honors in district competition in the mile run and the hundred yard dash. Leo Gatson won the mile run with a miraculous district winning time of 4 min. 16 seconds while Leonard Jones also won top honors in the 100 yard dash with another district mark of 9.9 seconds. The track team is expecting to have more athletes in regional competition this year as Jones, Monigold, Culberson and many other fine prospects will be back for this season.

Being editor of the Maverick has been the greatest and most rewarding experience of my high school life. I only regret that the end has come so soon. I thank all the Maverick Staff and our sponsor for being so helpful. The work has been hard but the reward is so great that no one minded the struggles and problems. To many of us it's goodbye to a life together known for four years. But it's also hello to a new world with new problems and new friends to guide us. I only hope the 1973 Maverick will always keep the departing Seniors of '73 together even though some of us may never meet again. Good luck to all wherever the future may lead.
